When Voices Detach Themselves:

Voices in the Media Gaëlle Planchenault, 2015-10-22 Verbal performances are often encountered in the media where they are used to embody characters or social archetypes Performed voices define the norm as well as the linguistic Others and by doing so circulate associated values and linguistic ideologies This book explores the idea that far from simply being exercises in verbal skill and flair performances of social ethnic or gendered voices in the media not only have the power to accomplish ideological work they are also sites of linguistic tension and negotiation Critically examining performances of French voices in the media this book raises the following questions How are repertoires of voices constructed and subsequently perpetuated in the media How do the stereotypic personae these voices contribute to build become familiar to national as well as transnational audiences How do such performed voices reproduce hegemonic ideologies of standard and non standard languages and participate in the perpetuation of social discriminations How are these performed voices commodified into cultural products of otherness that may later be reclaimed by stigmatized communities Following an innovative framework which allows for analysis of performances of varied voices and their impact in the media sphere *Voices in the Media* offers a new approach to the linguistics of media performance

Improvising the Voice of the Ancestors

Mustafa Coskun, 2020 Cultural heritage and national identity have been significant themes in debates concerning Central Asia following the dissolution of the Soviet Union not only in academic circles but more importantly among the general public in the newly independent Central Asian states Inspired by insights from a popular form of traditional cultural performance in Kyrgyzstan this book goes beyond cultural revival discourse to explore these themes from a historically informed anthropological perspective Based on fourteen months of fieldwork and archival research in Kyrgyzstan this historical ethnography analyses the ways in which political elite in Central Asia attempts to exercise power over its citizens through cultural production from early twentieth century to the present

Lives of the Voice Hans Ulrich Gumbrecht, 2025-04-15

When it comes to understanding the ontology of individual existence that is the everyday behaviors that we all perform and hardly ever think about the voice has a particularly complicated status Together with writing voice is the medium expressing ideas that broadly speaking we have previously formed in our minds At the same time voices trigger vague images and associations that do not have determinate forms Writing in both a personal and philosophical register Hans Ulrich Gumbrecht explores the complexity of the voice as an understudied philosophical social and existential phenomenon He starts out with a focus on its core intellectual problem as the knot of the voice referring to the inseparable proximity between meanings images and the physical perceptions on which they depend In conversation with Nietzsche Husserl Heidegger Derrida Lyotard Luhmann and above all Roland Barthes Gumbrecht addresses topics that range from the social functions of the voice to its status in different historical contexts and to the ways in which the perception of voices animates imagination Throughout incisive analyses of moments such as Julius Caesar s purportedly high pitched voice the surprisingly fragile

authority of God's voice in the Torah and in the Gospel and Gumbrecht's own personal attachment to the voices of popular singers such as Edith Piaf, Elvis Presley and Adele create a portrait of the voice that is both philosophically challenging and entertaining to read The Many Voices of Pilgrimage and Reconciliation. CABI Religious Tourism and Pilgrimage Series

Ian S McIntosh, Lesley D Harman, 2017-10-27 Reviewing peace and reconciliation, secular pilgrimages and international perspectives on sacred journeys, this book offers the reader an opportunity to encounter multiple voices and viewpoints on one of the most ancient practices of humankind. With an estimated third of all international travellers now undertaking journeys anticipating an aspect of transformation, the hallmark of pilgrimage, this book includes both spiritual and non-spiritual voyages such as journeys of self-therapy, mindfulness and personal growth. An innovative and engaging addition to the pilgrimage literature, this book provides an important resource for researchers of religious tourism and related subjects.

Voice, Speech and Gesture: a Practical Handbook to the Elocutionary Art ... Robert D. Blackman, 1904 *In the Clouds* Mary Noailles Murfree, 1886 **Student-Centered Voice Pedagogy** Matthew Hoch, Jeanne Goffi-Fynn, 2025-10-30

This cutting-edge volume brings together educational research and practical strategies to align voice pedagogy with the twenty-first-century teacher and student. Using a student-centered focus as a philosophical foundation, the book offers a blueprint for developing an inclusive approach when working with singers and cultivating a healthy mindset for vocal performance and learning across all genres. Chapters review concepts geared toward best practices for teaching and learning in the applied studio environment. Specific strategies consider the changing landscape of the vocal world as well as changes the voice encounters as it evolves over the course of a lifetime. Part one provides insight into the practice of student-centered teaching and learning, while the part two shares insights from different educational contexts, including working with trans singers, choral versus solo singing, and fostering a culturally responsive approach in the studio. Blending the academic worlds of education, voice science, and musical performance allows for opportunities to find commonalities in practice and encourages an open-minded and growth-oriented approach to voice pedagogy. As the voice changes across a lifetime, so does the informed pedagogue who evolves and develops as a practitioner. *Voices in the Evening* Natalia Ginzburg, 2021-05-04
