each Rule is an editorial commentary on the Rule explaining how the Rule works what the Texas courts have said about the Rule and how it compares with the Federal Rule because Texas courts often review federal precedent where they find it helpful in applying a Texas Rule When appropriate practical pointers are also provided on how to use the Rule Where the Rules apply in the same fashion for both civil and criminal cases those points are discussed together On the other hand where they diverge the authors have used separate headings for Civil and Criminal when that seems appropriate One of the objectives of the Editorial Analysis in this text is to deal with the interrelationships of the various Rules The authors have noted those areas where the Rules differ from pre Rules case law or statutory provisions Some of the Rules changed the prior Texas evidence law and although many of the Texas Rules agree with the Federal Rules a number differ significantly
