CONTEMPORARY RELEVANCE OF ISLAMIC THOUGHT THIRD EDITION (IIUM PRESS) Thameem Ushama, 2025-08-05

This book analyzes selected key issues in Islamic thought and its contemporary relevance. It is an attempt to conform to the mission of the Department of Usul al Din and Comparative Religion of the International Islamic University Malaysia which is committed to the Relevantisation of Islamic heritage in addition to the Islamicisation of Human Knowledge. Ideals And Realities: Selected Essays Of Abdus Salam (3rd Edition) Azim Kidwai, Choy Heng

Lai, 1989-12-01. The latest edition of *Ideals and Realities* includes some of the most recent talks given by Professor Abdus Salam. They replace a few essays which were published in the second edition. An attempt has also been made to update some of the figures rendered obsolete with the passage of time. **Social and Political Thought of Julius Evola** Paul

Furlong, 2011-04-21. Julius Evola's writing covered a vast range of subjects from a distinctive and categorical ideological outlook and has been extremely influential on a significant number of extreme right thinkers, activists and organisations. This book is the first full-length study in English to present his political thought to a wider audience beyond that of his followers and sympathisers and to bring into the open the study of a neglected strand of contemporary Western thought that of traditionalism. Evola deserves more attention because he is an influential writer. His following comes from an important if largely ignored political movement, activists and commentators whose political positions are like his: avowedly traditionalist, authoritarian, anti-modern, anti-democratic and anti-liberal. With honourable exceptions, contemporary academic study tends to treat these groups as a minority within a minority, a sub-species of Fascism from whom they are held to derive their ideas and their support. This work seeks to bring out more clearly the complexity of Evola's post-war strategy so as to explain how he can be adopted both by the neo-fascist groups committed to violence and by groups such as the European New Right whose approach is more aimed at influence from within liberal democracies. Furlong also recognises the relevance of Evola's ideas to anti-globalisation arguments, including a re-examination of his arguments for detachment and spontaneism, apolitica
