

A person is walking away from the viewer down a dark, narrow tunnel. At the end of the tunnel, there is a bright, glowing light. Above the person, there is a large, circular, glowing structure that looks like a portal or a large eye. The structure has a textured, metallic appearance. The overall atmosphere is mysterious and dramatic.

Tremble Blind Faith Or Just Blind:

Tremble David Fiedler,2015-03-01 When post modernism seems to be dominant world view when interest in traditional religion is falling off when far too many Adventist youth are simply walking away what could possibly be wrong with getting people excited about spirituality We can never say we weren't warned In 1903 Ellen White wrote an urgent letter about the Alpha of Apostasy and rushed it to the mail Twenty five hundred miles later it arrived just in time to head off disaster temporarily at least She wrote of a dream in the night a ship in the fog and iceberg in the way The vessel was damaged but it survived the encounter because the Captain's command was obeyed Adventism survived her crisis too though at the cost of her right arm and the imposition of the worst evil Yet she assured us that the story wasn't over The omega would follow in a little while I trembled for our people Ellen G White For nearly a century the idea that the Seventh day Adventist Church would ever again be troubled and tempted by pantheism strained credulity It seemed absurd unbelievable ridiculous Nevertheless the Lord said another test was coming *Kierkegaard's 'Fear and Trembling'* Clare Carlisle,2010-07-01 Søren Kierkegaard was without question one of the most important and influential thinkers of the nineteenth century Fear and Trembling is a classic text in the history of both philosophical and religious thought that still challenges readers with its original philosophical perspective and idiosyncratic literary style Kierkegaard's Fear and Trembling A Reader's Guide offers a concise and accessible introduction to this hugely important and notoriously demanding work Written specifically to meet the needs of students coming to Kierkegaard for the first time the book offers guidance on Philosophical and historical context Key themes Reading the text Reception and influence Further reading **Blind Faith** Chester Dolan,1995 Rejecting the many magical solutions offered for human problems Chester Dolan unmasks the folly that has passed for religion throughout history and the many dangers it poses to the human community Dolan urges that the world would be a better place if we could exorcise our presumptuous gods reject the religion of the mystics and realize that our destiny rests with us

The Christian Science Journal ,1899 *Recovering the Personal* Dale W. Cannon,Ronald L. Hall,2016-09-14 Modernity has radically challenged the assumptions that guide our ordinary lives as persons in ways we are not normally aware We live our concrete lives taking for granted that personal decisions desires relationships actions aspirations values and knowledge are central to our existence But in modernity we think of these matters as private idiosyncratic and subjective even irrational This modern conception of ourselves and the associated way of reflection known as modern critical thinking came to dominate our thinking is culminates in the dualistic philosophy of René Descartes This dualism has spawned a reductionist view of persons and tainted the personal with connotations of bias partiality and privacy leaving us with the presumption that if we seek to be objective and intellectually respectable we must expunge the personal William H Poteat's work in philosophical anthropology has confronted this concern head on He undertakes a radical critique of the various forms of mind body dualism and materialist monism that have dominated Western intellectual concepts of the person In a unique

style that Poteat calls post critical he uncovers the staggering incoherencies of these dualisms and shows how they have resulted in a loss of the personal in the modern age He also formulates a way out of this modern cultural insanity This constructive dimension of his thought is centered on his signature concept of the mindbody the pre reflective ground of personal existence The twelve contributors in this collection explore outgrowths and implications of Poteat s thought Recovering the Personal will be of interest to a broad range of intellectual readers with interests in philosophy psychology theology and the humanities *Luther J.
