Hacking Life Joseph M. Reagle, Jr., 2020-02-18 In an effort to keep up with a world of too much life hackers sometimes risk going too far Life hackers track and analyze the food they eat the hours they sleep the money they spend and how they re feeling on any given day They share tips on the most efficient ways to tie shoelaces and load the dishwasher they employ a tomato shaped kitchen timer as a time management tool They see everything as a system composed of parts that can be decomposed and recomposed with algorithmic rules that can be understood optimized and subverted In Hacking Life Joseph Reagle examines these attempts to systematize living and finds that they are the latest in a long series of self improvement methods Life hacking he writes is self help for the digital age s creative class Reagle chronicles the history of life hacking from Benjamin Franklin s Poor Richard s Almanack through Stephen Covey s 7 Habits of Highly Effective People and Timothy Ferriss s The 4 Hour Workweek He describes personal outsourcing polyphasic sleep the quantified self movement and hacks for pickup artists Life hacks can be useful useless and sometimes harmful for example if you treat others as cogs in your machine Life hacks have strengths and weaknesses which are sometimes like two sides of a coin being efficient is not the same thing as being effective being precious about minimalism does not mean you are living life unfettered and compulsively checking your vital signs is its own sort of illness With Hacking Life Reagle sheds light on a question even non hackers ponder what does it mean to live a good life in the new millennium Pomodoro Technique Illustrated Staffan

Noteberg, 2009-12-28 Printed in full color Do you ever look at the clock and wonder where the day went You spent all this time at work and didn t come close to getting everything done Tomorrow try something new Use the Pomodoro Technique to work in focused sprints throughout the day In Pomodoro Technique Illustrated Staffan Noteberg shows you how to organize your work to accomplish more in less time There s no need for expensive software or fancy planners You can get started with nothing more than a piece of paper a pencil and a kitchen timer You have so much you need to accomplish today Your list is a mile long and you find yourself getting interrupted every other minute You d like to tell everyone to leave you alone but most

of the interruptions are coming from you You think of a phone call you need to make or a web site you need to check and before you know it you re answering email checking twitter and finding a million other things to occupy your time You need to focus really focus The Pomodoro Technique puts you back in charge of your day You ll apply successful techniques from software engineering to identify what you should be doing today and to help you achieve your goals Your mind won t wander when it is fully engaged in short bursts of focused activity Learn to work less and accomplish more using nothing more than paper pencil and a simple kitchen timer Set the timer and start on your next Pomodoro When the bell rings take a break This personal approach to timeboxing is at the core of the Pomodoro technique and this book is filled with advice on how get started and how to tailor it to your own needs *The Checklist Book* Alexandra Franzen,2020-01-14 Master both major and minor tasks by going back to the basics and writing out a simple checklist It will change your life The checklist is one of the world s oldest and most effective productivity systems If anything says entrepreneur Alexandra Franzen it is just as valuable now as it was during the days of the Roman Empire allowing us to tangibly plan our day and set in stone what we want to accomplish There are countless apps and organizational systems promising to help us straighten out our lives but often they only add to the madness and leave us feeling drained and overwhelmed Learn how to Choose your highest priorities Set realistic goals Celebrate tiny wins Feel calmer every day By physically writing down our tasks on a single piece of paper we force ourselves to be realistic and limit how much we can do in a day Too often we cram our day with tasks and chores and leave almost no space for self care or time with loved ones We end up disappointed in our inability to complete our never ending to do list Checklists help you accomplish what needs to be done and enjoy things you want to be doing too There are thousands of books on how to become more organized and productive but very few have the heart soul humor and gentle encouragement of this book Ellen Fondiler career and business strategist *The Fast Track Photographer Business Plan* Dane Sanders,2010-12-14 NEW RULES FOR A NEW BUSINESS WORLD Thinking about starting a photography business The first thing you need to know is that the rules have changed Yesterday s business models have collapsed Creating a successful business in today s Digi Flat era requires a sharp new approach one that Dane Sanders has practiced successfully and taught at Fast Track workshops and seminars all around the world Some of the things you ll learn in this book How to turn the very technologies that are killing professional photography such as the Internet into your tools of success How to lead your business not let your business lead you How systematizing scaling and outsourcing are critical concepts even for a one person business How to radically rethink marketing sales and customer service for the 21st century How to hone a creative vision that works the most powerful step you can take as a businessperson The Fast Track Photographer Business Plan is not about building a traditional business plan that looks good on paper and impresses investors It s about creating a vibrant living business plan that will help you thrive in today s digital Wild West where creative content is freely distributed where no one plays by the rules anymore and where customers have unprecedented freedom in choosing what to buy and whom to hire

It's a groundbreaking look at running a creative business. Whether you're an amateur looking to go pro or a professional whose business has stalled, Dane's practical on-the-ground advice will launch you on the fast track to business success. Metamorphoses of Religion and Spirituality in Central and Eastern Europe Sławomir H. Zaręba, Maria

Sroczyńska, Roberto Cipriani, Marcin Choczyński, Wojciech Klimski, 2022-05-01. This book offers a range of contemporary sociological reflections on new manifestations of religion, religiosity, and spirituality in Central and Eastern Europe, a region that has seen significant social and political transformation. It explores the development of cultural and religious trends, including secularisation, new spirituality, and a resurgence of religiosity outside of traditional structures. The theoretical and empirical contributions by established and emerging scholars address topics including the experiences and values of young people, the role and influence of media, the relationship between public and private religion, and the position of state and institutions. The book will be of particular interest to sociologists of religion and others focused on contemporary Central and Eastern European societies.
