Yitzhak Nakash

Transnational Shia Politics Religious And Political Networks In The Gulf Columbiahurst:

Transit States Abdulhadi Khalaf, Omar AlShehabi, Adam Hanieh, 2014-11-20 There are vast swathes of people in economic migration across the Gulf states today In total Saudi Arabia Kuwait Bahrain United Arab Emirates Oman and Qatar form the largest destination for labour migration in the global South This book studies the impact of this mass migration and its effect on citizenship and workers rights *Transit States* considers how the transitory labour power these workers provide creates an extraordinary development boom that impacts neighbouring countries The majority of the working population is therefore composed of migrant workers with no citizenship rights The Gulf takes a central place in growing debates around migration and labour in the global economy *Transit States* confronts the precarious working conditions of migrants in an accessible yet in depth manner

Transnational Shia Politics Laurence Louër, 2008 This timely book illuminates the historical origins and present situation of militant Shia transnational networks by focusing on three key countries in the Gulf Kuwait Bahrain and Saudi Arabia whose Shia Islamic groups are the offspring of Iraqi movements The reshaping of the areas geopolitics after the Gulf War and the fall of Saddam Hussein in April 2003 have had a profound impact on transnational Shiite networks pushing them to focus on national issues in the context of new political opportunities *Shiism and Politics in the Middle East* Laurence Louer, 2021-12-01 There exists a tendency to explain away much of Shiite politics in the Middle East as inextricably linked to Iranian foreign policy Laurence Louer challenges this view arguing that in the end local political imperatives have been the crucial factor determining the direction of Shiite states in the Middle East *Sunnis and Shi'a* Laurence Louër, 2020-02-04 This book is a historical and sociological reading of the relation between Sunnis and Shias from the inception of the dispute for Mohammed's succession until today It is divided in two parts The first part offers a comprehensive history of the divide It shows how Shiism was during much of the Middle Ages the main contestation ideology of the caliphate but also how Sunnism and Shiism converged as Shiism progressively ceased to be an esoteric and politically radical doctrine to espouse a number of tenets of mainstream Islam It shows the political dynamics that runs beneath theological debates and in particular how the Sunni Shia conflict was revived when the Safavids made Shiism an official state religion on the model of Sunnism On the contrary when faced with the colonial challenge Sunni and Shia reformists closed ranks and collaborated The second part of the book offers a socio historical account of some national contexts in which the Sunni Shia divide shapes the society and the politics Iraq Bahrain Pakistan Saudi Arabia Iran Yemen and Lebanon It shows that in each of these countries the sectarian divide is shaped by very specific historical and social circumstances Sunni and Shia identities are associated with ethnic regional statutory and economic identities In most cases the relations between Sunnis and Shias are shaped by typical majority minority dynamics They can lead to conflict but dynamics of emulation often emerges from conflicts which are particularly obvious when Sunni and Shia Islamic movements compete **Guardians of Shi'ism** Elvire Corboz, 2016-03-31 Based on a political sociology of two families of religious scholars al Hakim and al Khu i

Elvire Corboz explains the internal workings of transnational leadership patterns in Shi'ism for the first time **Sectarian Politics in the Gulf** Frederic M. Wehrey, 2013-12-24 Beginning with the 2003 invasion of Iraq and concluding with the Arab uprisings of 2011 Frederic Wehrey investigates the Shi'a-Sunni divide now dominating the Persian Gulf's political landscape Focusing on three states affected most by sectarian tensions Bahrain Saudi Arabia and Kuwait Wehrey identifies the factors that have exacerbated or tempered sectarianism including domestic political institutions the media clerical establishments and the contagion effect of external events such as the Iraq civil war and the Arab uprisings In addition to his analysis Wehrey builds a historical narrative of Shi'a activism in the Arab Gulf since 2003 linking regional events to the development of local Shi'a strategies and attitudes toward citizenship political reform and transnational identity He finds that while the Gulf Shi'a were inspired by their coreligionists in Iraq Iran and Lebanon they ultimately pursued greater rights through a non-sectarian nationalist approach He also discovers that sectarianism in the Gulf has largely been the product of the institutional weaknesses of Gulf states leading to excessive alarm by entrenched Sunni elites and calculated attempts by regimes to discredit Shi'a political actors as proxies for Iran Iraq or Lebanese Hizballah Wehrey conducts interviews with nearly every major Shi'a leader opinion shaper and activist in the Gulf Arab states as well as prominent Sunni voices and consults diverse Arabic language sources **Sectarian Politics in the Persian Gulf** Lawrence G. Potter, 2013 Sunni-Shia relations in the GCC countries are analysed by the contributors in the wake of recent protests in Bahrain Saudi Arabia and elsewhere This book examines sectarian politics in the Persian Gulf and considers the origins and consequences of sectarianism broadly construed as it affects ethnic tribal and religious groups Religious Authority and Political Thought in Twelver Shi'ism Hamid Mavani, 2013-06-26 Ranging from the time of the infallible Imams to the contemporary era this book provides a comprehensive overview of Shi'i religious and political authority focusing on Iran and Lebanon without limiting the discourse to Khomeini's version of an Islamic State Utilising untapped Arabic and Persian sources Hamid Mavani provides a detailed nuanced and diverse theoretical discussion on the doctrine of leadership Imamate in Shi'ism from traditional theological philosophical and mystical perspectives This theoretical discussion becomes the foundation for an analysis of the transmission of the Twelfth Imam's religious and political authority vis-à-vis the jurists during his Greater Occultation Bringing the often overlooked diversity within the Shi'i tradition into sharp focus Religious Authority and Political Thought in Twelver Shi'ism discusses what constitutes an Islamic state if there is such a notion as an Islamic state Hamid Mavani further explores the possibility of creating a space for secularity facilitating a separation between religion and state and ensuring equal rights for all This book argues that such a development is only possible if there is a rehabilitation of ijtihad If this were to materialise modern religious social economic political and cultural challenges could be addressed more successfully This book will be of use to scholars and students with interests ranging from Politics to Religion to Middle East Studies

Reaching for Power Yitzhak Nakash, 2006 As the world focuses on the conflict in Iraq the most important political

players in that country today are not the Sunni insurgents. Instead, they are Iraq's Shi'i majority, part of the Middle East's ninety million Shi'i Muslims who hold the key to the future of the region and the relations between Muslim and Western societies. So contends Yitzhak Nakash, one of the world's foremost experts on Shi'ism. With his characteristic verve and style, Nakash traces the role of the Shi'is in the struggle that is raging today among Muslims for the soul of Islam. He shows that, in contrast to the growing militancy among Sunni groups since the 1990s, Shi'is have shifted their focus from confrontation to accommodation with the West. Constituting sixty percent of the population of Iraq, they stand squarely at the center of the U.S. government's attempt to remake the Middle East and bring democracy to the region. This groundbreaking book addresses the crucial importance of Shi'is to the U.S. endeavor. Yet it also alerts readers to the strong nationalist sentiments of Shi'is, underscoring the difficult challenge that the United States faces in attempting to impose a new order in the Middle East. The book provides a comprehensive historical perspective on Shi'ism, beginning with the emergence of the movement during the seventh century, continuing through its rise as a political force since the Iranian Islamic Revolution of 1978-79 and leading up to the Iraqi elections of January 2005. Drawing extensively on Arabic sources, this comparative study highlights the reciprocal influences shaping the political development of Shi'is in Iraq, Saudi Arabia, Bahrain, and Lebanon, as well as the impact of the revival of Shi'ism on the larger Arab world. The narrative concludes with an assessment of the risks and possibilities arising from the assertion of Shi'i power in Iraq and from America's attempt to play an increasingly forceful role in the Middle East. A landmark book and a work of remarkable scholarship, *Reaching for Power* illuminates the Shi'a resurgence amid the shifting geopolitics of the Middle East.

[Beyond Sunni and Shia](#) Frederic Wehrey, 2018-02-01. This collection seeks to advance our understanding of intra-Islamic identity conflict during a period of upheaval in the Middle East. Instead of treating distinctions between and within Sunni and Shia Islam as primordial and immutable, it examines how political economy, geopolitics, domestic governance, social media, non- and sub-state groups, and clerical elites have affected the transformation and diffusion of sectarian identities. Particular attention is paid to how conflicts over distribution of political and economic power have taken on a sectarian quality and how a variety of actors have instrumentalized sectarianism. The volume, covering Syria, Iraq, Lebanon, Saudi Arabia, and the Gulf, Iran, and Egypt, includes contributors from a broad array of disciplines, including political science, history, sociology, and Islamic studies. *Beyond Sunni and Shia* draws on extensive fieldwork and primary sources to offer insights that are empirically rich and theoretically grounded but also accessible for policy audiences and the informed public.

Getting the books **Transnational Shia Politics Religious And Political Networks In The Gulf Columbiahurst** now is not type of challenging means. You could not and no-one else going gone books increase or library or borrowing from your contacts to way in them. This is an enormously simple means to specifically acquire guide by on-line.
