Trinity And Inter Faith Dialogue Plenitude And Plurality Religions And Discourse Vol 14:

Rethinking the Trinity and Religious Pluralism Keith E. Johnson, 2011-09-02 Founding his argument on a close reading of St Augustine's De Trinitate Keith Johnson critiques four recent attempts to construct a pluralistic theology of religions out of the orthodox doctrine of the Trinity

Vatican II William Madges, 2011-09-22 Original essays explore the effects and influences of the Second Vatican Council particularly on its understanding of church engagement with the modern world and encounters with other religions Contributors include Philip A Franco St John's University New York Peter C Phan Georgetown University Christopher D Denny St John's University New York Harriet A Luckman College of Mount Saint Joseph Alice L Laffey College of the Holy Cross Francis Holland St John's University New York Jason King St Vincent College William French Loyola University Chicago Christine Firer Hinze Marquette University Victor Lee Austin Saint Thomas Church New York John Sniegocki Xavier University Elaine Catherine MacMillan University of San Diego Paul F Knitter Xavier University Reid B Locklin St Michael's College University of Toronto Elena G Procaro Foley Iona College Phillip Luke Sinitiere University of Houston

Trinity and Inter Faith Dialogue Michael Ipgrave, 2003 In inter faith relations the Trinity is often seen as an embarrassing or irrelevant problem This study proposes a different approach seeing Trinitarian thought as a resource for dialogue Drawing on the suggestions of Paul Tillich and Raimundo Panikkar the author identifies six key issues to be addressed in Trinitarian dialogue These are traced in two historical examples the encounters of patristic Christianity with Greek philosophical religion and of medieval Christianity with Islam The final chapter draws lessons from these experiences to suggest a reshaping of Christian dialogue with Hindus Muslims and other people of faith

Ecumenics from the Rim John D'Arcy May, 2007 John D Arcy May's achievements motivate these essays on ecumenics Amid today's scepticism about the ecumenical movement's relevance the authors demonstrate the necessity of working together for the betterment of all This book deepens our understanding of how theology peace and reconciliation studies and interfaith dialogue critically cooperate for the flourishing of earth's life The perspective of church unity amid ecclesial division is broadened to embrace interfaith and intercultural issues ecumenics becomes visible as the intellectual paradigm of our times

Trinity and Religious Pluralism Veli-Matti Kärkkäinen, 2017-09-29 The doctrine of the Trinity is one of the most distinguishing marks of Christian faith This is the first book to present an overview of the role of the Trinity in Christian theology in relation to religious pluralism and other religions Approaching the study of the relationship between Christianity and other religions from the perspective of the Trinity this book surveys all the major contributions to the topic by leading theologians at the international and ecumenical level Veli Matti Karkkainen points to future challenges and areas in need of development examining in detail a case study exploring how the Catholic Church has responded to Islam from the perspective of the Trinity Students of theology and religious studies will find this an invaluable text for courses that discuss

religious pluralism and Christianity's relation to other religions Pastors other Christian workers and academics will also find it a handy reference tool for teaching and further study

The Meeting of Religions and the Trinity Gavin D'Costa, 2000-01-01 Shows that many so called pluralist theologies are actually masks for a secularizing agenda and that the doctrine of the Trinity holds more potential for interreligious understanding and dialogue D Costa recommends the Trinitarian approach which attains the goals that pluralism seeks openness respect and learning from other religions It accomplishes this without the reductionism associated with pluralism and by examining the serious differences between traditions He applies the Trinity to interreligious prayer with surprising results

Divine Multiplicity Chris Boesel, S. Wesley Ariarajah, 2013-11-11 The essays in this volume ask if and how trinitarian and pluralist discourses can enter into fruitful conversation with one another Can trinitarian conceptions of divine multiplicity open the Christian tradition to more creative and affirming visions of creaturely identities difference and relationality including the specific difference of religious plurality Where might the triadic patterning evident in the Christian theological tradition have always exceeded the boundaries of Christian thought and experience Can this help us to inhabit other religious traditions conceptions of divine and or creaturely reality The volume also interrogates the possibilities of various discourses on pluralism by putting them in a concrete pluralist context and asking to what extent pluralist discourse can collect within itself a convergent diversity of orthodox heterodox postcolonial process poststructuralist liberationist and feminist sensibilities while avoiding irruptions of conflict competition or the logic of mutual exclusion

The Trinity in a Pluralistic Age Kevin J. Vanhoozer, 1996 This provocative collection of papers from an international array of theologians explores the Christian doctrine of the Trinity in the context of twentieth century cultural and religious pluralism How should Christians think about their faith in relation to other faiths and in relation to culture in general Can the Trinity fit into a global religion These essays originally presented at the Fifth Edinburgh Dogmatic Conference show how a full orb'd Trinitarian doctrine with a proper emphasis on both the One and the Three provides the necessary resources for successfully addressing the problems and the possibilities of contemporary pluralism Gary Badcock Richard Bauckham Henri Blocher Gerald Bray Colin Gunton Trevor Hart Lesslie Newbigin Roland Poupin Kevin J Vanhoozer Stephen Williams

Interreligious/interfaith Dialogue as Christian Practice Nathaniel C. Holmes (Jr.), Saint Thomas University (Miami, Fla.). School of Theology and Ministry, 2010 This dissertation focuses on interreligious interfaith dialogue as an intentional Christian practice It articulates a practical theology of religious pluralism through connecting the Christian practices and principles of hospitality and friendship with a theology of religions Secondly it articulates a theology of interfaith community i e a theology of contemporary pluralism and dialogue as the fundamental practice that sustains such a community

The Interfaith Imperative Ross Thompson, 2017-01-30 Globally we seem torn between local exclusive forms of religion which can cause immense spiritual and physical damage to people and a bland secularism that confines the religions to safe havens each offering its own private

options for spirituality within a secularized global politic In this context the religions tolerate one another but cannot engage in mutually challenging and transforming dialogue Thompson argues that it is only through dialogue that the distinctive truths of the faiths emerge Moving beyond the threefold paradigm that has limited dialogue and challenging modern secularism and postmodern relativism alike he argues for a dialogue based realism that is rooted in the Christian doctrines of creation and Trinity Turning to recent theological approaches Thompson both affirms and criticizes narrative and postliberal theologies liberation theology and the revival of negative theology The transfiguration of Jesus provides a model for the way theology proceeds in dialogue from an initial naivety through metaphysical construction and deconstruction to a new metaphorical interillumination Thompson sets forth a utopian hope for the interreligious city of God shining with the divine interilluminative rainbow light reflected from the many faiths including the secular faith *Trinity and Revelation* Veli-Matti Karkkainen,2014-04-19 In this book Pentecostal theologian Veli Matti Karkkainen develops a constructive theology of triune revelation and the triune God in dialogue with Christian tradition with contemporary theology in its global and contextual diversity and with other major living faiths Karkkainen s Constructive Christian Theology for the Pluralistic World is a five volume project that aims to develop a new approach to and method of doing Christian theology in a pluralistic world at the beginning of the third millennium With the metaphor of hospitality serving as the framework for his discussion Karkkainen engages Judaism Islam Buddhism and Hinduism in sympathetic and critical mutual dialogue while remaining robustly Christian in his convictions Never before has a fullscale doctrinal theology been attempted in such a wide and deep dialogical mode *Thinking the Divine in Interreligious Encounter* ,2012-01-01 Thinking the Divine in Interreligious Encounter seeks to take seriously our questions of cross cultural and inter religious dialogue on God or the Divine How can the Divine be named and thought as Europe finds itself in midst of cross cultural processes of a global nature and as religions such as Islam Hinduism and Buddhism come into the foreground in the West What are some of the major shifts in Christian theology as it recognizes that peoples of non Christian faith traditions name and think the Divine in ways that differ from and sometimes conflict with Europe s dominant religion s and secular culture Together with Naming and Thinking God in Europe Today and Post colonial Europe in the Crucible of Cultures Rodopi 2007 this volume allows us to discover opportunities for a multivalenced reflection on God or the Divine that achieves mutual intelligibility without surrendering to a dogmatic untranslatability or a crude relativism **Religious Pluralism** Richard Asbeck,2010 **Interfaith Encounter** Alan Race,2001 Advances the view that dialogue instigates a paradigm shift in religious thinking **Trinity and the Plurality of Religions** Albert Noronha,2008 *Dialogue with the Other* David Tracy,1991 This book expresses David Tracy s ongoing interest in the other and The Other His reflections enter into dialogue with figures as diverse as Meister Eckhart and William James and traditions as different as those of Buddhism Christianity and Judaism Interfaith Theology Dan Cohn-Sherbok,2001-01-01 A comprehensive anthology which draws on over one hundred different sources to provide an
