Brady, 2014-04-02 From Kansas to Kathmandu from mountain to beach jungle to city street jail to monastery palatial estate to park bench psychopaths to gurus from heart break and back to love again our journeyer met with all these and much more in this engrossing tale of not just travel but of a life consciously unfolding Casting his fate to the wind he set out with little money but a shaky confidence that he d find ways and means of survival when his bankroll hit bottom which didn t take long Being

carried by a strong desire and determination to see the world he persevered melting obstacles with an ability to spot an opportunity or to sink into or to wait out a situation Choosing to shun scamming smuggling or fruit picking in favor of creative and artistic means to earn his living he kept some cash in his pocket most of the time And by endeavoring to do only what he enjoyed doing and to keep company only with those of whom he had a high regard he found in this an all round viable formula that proved to work well for most everything in general During lengthy stretches in villages jungles and beaches of Central America and with nomads of the Moroccan Sahara sand dunes a family of wandering spiritual sadhus on the banks of the Ganges in India holding a position as cook and general manager in a charming backpacker hotel in Kabul Afghanistan after crossing that country by horseback Thus more than mere survival he thrived refusing to regard his own lack of funds as poverty Throughout the journey his path would cross and intertwine with the people of his own leaning the hippies on the trail which during this era were legion Many mysterious interventions of destiny would arise presenting ranges of circumstance from idyllic to agonizingly stressful but all would impart valuable life lessons and rich experience to this seeker of anything and everything that would add to his accumulation of knowledge knowledge of being human of being alive He would add to his own involvements insightful observations of others whose existence differed greatly from his own and would treasure absolutely all of it as spiritual experience

Beyond any Limits Gerd Joe Fes, 2023-02-16 The novel is set in the period marked by the youth protest of the late 60s more precisely in the hippie and drug movement which was part of this also international youth revolt The main character of the story is named Tobias He joins this youth protest and gets involved in the drug and hippie movement around 1970 moves into a rural commune gains experience in free love consumes and deals psychoactive drugs especially hashish sometimes also LSD Tobias meets the attractive Nina She injects herself with heroin Tobias enters into a liaison with her and the two decide to take a trip together to Afghanistan India Nepal and Goa Nina manages to stop injecting heroin before they leave Overland with stops in Istanbul southern Turkey and Afghanistan among other places the two arrive in India There after a short stay in Amritsar the couple is first drawn to Kashmir where they make the acquaintance of a few Indian begging monks called sadhus At their invitation they accompany them to a remote and paradisiacal Himalayan valley There they witness the passing and burial of a wise Hindu guru They then travel on via Delhi the Taj Mahal and Varanasi to Kathmandu in Nepal On the way Tobias becomes seriously ill with a fever but recovers After their stay in Nepal the journey takes them via Surat and Bombay to Goa They stay in the hippie commune there for a few months until Nina becomes pregnant and they both decide to return to Europe Again via Delhi and Amritsar they reach Peshawar and then Kabul A side trip to Bamiyan and the lakes of Band e Amir is made They take some dope with them and smuggle it across the Afghan Persian and subsequent borders Once back in Europe a stop is made first in Istanbul and then in Dubrovnik In Dubrovnik they meet a traveling street juggler originally of Czech descent Nina suffers a miscarriage She and Tobias return to Germany via Italy In Germany they learn that their old house sharing community no

longer exists and that many of their former companions have left the movement which as a whole is showing signs of disintegration The paths of Nina and Tobias then separate at first tentatively and they look around for a new way to live

Odyssey Ananda G Brady,2013-02-27 From Kansas to Kathmandu from mountain to beach jungle to city street jail to monastery palatial estate to park bench from heart break and back to love again our journeyer met with all these and much more in this engrossing tale of not just travel but of a life consciously navigated At the outset however he d cast his fate to the wind with little money but a shaky confidence that he d find ways and means of survival when his bankroll hit bottom which didn t take long Being carried by a strong desire and determination to see the world he persevered opening doors with an ability to spot and sink into an opportunity or to melt an obstacle or disagreeable situation by some stroke of cleverness or by waiting it out Choosing to shun scamming smuggling or fruit picking in favor of creative and artistic means to earn his living he kept some cash in his pocket most of the time His experiences ranged from lengthy stays in villages tropical jungles and beaches with nomads of the Sahara and wandering spiritual sadhus in India to crossing Afghanistan by horseback Arriving in Kabul nearly broke he landed a position in a hotel as its cook and general manager All the while he thrilled in the high adventure of it all even while enduring several months in an Indian jail thus transcending mere survival by steadfastly refusing to regard his own lack of funds as poverty Throughout the journey his path would cross and intertwine with the people of his own leaning the hippies on the trail which during this era were legion Many mysterious interventions of destiny would arise presenting ranges of circumstance from idyllic to agonizingly stressful but all would impart valuable life lessons and rich insight to this seeker of anything and everything that would contribute to his accumulation of knowledge knowledge of being human of being alive He would add to his own involvements intuitive observations of others whose existence differed greatly from his own and would treasure absolutely all of it as spiritual attainment **Ten Years on the Hippie Trail**

Ananda G. Brady,2013-02-01 Millions of young people in the 70 s poured from their homelands to remote regions of the world filled with a pressing need to explore cultures where ages old spiritual traditions were still intact Places of particular interest or beauty had been discovered by early waves of explorers word spread and a chain of destinations gradually formed which spanned the globe the Hippie Trail Accompany our wayfarer and travel with him at his snail s pace as he moves overland from Latin America to Morocco Greece through Turkey Persia and Afghanistan to India often with only small bits of change in his pockets Experience his shaky beginnings as an insecure and lonely neophyte and grow with him as he evolves into a toughened and savvy navigator of far away lands Carried by his wits and many mystifying interventions of destiny he encountered and lived through a continuing succession of often profound life experiences This book reads nearer to a novel than travel log his relationships with the cast of real characters weave and tumble their stories are told along with his own Adventurous and introspective reading for the armchair voyager of all ages and background for the young foot soldiers out there on those same roads today Space Cake in Chicken Street Pauline Hyland,2009 Travelling Rough on the Hippie
