Richard Dotts

Thoughtless Magic And Manifestations Through Non Verbal Protocols:

Thoughtless Magic and Manifestations Richard Dotts, 2015-11-24 From the world's favorite manifestations author comes Thoughtless Magic and Manifestations Richard Dotts most advanced and groundbreaking work on manifestations to date In this latest book bestselling author and spiritual explorer Richard Dotts not only builds upon the fundamental premise which he has explored in his previous 23 international bestsellers but also takes the science of manifestations to a whole new level with his latest discovery of how various non verbal protocols can be used for effective manifestations Existing readers of Richard Dotts works will know that he has always advocated taking a light touch when it comes to manifesting our desired good The core of his teachings revolve around the timeless spiritual truth that a light intention when held purely in our consciousness is all it takes to create magic and miracles on the outside In turn how fast things manifest for us depends on the purity of our intentions and the calmness of our inner states Those who have trouble manifesting their desires usually find it difficult to purely ask for what they want without the corresponding intrusion of negative thoughts These counter intentions are the main reason why manifestations do not happen or are delayed for so many people While traditional techniques can help in the reprogramming of our beliefs the change process is usually slow and leads to considerable negative resistance For example repeating an affirmation about a desired positive outcome often throws up more negative feelings and sets up further counter intentions instead In Thoughtless Magic and Manifestations Richard guides readers through the thoughtless manifestations process for the first time in print a cutting edge inner technology which allows one to hold their desired intentions purely until they manifest on the outside Through the use of various non verbal protocols designed to manifest specific outcomes in life one is able to hold an extremely pure and laser focused intention for whatever they desire without also stirring up the corresponding negative feelings These non verbal protocols can be applied to various situations in life from solving problems manifesting wealth and financial abundance to achieving optimal physical health Richard also shows the reader how to create their own non verbal protocols for specific situations The thoughtless manifestations process represents an evolution in human consciousness and how we can use the power of our intentions to shape our reality When you learn how to hold your intentions through the thoughtless manifestations process you attract what you want purely while simultaneously silencing all negative thoughts and counter intentions that hinder the process What results is an extremely fast and in many cases instant manifestation of your physical desires Spontaneous Manifestations from Zero Richard Dotts, 2016-01-20 What if every single self help book you read including this one produces immediate and lasting results in your life What if there is a way to easily apply spiritual teachings and manifestation techniques from diverse sources to instantly dissolve longstanding problems challenges and roadblocks in your life Can you compress the time it takes for your physical manifestations from a few months to a few minutes or less In his latest book Spontaneous Manifestations From Zero the world's favorite manifestation author Richard Dotts lays the foundation by first

explaining the Magic Transformation Process Richard developed this process as an easy way for anyone to quickly integrate new spiritual teachings into their life and see fast results Drawing on his own personal experiences and struggles with interpreting these esoteric teachings the Magic Transformation Process bridges the gap between theory and practice by transforming any teaching into a form that is easily assimilated by our current belief system The result is a high level of personal effectiveness and greatly improved success rates when learning any spiritual or self help technique such as those intended for instant manifestation or spiritual healing Having laid this general groundwork for personal development Richard moves on to explain why manifestations are not about taking a piecemeal approach Many readers apply manifestation techniques in a piecemeal manner to fill up perceived voids in their lives But as Richard explains becoming an effective manifestor goes beyond just using these techniques when the need arises and neglecting them in other areas of your life To become an effective manifestor one needs to move towards an actual holistic living of this material at all levels of their being instead of merely understanding it theoretically To help readers do so Richard expands upon the concept of timeless manifestations which he originally introduced in his book *Playing In Time And Space* In this current book Richard takes readers through a powerful series of inner exercises to perceive our physical manifestations as the Universe sees it at a single point in time Most readers have a difficult time understanding why time and space boundaries do not matter to the Universe and how time is only a convenient illusion when it comes to our manifestations Through the steps described by Richard readers are guided to see why instant spontaneous manifestations are not just a fantasy but a definite possibility in our everyday experience Next Richard shares the Quick Statement Process a powerful technique that allows readers to cut through any negative feelings emotions or thoughts arising from particular situations in their own life These negative feelings often delay and hold our manifestations back which is why it is important that we break free from them as soon as possible The Quick Statement Process allows one to dissolve any negative feelings of doubt without the need for any logical rationalizations or psychoanalysis Just drop it and be done with them Readers are in for a treat as Richard rounds up the book by showing readers how to collapse their perceptions of time and space such that they are both living in their current reality and also a future reality where their desires are already manifest He shares his latest insights on why worrisome and fearful thoughts just cannot exist when we collapse the future into the now and live in a state of perpetual bliss This is the zero state from which spontaneous manifestations happen and you can live it today
