Fourie, 2016-12-29 Volume One traces the history of Opel and Vauxhall separately from inception through to the 1970s and thereafter collectively to 2015 Special attention is devoted to examining innovative engineering features and the role Opel has taken of providing global platforms for GM Each model is examined individually and supplemented by exhaustive supporting specification tables The fascinating history of Saab and Lotus begins with their humble beginnings and examines each model in detail and looks at why these unusual marques came under the GM Banner Included is a penetrating review of Saab through to its unfortunate demise Volume Two examines unique models and variations of Chevrolet and Buick manufactured in the Southern Hemisphere and Asia but never offered in North America Daewoo Wuling and Baojun are other Asian brands covered in detail This volume concludes with recording the remarkable early success of Holden and its continued independence through to today Volume Three covers the smaller assembly operations around the world and the evolution of GM's export operations A brief history of Isuzu Subaru and Suzuki looks at the three minority interests GM held in Asia The GM North American model specifications are the most comprehensive to be found in a single book Global and regional sales statistics are included GM executives and management from around the globe are listed with the roles they held An index ensures that these volumes serve as the ideal reference source on GM [China's Next Strategic Advantage](#) George S. Yip, Bruce McKern, 2017-09-15 A book for everyone who does business with China or in China The history making development of the Chinese economy has entered a new phase China is moving aggressively from a strategy of imitation to one of innovation Driven both by domestic needs and by global ambition China is establishing itself at the forefront of technological innovation Western businesses need to prepare for a tidal wave of innovation from China that is about to hit Western markets and Chinese businesses need to understand the critical importance of innovation in their future Experts George Yip and Bruce McKern explain this epic transformation and propose strategies for both Western and Chinese companies This book is for everyone who does business with China or in China or is interested in the development of the world's fastest growing economy Western CEOs can learn from Chinese companies and can create an effective innovation process in China for China and the world Chinese CEOs can benefit from understanding the strategies of their peers as they strive to enter foreign markets And all Western businesses should prepare for disruption from their new competitors Yip and McKern provide case studies of successful firms outline ten ways in which the managerial and innovative capabilities of these firms differ from those of Western firms and describe how multinationals doing business in China can become part of the Chinese ecosystem of new knowledge and technology Yip and McKern argue that these innovation capabilities will be the basis for creating world class products and services to meet the challenges of a

new era of global competition **China CEO** Juan Antonio Fernandez, Liu Shengjun, 2011-08-31 CHINA CEO A Case Guide for Business Leaders in China Some Western business leaders are moving into China without any clear knowledge of the many pitfalls they will encounter the weak rule of law forceful governmental intervention a scarcity of managerial talent the likelihood of counterfeiting the fast paced business environment and surprisingly aggressive local competitors This book uses case studies to both illuminate and examine these key managerial challenges Each case focuses on a specific topic and is complemented with commentaries from professors and executives who have extensive front line experience in China The cases are the product of three year research and are well tested in MBA and executive courses The authors philosophy is that readers can learn most effectively through the experience of others captured in real cases The book includes a broad range of companies such as Emerson Eli Lilly General Motors Peugeot Carrefour Daimler Chrysler Picanol It also includes more personal experiences concerning the many challenges of expatriate living in China some of whom have started their own businesses The book provides concise but insightful analysis to help readers to get the most from the case studies As a result this book will help you get better prepared to face the varied challenges you will find in China These cases complement the material presented in a previous work China CEO Voices of Experience from 20 International Business Leaders also published by John Wiley Sons **The Vietnam Business Journal** ,1999 **AutoAsia** ,1999 The Bulletin ,2005
