This Fleeting World A Short History Of Humanity:

This Fleeting World David Christian, 2018-06-24 This *Fleeting World* is the smallest book of big history telling the story of the universe and history of humanity in less than one hundred pages Prize winning historian David Christian covers it all in this compact accessible and inspiring guide to the history of everything from stars and empires to cities the World Wide Web capitalism and globalization David Christian's approach to human history and big history is a call to action based on a profound and fresh understanding of our place in the universe This book is essential reading for our time David Christian asks big questions Will contemporary challenges will lead to the emergence of a new global system capable of ecological economic and political stability Or is the accelerating pace of change a prelude to a sudden sharp collapse that will drive many parts of the world back to the productivity levels of the early agrarian era He presents our origin story and the history of women and men across the entire world within the framework of the universe explaining for example that the chemicals we are made of come from supernovae He tells the human story as a story of changes changes in the ways we produce and distribute food move from place to place organize ourselves into communities explore and populate our environment and both create and respond to crises He gives us maps of time history on different temporal spatial scales and even offers paths to locate evidence that might challenge his big story Big history leads to strategies for building a more sustainable world and Berkshire Publishing is proud to offer this new edition of a big history for our common future The 2018 edition has been expanded and updated for the general reader there is also an earlier edition designed for use with AP World History and other courses which included a teachers guide

This Fleeting World David Christian, 2008 Presents an overview of the history of the human race from its earliest beginnings as foragers to our current state as modern beings

This Fleeting World David Christian, 2011-07-08 A great historian can make clear the connections between the first Homo sapiens and today's version of the species and a great storyteller can make those connections come alive David Christian is both and This *Fleeting World A Short History of Humanity* makes the journey from the earliest foraging era to our own modern era a fascinating one Enter This *Fleeting World* and give up the preconception that anything old is boring I first became an avid student of David Christian by watching his course Big History on DVD so I am very happy to see his enlightening presentation of the world's history captured in these essays I hope it will introduce a wider audience to this gifted scientist and teacher Bill Gates

Teaching Big History Richard B. Simon, Mojgan Behmand, Thomas Burke, 2015 Big History is a new field on a grand scale it tells the story of the universe over time through a diverse range of disciplines that spans cosmology physics chemistry astronomy geology evolutionary biology anthropology and archaeology thereby reconciling traditional human history with environmental geography and natural history Weaving the myriad threads of evidence based human knowledge into a master narrative that stretches from the beginning of the universe to the present the Big History framework helps students make sense of their studies in all disciplines by illuminating the structures that underlie the

universe and the connections among them Teaching Big History is a powerful analytic and pedagogical resource and serves as a comprehensive guide for teaching Big History as well for sharing ideas about the subject and planning a curriculum around it Readers are also given helpful advice about the administrative and organizational challenges of instituting a general education program constructed around Big History The book includes teaching materials examples and detailed sample exercises This book is also an engaging first hand account of how a group of professors built an entire Big History general education curriculum for first year students demonstrating how this thoughtful integration of disciplines exemplifies liberal education at its best and illustrating how teaching and learning this incredible story can be transformative for professors and students alike

Food Cults Kima Cargill, 2016-12-01 What do we mean when we call any group a cult Defining that term is a slippery proposition the word cult is provocative and arguably pejorative Does it necessarily refer to a religious group A group with a charismatic leader Or something darker and more sinister Because beliefs and practices surrounding food often inspire religious and political fervor as well as function to unite people into insular groups it is inevitable that food cults would emerge Studying the extreme beliefs and practices of such food cults allows us to see the ways in which food serves as a nexus for religious beliefs sexuality death anxiety preoccupation with the body asceticism and hedonism to name a few In contrast to religious and political cults food cults have the added dimension of mediating cultural trends in nutrition and diet through their membership Should we then consider raw foodists many of whom believe that cooked food is poison a type of food cult What about paleo diet adherents or those who follow a restricted calorie diet for longevity Food Cults explores these questions by looking at domestic and international contemporary and historic food communities characterized by extreme nutritional beliefs or viewed as fringe movements by mainstream culture While there are a variety of accounts of such food communities across disciplines this collection pulls together these works and explains why we gravitate toward such groups and the social and psychological functions they serve This volume describes how contemporary and historic food communities come together and foment fanaticism judgment charisma dogma passion longevity condemnation and exaltation
