Our American Cousin Tom Taylor,2019-02-15T21:50:30Z *Our American Cousin* is a three act play written by English playwright Tom Taylor The play opened in London in 1858 but quickly made its way to the U S and premiered at Laura Keane's Theatre in New York City later that year It remained popular in the U S and England for the next several decades Its most notable claim to fame however is that it was the play U S President Abraham Lincoln was watching on April 14 1865 when he was assassinated by John Wilkes Booth who used his knowledge of the script to shoot Lincoln during a more raucous scene The play is a classic Victorian farce with a whole range of stereotyped characters business and many entrances and exits The plot features a boorish but honest American cousin who travels to the aristocratic English countryside to claim his inheritance and then quickly becomes swept up in the family's affairs An inevitable rescue of the family's fortunes and of the various damsels in distress ensues *Our American Cousin* was originally written as a farce for an English audience with the laughs coming mostly at the expense of the naive American character But after it moved to the U S it was eventually recast as a comedy where English caricatures like the pompous Lord Dundreary soon became the primary source of hilarity This early version published in 1869 contains fewer of that character's nonsensical adages which soon came to be known as Dundrearyisms and for which the play eventually gained much of its popular appeal This book is part of the Standard Ebooks project which produces free public domain ebooks
