Your Other Left Punch Lines From The Frontlines:

The Liberators Michael Hirsh, 2010-03-16 At last the everyday fighting men who were the first Americans to know the full and horrifying truth about the Holocaust share their astonishing stories Rich with powerful never before published details from the author's interviews with more than 150 U S soldiers who liberated the Nazi death camps *The Liberators* is an essential addition to the literature of World War II and a stirring testament to Allied courage in the face of inconceivable atrocities Taking us from the beginnings of the liberators final march across Germany to V E Day and beyond Michael Hirsh allows us to walk in their footsteps experiencing the journey as they themselves experienced it But this book is more than just an in depth account of the liberation It reveals how profoundly these young men were affected by what they saw the unbelievable horror and pathos they felt upon seeing stacks of bodies like cordwood and skeletonlike survivors in camp after camp That life altering experience has stayed with them to this very day It's been well over half a century since the end of World War II and they still haven't forgotten what the camps looked like how they smelled what the inmates looked like and how it made them feel Many of the liberators suffer from what's now called post traumatic stress disorder and still experience Holocaust related nightmares Here we meet the brave souls who now in their eighties and nineties have chosen at last to share their stories Corporal Forrest Robinson saw masses of dead bodies at Nordhausen and was so horrified that he lost his memory for the next two weeks Melvin Waters a 4 F volunteer civilian ambulance driver recalls that a woman at Bergen Belsen fought us like a cat because she thought we were taking her to the crematory Private Don Timmer used his high school German to interpret for General Dwight Eisenhower during the supreme Allied commander's visit to Ohrdruf the first camp liberated by the Americans And Phyllis Lamont Law an army nurse at Mauthausen Gusen recalls the shock and ultimately the hope that you can save a few From Bergen Belsen in northern Germany to Mauthausen in Austria *The Liberators* offers readers an intense and unforgettable look at the Nazi death machine through the eyes of the men and women who were our country's witnesses to the Holocaust The liberators recollections are historically important vivid riveting heartbreaking and on rare occasions joyous and uplifting This book is their opportunity perhaps for the last time to tell the world

A Sniper's Journey Gary D. Mitchell, Michael Hirsh, 2007-01-02 A Vietnam sniper tells his story and reveals the battles he fought even after the war was over In 1968 Gary Mitchell enlisted in the Army and was sent to Vietnam where he earned a reputation for keeping his head in extreme situations This caught the eye of his superiors who trained him in long distance shooting setting him on the path to becoming a sniper Over a twenty four year career Mitchell had twenty four confirmed kills most of these in Vietnam where intelligence agents borrowed him from his Army unit This is not just the story of a man at war it's also about the war within the man because the memories of his sniper missions followed him home throughout his career and into civilian life And as the years went by the full realization of what he'd done in the line of duty came back to haunt Mitchell's scarred conscience With the love and support of his wife Ellen he struggled to understand

what had happened to him and what his actions revealed about him And though the immediate horror of Vietnam was long past he found himself facing a different kind battle one that nearly destroyed him *The Journal of Military History* ,2004
