Automatic Playback of the Demo Tune

Slide the [POWER/MODE] switch to the NORMAL position, set the [MASTER VOLUME] control to a position about half way between the MIN and MAX settings, and press the [DEMO] button.

The demo tune will continue playing until you press the [STOP] or [DEMO] button.

Playing in the Harmony Mode

When the PSR-19 is initially turned ON, voice number 00 (TRUMPET) is automatically selected and the HARMONY mode is turned OFF.

The HARMONY mode can be turned ON or OFF by pressing the [HARMONY] button.

In the HARMONY mode, playing single notes on the keyboard produces automatic two- or four-part harmony, depending on the selected voice. The HARMONY mode is most useful with SINGLE FINGER or FINGERED Auto Accompaniment, described later.

When HARMONY is turned OFF, you can play single notes as well as your own chords or harmonics on the keyboard.

- If a SPLIT voice is selected, harmony will not be applied to the lower voice even if the HARMONY mode is ON.
- Only single notes can be played when the HARMONY mode is ON — with the exception of the lower voice when a SPLIT voice is selected.
