Dintino, 2021-06-21 The novel of a Snake Priestess in Bronze Age Crete, who through a series of trance visions witnesses the history of modern women. This is an updated second edition of the title. In the community of Minoa in Bronze Age Crete, the Snake Goddess is a potent force that humans interact with. The priestesses engage in trance journeys brought on by controlled ingestion of snake venom. Through trance, they gather prophetic information for the community. When Aureillia, a Snake Priestess of Minoa, begins having visions of an unspeakable evil, her simple life is thrown into turmoil. Her Bronze Age community of Crete, ruled by the cycles of the moon, will soon be affected by another force. Visions of the future lead Aureillia to a loss of innocence and the discovery of her extraordinary powers. Dintino weaves a fast-moving narrative of intrigue and suspense as she recreates the culture of Minoan Crete, where the Goddess, sensuality, and beauty are venerated. Highly recommended, a gorgeously written tale of love and personal evolution. The imagery in the book is incredible, and I found it spellbinding. If you ever wondered what it might be like to be a Minoan Snake Priestess, Dintino takes you there intimately. If you want to experience a time when women were empowered and humans lived in balance with the earth, read this book. **Hearings, Reports and Prints of the Senate Committee on the Judiciary** United States. brings people together to find hope and solidarity What do we owe each other as citizens and comrades Questions of care intimacy education meaningful work and social engagement lie at the core of our ability to understand the world and its possibilities for human flourishing In *Lean On Me* feminist thinker Lynne Segal goes in search of hope in her own life and in the world around her She finds it entwined in our intimate commitments to each other and our shared collective endeavours Segal calls this shared dependence radical care In recounting from her own life the moments of motherhood and of being on the front line of second wave feminism she draws upon lessons from more than half a century of engagement in left feminist politics with its underlying commitment to building a more egalitarian and nurturing world The personal and the political combine in this rallying cry to transform radically how we approach education motherhood and our everyday vulnerabilities of disability ageing and enhanced needs Only by confronting head on these different forms of interdependence and care can we change the way we think about the environment and learn to struggle together against impending climate catastrophe
