Rembrandt van Rijn Sarah Emily Miano, 2017-08-25 **Van Rijn** Sarah Emily Miano, Sjaak de Jong, M.V. Versluys, 2006

Wanneer een jonge uitgever in 1667 in Amsterdam de oude verarmde schilder Rembrandt van Rijn leert kennen raakt hij genutigeerd door de man zijn werk en zijn wereld **Rembrandt van Rijn** Sarah Emily Miano, 2007 Wie kein anderer konnte er Licht und Schatten auf die Leinwand bannen der holländische Maler Rembrandt van Rijn Die Autorin Sarah Emily Miano zeichnet aus fiktiven Tagebuchaufzeichnungen und Briefen collagiert ein Porträt des Meisters Biografisch woordenboek Gelderland, 1998 De Nieuwe taalgids, 1911 **De Nieuwe taalgids** Cornelis Gerrit Nicolaas Vooys, 1911 **Boekblad**, 1998 **Kultuurleven**, 1958 **A Living Landscape** Stijn Arnoldussen, 2008 Today half the Netherlands is below sea level Because of this water management is of key importance when it comes to maintaining present day habitation of the Dutch low lands In prehistory however large parts of the Dutch landscape were highly dynamic due to ongoing fluvial sedimentation Vast deltaic areas with ceaseless river activity formed the backdrop against which prehistoric occupation took place Although such landscapes may seem inhospitable the often excellently preserved archaeological evidence indicates that people lived in these lowlands throughout prehistory This book describes why Bronze Age farmers were keen to settle here and how these prehistoric communities structured the landscape around their house sites at various scales Using a vast body of evidence from several large scale excavations in the Dutch river area the author reconstructs the changes in the cultural landscape over time Starting from the Middle Neolithic changing preferences for settlement site locations and changes in domestic architecture are traced in detail to the Iron Age However for proper understanding of the cultural landscape not only settlements but also graves and patterns of object deposition and their landscape characteristics are discussed By using evidence from over 50 major excavations yielding over 300 house plans this book contains by far the richest data set on Dutch Bronze Age settlements Most of these results have not previously been published in English making this book of over 500 pages a true academic treasure for an international audience The in depth presentation of Bronze Age settlement sites as well as the critical discussion of models and premises current in later prehistoric settlement archaeology have an important relevance stretching beyond the Dutch lowland areas on which it is based The wealth of high quality Dutch data is presented as a synthesized yet well annotated narrative that rises above mere site interpretation even more so due to its landscape scale focus Therefore this book is a must have for those interested in later prehistoric cultural landscapes and settlement archaeology **Een jager in het woud** Maarten Doorman, 2023-03-22 Na de Brexit en met oorlog aan de oostgrens richt het oog zich opnieuw op de Frans Duitse as Kan deze tandem nog richting geven aan de toekomst van Europa en is de kloof uit het verleden definitief overbrugd Al is de ervijandschap sinds de laatste wereldoorlog verdampt de geschiedenis leert dat nationale vooroordelen en clichés diepgeworteld zijn Een jager in het woud voert de lezer aan de hand van muziek beeldende kunst film en literatuur door een pijnlijke geschiedenis van vier grootschalige gewapende conflicten Van de Frans Duitse
