Giuseppe Verdi's Aida Giacomo Puccini's Madama Butterfly Pietro Mascagni's Iris and others Orientalism and the Operatic World argues that any close study of the history of Western opera in the end fails to support the notion propounded by Said that Westerners inevitably stereotyped dehumanized and ultimately sought only to dominate the East through art Instead Tarling argues that opera is a humanizing art one that emphasizes what humanity has in common by epic depictions of passion through the vehicle of song Orientalism and the Operatic World is not merely for opera buffs or even first time listeners It should also interest historians of both the East and West scholars of international relations and cultural theorists

Chasing the Sea Tom Bissell, 2007-12-18 In 1996 Tom Bissell went to Uzbekistan as a naive Peace Corps volunteer Though he lasted only a few months before illness and personal crisis forced him home Bissell found himself entranced by this remote land Five years later he returned to explore the shrinking Aral Sea destroyed by Soviet irrigation policies Joining up with an exuberant translator named Rustam Bissell slips more than once through the clutches of the Uzbek police as he makes his often wild way to the devastated sea In *Chasing the Sea* Bissell combines the story of his travels with a beguiling chronicle of Uzbekistan's striking culture and long history of violent subjugation by despots from Jenghiz Khan to Joseph Stalin Alternately amusing and sobering this is a gripping portrait of a fascinating place and the debut of a singularly gifted young writer
