## **Vacation Decision Making Vacation Decision Making:**

*Vacation Decision Making* Alain Decrop, 2006 This book explores the complex decision making processes involved in choosing and buying tourism products and services It combines a theoretical overview of the basics of tourist behaviour and decision making with the results of an in depth qualitative study of vacationers It considers both the generic decision to go on vacation or not and more specific travel decisions such as destination and accommodation type from an individual and social point of view It looks at how when and why such decisions are made and the factors that influence the final outcome The book concludes by rejecting existing tourist typologies in favour of a new typology of vacationers
