Hirsch, Jr.,2010-02-17 This paperback edition with a new introduction offers a powerful compelling and unassailable argument for reforming America s schooling methods and ideas by one of America s most important educators and author of the bestselling Cultural Literacy For over fifty years American schools have operated under the assumption that challenging children academically is unnatural for them that teachers do not need to know the subjects they teach that the learning process should be emphasized over the facts taught All of this is tragically wrong Renowned educator and author E D Hirsch Jr argues that by disdaining content based curricula while favoring abstract and discredited theories of how a child learns the ideas uniformly taught by our schools have done terrible harm to America s students Instead of preparing our children for the highly competitive information based economy in which we now live our schools practices have severely curtailed their ability and desire to learn With an introduction that surveys developments in education since the hardcover edition was published The Schools We Need is a passionate and thoughtful book that will appeal to the millions of people who can t understand why America s schools aren t educating our children *Critical Literacy* Eugene F. Provenzo,Michael W. Apple,2015-12-03 In Critical Literacy Eugene F Provenzo Jr challenges E D Hirsch s assumptions about culture and education Calling for a broader and more democratic vision than Hirsch Provenzo critiques Hirsch s legacy up through the current conservative educational agenda for education which he argues denies not only the

United States diversity but its democratic traditions of democratic participation His book shows why critical faculties and skills of students are essential not only to the success of individual students but to their participation in a healthy democracy Provenzo offers a list of 5 000 things every educated American ought to know none of them the same items as those included on Hirsch s list in Cultural Literacy Critical Literacy is essential reading for those concerned with our schools and the future of our children
