Your God Is Too Small A Guide For Believers And Skeptics Alike:

Your God Is Too Small J.B. Phillips, 2012-03-20 This forty year old Christian classic and bestseller is a study group favorite this book challenges readers conventional views about God and encourages them to search for a meaningful redefinition of a higher power that is relevant to contemporary existence Your God is Too Small is a groundbreaking work of faith which challenges the constraints of traditional religion In his discussion of God author J B Phillips encourages Christians to redefine their understanding of a creator without labels or earthly constraints and instead search for a meaningful concept of God Phillips explains that the trouble facing many of us today is that we have not found a God big enough for our modern needs In a world where our experience of life has grown in myriad directions and our mental horizons have been expanded to the point of bewilderment by world events and scientific discoveries our ideas of God have remained largely static This inspirational work tackles tough topics and inspires readers to reevaluate and connect more deeply with a God that is relevant to current experience and big enough to command respect and admiration

Christian Faith in Our Time Paul Jersild, 2016-12-19 Jersild responds to a fundamental issue in the theology of the church what is the nature of our language in addressing the mysteries of our faith such as speaking of God or of the incarnation Advocating a modest theology in facing the mystery of God and acknowledging the impact of postmodern sensibilities he lifts up the metaphorical language of Jesus as the key to a responsible theology Jersild makes his case for a faith based imagination centering on the life death and resurrection of Jesus as God s man who brings a divine redemptive love to the human story Theology does not give us a line in the sand that divides the saved from the lost nor is it the truth that makes all other religions false This is a book for seekers as well as many church members who harbor questions and doubts about the church s theology

An Ecology of the Heart Duncan Forbes, 2023-05-10 Fairacres Publications 201 Terms such as climate grief and ecological anxiety describe the sadness and desolation triggered in many people in response to our changing climate What are we to do with this aching that is sometimes dull sometimes sharp Nowhere is immune from extreme weather events from physical suffering and even death How should we react to this These are questions that are central to every religious account of the world and its peoples This book looks at the insights that can be gained from the world s faith traditions particularly Christianity By considering the extent of the ecological crises that humanity faces this book discusses the new and searching questions that these crises raise for us and for our faith and how those questions reflect our approach to our environment and our responsibility in and for the world

The Scandal of the Kingdom Workbook Dallas Willard, 2024-10-15 What does it mean to live in the kingdom of God in our day to day lives A runaway son A woman s frantic search for a coin A farmer paying hired help Jesus relied on ordinary situations like these to communicate extraordinary truths about following after him Of course not everyone who heard Jesus parables understood what they meant Even the disciples at times had to ask Jesus to explain the point of a story that he had just told Jesus was always willing to explain the meaning to them and any others who sought to understand the

mysteries of God's kingdom He does the same for like minded seekers today The Scandal of the Kingdom Workbook based on the teachings of the late beloved author Dallas Willard will aid you in this kind of exploration of many of the parables that Jesus told Each lesson will help you understand the heart behind a parable how Jesus used it to communicate the realities of God and life in his kingdom and how it is still revolutionary even scandalous in showing you the way in which God invites you to lead your life This workbook is designed for use with The Scandal of the Kingdom by Dallas Willard Each of the fifteen lessons in this workbook include these sections Hearing What Jesus Said The truths that Jesus was revealing Thinking About What Jesus Said How those truths apply to you Responding to What Jesus Said What actions to take Mere Catholicism Daniel Agatino, 2018-12-08 From the Author C S Lewis Mere Christianity is the obvious inspiration for the title of this book In that book Lewis uses the example of a person standing in a hall that is lined on both sides by rooms Each room represents a different Christian tradition He wanted to get readers into the hallway and let them choose for themselves whether to enter Christianity by the door of Anglicanism Catholicism and so forth Mere Christianity brilliantly focuses on what essentially all Christians agree upon namely the Creed the canon of the New Testament etc However many of the great controversies between Protestants and Catholics are purposely not discussed There were ecumenical reasons for avoiding topics like papal primacy purgatory Marian devotions and so forth But by avoiding these sorts of topics Mere Christianity can be read as Mere Protestantism I wrote Mere Catholicism to address some of those missing topics Even though I am both intellectually and emotionally convinced of the truth of Catholic Christianity I am indebted to C S Lewis an Anglican for helping me better understand how Christianity offers the most compelling *raison d'être* His work and I hope my own is an exploration of faith seeking understanding to quote St Anselm of Canterbury Contents Preface Introduction Christianity in the Third Millennium 1 Faith and Reason 2 Freedom and Responsibility 3 Work and Prayer 4 Sin and Salvation Hamartiology and Soteriology 5 Suffering and Love 6 God Theology 7 Jesus Christology 8 Mary Mariology 9 Saints and Angels Hagiology and Angelology 10 The Church Ecclesiology 11 The Bible Bibliology 12 Humankind Creation and Last Things Anthropology and Eschatology Notes About the Author **Why Science and Faith Belong Together** Malcolm A. Jeeves, 2021-02-25 As we try to understand ourselves and the world we live in all too often we look first to science and then if gaps remain in our understanding we try to fill the gaps with reference to God and our faith Such a god of the gaps approach has a long history and is sadly alive and well today This book was written to provide an alternative approach posing this basic question How can educated Christians maintain their intellectual honesty and at the same time be faithful both to Scripture and to science This book provides examples of some of the liveliest science vs faith issues today and suggests ways to think constructively about each of them **Evolution of God** Leonardo Wolfe, 2021-02-24 This debut book boldly seeks to argue competitively in the same intellectual field as famous atheists such as RICHARD DAWKINS CHRISTOPHER HITCHENS and BERTRAND RUSSELL and to do so in the spirit and style of such famous Christian apologists as C S Lewis and RAVI ZACHARIAS drawing

heavily on basic science history physics psychology paleontology anthropology archeology neurology child development and even science fiction It describes the evolution of the human brain in ancient hominids allowing humans to eventually conceive a non physical realm the spirit world and as the mind evolved intellectually from primitive animism to Christology God revealed himself gradually as the developing hominid brain became able to comprehend new ideas For Believers the author presents a new intellectually satisfying way to understand and defend the Bible For both Skeptics and Believers a worldview is offered that is spiritually meaningful and scientifically sound *Who Is God? (Acadia Studies in Bible and Theology)* Richard Bauckham,2020-07-21 Internationally respected scholar Richard Bauckham offers a brief engaging study of divine revelation in Scripture He probes the deep meaning of well known moments in the biblical story in order to address the key question the Bible is designed to answer Who is God Accessible for laypeople and important to scholars this volume begins by exploring three key events in the Bible in which God is revealed Jacob s dream at Bethel the revelation of the divine presence Moses at the burning bush the revelation of the divine Name and Moses on Mount Sinai the revelation of the divine character In each case Bauckham traces these themes through the rest of Scripture He then shows how the New Testament builds on the Old by exploring three revelatory events in Mark s Gospel events that reveal the Trinity Jesus s baptism transfiguration and crucifixion This book is based on the Frumentius Lectures for 2015 at the Ethiopian Graduate School of Theology in Addis Ababa and on the Hayward Lectures for 2018 at Acadia Divinity College Nova Scotia

Pourquoi la Science et la Foi vont de Pair Malcolm A. Jeeves,2023-04-12 Lorsque nous essayons de nous comprendre et de comprendre le monde dans lequel nous vivons nous nous tournons souvent d abord vers la science et ensuite s il reste des lacunes dans notre comprehension nous essayons de les combler en nous referant a Dieu et a notre foi Cette approche que nous appelons le dieu des lacunes a une longue histoire et malheureusement elle est encore bien vivante aujourd hui Ce livre a ete ecrit pour offrir une approche alternative en posant cette question fondamentale comment les chretiens ayant recu une education formelle peuvent ils maintenir leur honnetete intellectuelle et en meme temps etre fideles a la fois a l Ecriture et a la science Ce livre donne des exemples de quelques uns des problemes les plus epineux qui se posent aujourd hui dans le domaine de la science et de la foi et propose des moyens de reflechir de maniere constructive a chacun d entre eux Malcolm A Jeeves est professeur emerite de psychologie a l universite de St Andrews en Ecosse ancien president de la Societe royale d Edimbourg et de l Academie nationale d Ecosse et membre de l Academie des sciences medicales et de la Societe britannique de psychologie Pionnier de la psychologie cognitive de la neuropsychologie et de la psychologie evolutionniste il est l auteur de nombreux ouvrages sur la science et la foi **Found in the Middle!** Wesley J. Wildman,Stephen Chapin Garner,2009-05-22 There exists a deep and broad population of Christians who feel the labels of liberal and evangelical both describe their faith and limit their expression of it By working to reclaim the traditional historical meanings of these terms and showing how they complement rather than oppose each other Wesley Wildman and Stephen Chapin Gardner stake a

claim for the moderate Christian voice in today's polarized society. Found in the Middle offers a foundational approach to the theology and ethics that undergird a congregation where moderate Christians can thrive. Wildman and Garner serve as helpful guides on a quest for a humble theology, an intelligible gospel message, a compelling view of church unity, and a radical ethics deeply satisfying to most Christians with both liberal and evangelical instincts. Pastors, congregational leaders, seminarians, and all thoughtful Christians will learn how truly moderate Christianity can unite the compassionate openness and social activism of liberal Christianity with the magnetism and spiritual fervor of evangelical Christianity. You may feel lost in the middle, but you are not alone there. The middle may be the place where you find yourself living most authentically.
