Comprehensive Literacy Basics Timothy Rasinski, Barbara A. Nelson, Nancy Boyles, Michael P. Ford, Margaret Mary Policastro, Kathy Brown, Sharon Vaughn, Sarah Martino, Shari Frost, Hillary Wolfe, Chase Young, Michelle J. Kelley, Nicki Clausen-Grace, Elaine M. Weber, Connie Dierking, Becky McTague, Kristin Lems, Nancy Witherell, Mary C. with best practices while also keeping focus on each student's individual needs. They are challenged to monitor students working independently while also conducting small group instruction. And they must focus on providing differentiated support with a rather complicated text. With increased attention to rigor requirements and personalized instruction, it can be a challenge to make sure all students are receiving instruction that is just right.

Comprehensive Literacy Basics: An Anthology by Capstone Professional contains useful tips to support educators. Chapters focus on each part of the literacy and language arts block, including whole group, small group, writing, and differentiation. A collection of expert authors specializing in literacy and language arts instruction contributed chapters to the book. The quick tips and suggestions within will reinforce current practices while providing an invaluable go-to reference. FAMIS 902792539

Developing Writers Across the Primary and Secondary Years Honglin Chen, Debra Myhill, Helen Lewis, 2020-03-09. Writing development and pedagogy is a high priority area, particularly with standardised testing showing declines in writing across time and through the years of schooling. However, to date, there are relatively few texts for teachers and teacher educators which detail how best to enable the children to become confident, autonomous, and agentic writers of the future. *Developing Writers Across the Primary and Secondary Years* provides cumulative insights into how writing develops and how it can be taught across years of compulsory schooling. This edited collection is a timely and original contribution addressing a significant literacy need for teachers of writing across three key stages of writing development: covering early 4-7 years old (primary), 7-12 years old (secondary), and 12-16 years old (in Anglophone countries). Each section addresses two broader themes: becoming a writer with a child-oriented focus and writing pedagogy with a teacher-oriented focus. Together, the book brings to bear rigorous research and deep professional understanding of the writing classroom. It offers a novel approach, conceiving of writing development as a dynamic and multidimensional concept. Such an integrated interdisciplinary understanding enables pedagogical thinking and development to address more holistically the complex act of writing.
