

The background of the entire cover is a photograph of the interior of Antelope Canyon. The walls are composed of smooth, undulating sandstone that has been eroded into flowing, ribbon-like shapes. The lighting is dramatic, with warm, golden-orange light filtering through narrow openings, creating a series of bright, curved highlights and deep, shadowed recesses. The overall effect is one of organic, flowing beauty and depth.

Transformation The Heart Of Pauls Gospel Snapshots Volume 1:

Paul's Visual Piety J. M. F. Heath, 2013-05-02 This book is at the interface between Visual Studies and Biblical Studies and is the only monograph to date on St Paul's visual piety Heath argues that biblical scholarship has downplayed this worldly visibility in Christian culture and that the exegesis of Paul is both a partial cause and a symptom of this disciplinary blind spot

Transformation David A. deSilva, 2014-09-18 The gospel is often presented as little more than a get out of hell free pass But is that all there is to it What made it so compelling that the Apostle Paul would give up everything enduring hardships and deprivation to preach good news David deSilva argues that some Christians have unintentionally reduced the gospel to a message Paul would hardly recognize The gift of righteousness is far richer than many of us have dared to imagine In *Transformation The Heart of Paul's Gospel* deSilva examines the gospel message as presented in Paul's letters He demonstrates that Paul had nothing less than in mind than the means to transform and renew all of creation including ourselves Prepare to let Paul's message of change and renewal transform your own thinking
