thrilling Black Magic series including The Devil Rides Out Strange Conflict and The Haunting of Toby Jugg If you ve not yet read Dennis Wheatley or wish to revisit three of his best known books this series starter provides the perfect introduction to the complete Black Magic Series of eleven titles The Black Magic series features one of Dennis Wheatley s best known characters the Duke de Richleau and deals with themes for which Wheatley is arguably most renowned Satanism and the occult In The Devil Rides Out the aristocratic Duke de Richleau faces new sinister challenges in this macabre tale of the dark arts When his good friend Simon Aron s na ve curiosity is tested the Duke along with his ever patient friends Rex Van Ryn and Richard Eaton must intricately plot a means of both physical and spiritual rescue But with Van Ryn s affections for a beautiful woman caught in the web of Satanists and Eaton s ongoing scepticism they all risk being brought to the verge of madness through dabbling with the powers of evil Strange Conflict finds London at war As the bombs fall the elderly Duke de Richleau is forced to consider a problem of the utmost urgency What methods are the Germans using to discover with sinister effect the secret routes of the Atlantic convoys His answer is bizarre and fantastic Could it really be that the enemy

are in touch with supernatural powers Can these powers only be overcome by those who have the knowledge and courage to join battle with them on the Astral Plane The Haunting of Toby Jugg is a stirring psychological thriller adapted into the movie The Haunted Airman starring Robert Pattinson Toby Jugg a fighter pilot shot down in combat is now confined to his bed with little hope of walking again He is also the heir to a considerable fortune a fortune that is being administered by a board of trustees until he comes of age But night after night out there in the moonlight Something is trying to get in at the bedroom window A huge malevolent Something Something not of this world Is Toby hallucinating Or is Something real and evil striving to reach him As one reviewer says this is a masterclass in how to write suspense **Index-catalogue of the**

Mann,1992 People have always been curious about the plants and animals with which they coexist Primitive cultures identified edible and poisonous plants by a process of trial and error and then began to exploit the toxic materials for hunting euthanasia executions and murder Other plants were found to have stimulatory or hallucinogenic effects these not only formed the basis of magico religious rites they also encouraged experimentation which led to the identification of plants with useful medicinal properties This absorbing account of the evolution of modern medicine from its roots in folk medicine will entertain and inform both scientist and general reader alike It explains the chemical basis of modern pharmacology and provides a fascinating description of how the use and abuse of natural products in various societies throughout the ages has led to the development of many of the drugs we now take for granted Many plant and animal species remain undiscovered and much native folk medicine has yet to be investigated Given the present wholesale destruction of many of the earth's wild places this book is particularly timely these potential sources of agents for murder magic and in particular medicine could soon be lost for ever *Black Magic* Robert Melville Baker,1900
