You're So Clumsy Charley:

You're So Clumsy Charley Jane Binnion, 2017-01-31 Charley always seemed to get into trouble though he didn't mean to. He was getting fed up of going to school because he felt different from most of the other kids. Then he met his Aunt Bella and everything changed. This illustrated children's story explains what it feels like to be a child who is different from other children. Charley seems to keep getting into trouble all the time for doing things wrong. While not labelled in the story, Charley has a specific learning difficulty. In particular, he shows dyspraxia, also known as a Developmental Coordination Disorder, tendencies such as clumsiness. It is Charley's specific learning difficulty that makes him feel different and therefore unhappy at school because he doesn't understand it. Thankfully, when Charley learns he is not alone, things begin to get better for him. This book can be used with young children to discuss how neurodiversity, e.g. dyspraxia, dyslexia, ADHD, and Asperger's Syndrome, is not a bad thing and that in fact it can have its strengths. This illustrated book helps parents, teachers, and other adults who support children have a non-threatening discussion about specific learning difficulties with children of primary school age. Children find it easier to relate to and discuss the character in the story rather than have all the attention focused on them. Using the book as a catalyst for discussion, adults can use the illustrated story at home or in school with children who have a specific learning difficulty or exhibit tendencies of one. Teachers can use the book to help classmates better understand their peers who may struggle with some things others don't, e.g. as illustrated by Charley's clumsiness in this story. Similarly, parents can use the book to help children better understand family members. You're So Clumsy Charley was originally published under the Funky Gerbil imprint in 2013. This Second Edition has had a change of typeface along with the inclusion of some additional information for teachers/adults. This revised edition has been moved over to the Your Stories Matter imprint under the same publisher. Charley was written by someone who is herself dyspraxic and is based on both her own and her daughter's experiences of being misunderstood. She wanted to help those children who continue to remain misunderstood. As with all of its books, the publisher aims to help people know they are not alone with what makes them different. If a young person or adult can relate to a story, it gives them hope and encourages them to share their concerns. The publisher aims to provide free teaching resources for all of its books that can be used in schools to help improve understanding and celebrate differences.

Emily's Sister Michele Gianetti, 2017-01-31 Emily's sister is different from other children she knows. She seems to struggle with things most of us just do naturally. In this delightfully illustrated story based upon real family experiences, Emily discovers how to understand and help her sister live a happier life. This story, written by the parent of a child with Dyspraxia and Sensory Processing Disorder (SPD), paves the way for parents, teachers, and medical professionals to discuss these specific learning difficulties with children aged around 7-9. Unlike most other books on the subject, this book has been written from a child's perspective, enabling young people to ask questions of the story in a non-threatening way and encouraging them to discover how it relates to them. This book can be shared with children having

special needs their family or their classmates As with all of its books the publisher Your Stories Matter aims to help people know they are not alone with what makes them different If a young person or adult can relate to a story it gives them hope and encourages them to share their concerns The publisher aims to provide free teaching resources for all of its books that can be used in schools to help improve understanding and celebrate differences **Let's Follow Noah** Christy

Savely,2017-12-15 Noah is not like most children He doesn't like doing things that are loud or fast He is happy just doing his own thing So let's follow Noah and see what he likes to do This picture book is a warming story of acceptance that some of us are different and like to do different things While the book was specifically written to raise awareness of autism from the point of view of a young child as it avoids labels it can be used to help open up a discussion with any young child about what it means to be different Written by a hands on grandmother of a young child called Noah who has autism the goal of this book is to increase acceptance of autistic behaviour by showing that it is unnecessary to try to force children with autism to do what everyone else is doing The reasons a child with autism may not want to do the same things as their peers can be complex but include being overwhelmed by sensory input In the story we see that Noah is happy doing his own thing and in fact later discover that other kids in the park have actually been following and copying him all along because Noah's interests intrigued them Thus the purpose of the book is to raise awareness and understanding of autism among children particularly in schools so that they are more accepting of autistic behaviour As with all of its books the publisher Your Stories Matter aims to help people know they are not alone with what makes them different If a young person or adult can relate to a story it gives them hope and encourages them to share their concerns The publisher aims to provide free teaching resources for all of its books that can be used in schools to help improve understanding and celebrate differences *The Back to Front World of Azzie Artbuckle* Beth Montgomery,2017-01-31 Azzie doesn't really like school If she could spend every day drawing painting and making stuff things would be great But she can't The teachers make her do other stuff This nearly always means she has to read from the board a worksheet or a text book The trouble is she really struggles to read letters words and numbers This makes her feel stupid But she knows she isn't If only she could tell someone This illustrated children's story explains what it feels like to be a child who finds it difficult to read When Azzie discovers she has Dyslexia life begins to get easier for her and everyone around her This book can be used to thoughtfully discuss Dyslexia and related learning difficulties with children This book has been written from the point of view of a child who feels misunderstood She finds it very difficult to read which makes school life a struggle She feels stupid even though she is clever and creative She gets told off for messing around when the truth is she can't do what is asked of her because she has a specific learning difficulty This illustrated book helps parents teachers and other adults who support children have a non threatening discussion about dyslexia with children of primary school age Children find it easier to relate to and discuss the character in the story rather than have all the attention focused on them Using the book as a catalyst for discussion adults can use the illustrated story at

home or in school with children who have dyslexia or exhibit dyslexic tendencies Teachers can use the book to help classmates better understand their peers who may struggle reading Similarly parents can use the book to help children better understand family members This book was written and illustrated by someone who is herself dyslexic and is based on her own life She wanted to do something to help children who years later are still facing the same lack of understanding in school As with all of its books the publisher Your Stories Matter aims to help people know they are not alone with what makes them different If a young person or adult can relate to a story it gives them hope and encourages them to share their concerns The publisher aims to provide free teaching resources for all of its books that can be used in schools to help improve understanding and celebrate differences Vera McLuckie and the Daydream Club Jane Evans, 2017-01-31 Vera McLuckie hates school Mainly because she struggles with stuff the other kids find easy Oh and because she keeps getting into trouble for doing what she is really good at Daydreaming So when Vera gets the chance to show just how extraordinary she is will she dare take on the coolest smartest girl in the whole of Acorn Bank Primary This is a children's story whose main characters happen to have Dyspraxia Dyslexia and Asperger's not made explicit Will relate to children who feel different and left out at school The book's real purpose is one of catalyst to help parent and teacher discuss with children in a respectful way what it is like to have a learning difficulty This book works on several levels It is a lovely story in itself that most children will relate to dealing as it does with lack of self belief peer pressure and the bullying that goes along with not necessarily being the most popular kid in class These issues can be readily picked up in school and discussed in circle time and PSHE citizenship lessons But it goes deeper Whilst not named in the book explicitly the three main characters exhibit dyspraxic dyslexic and autistic Asperger's Syndrome tendencies respectively So the story can be used by parents and teachers as a catalyst for discussing what it is like to have a learning difficulty In schools teachers can use the book on a one to one group or class basis to help raise awareness and improve well being Both author and illustrator are keen to raise awareness of specific learning difficulties in a way accessible to children The illustrator is herself autistic The publisher Your Stories Matter is dedicated to publishing books that share experiences improve understanding and celebrate differences To this end it provides free cross curricula teaching resources with all of its books at www.yourstoriesmatter.org *Wellbeing Champions: A Complete Toolkit for Schools* Alison Waterhouse, 2020-09-22 This book shows how to create a mentally healthy school by empowering young people to champion emotional wellbeing and positive mental health It provides a practical toolkit to recruit and train Wellbeing Champions so that they can help to create an ethos and culture of positive mental health that ensures early access to the support and help needed It explains how by focusing on emotions selfcare resilience communication and support systems schools can identify what's working well and address areas for development The detailed and user friendly resources support every stage and include lessons and activities supervision and training sessions risk assessments application forms feedback forms and certificates Wellbeing Champions is for primary and secondary

Witches Three the Complete Series (A Romantic Supernatural Witch Mystery) Daigle Rae Humphrey, 2021-01-12 We Witches Three the Complete Series A Romantic Supernatural Witch Mystery eBook Series William was a vampire She was a human A witch but still human And William had a strict no dating humans policy A young man entered the kitchen Good morning Michael said the vampire to the young man who was Melinda's twenty three year old brother Michael was about to reply when a voice startled them from the hallway behind them Charlie Melinda raced past Michael and jumped into her eldest brother's flannel covered arms He was not just older than her and Michael but much larger too A broad shouldered rugged man of twenty six Hiya Kiddo Ugh you reek she choked out sarcastically That's what happens when you take a three day fishing trip Charlie said letting her slide back down to the floor I had to come home before the full moon His words

meaning if it wasn't rising soon I'd still be gone. It's just nice to have you back in the house again. Which just proves my point that you're still not getting out enough. Sis, don't start with me again about that. I'm getting out plenty. Remember that date I went on like a month ago? Her voice trailed as she recalled the date had actually been over two months previous. My point exactly. Charlie poked her side affectionately. He grabbed a mug of coffee and nodded toward his brother Michael, who refused to return the gesture Charlie had hoped to avoid another argument so soon after arriving home. As it turned out, Michael didn't feel like arguing either. Meeting Emily for coffee, he explained promptly leaving. Why does he have to be so darn stubborn? Melinda snorted. Um, gee, maybe because he's a Howard. Exactly. He is a Howard, and like it or not, we have a responsibility to uphold. Michael gets that. Charlie. Melinda cut him off before his rant continued. He's just not as accepting of his fate as we are, she added dramatically. We don't get to make that choice. Melinda. Charlie stated it with finality. *Tough Issues, Good Decisions - Stories and Writing Prompts* Lillian R. Putnam, Eileen M. Burke, 2002-03-11.
