Remythologizing Theology Kevin J. Vanhoozer, 2010-01-14 The rise of modern science and the proclaimed death of God in the nineteenth century led to a radical questioning of divine action and authorship Bultmann's celebrated demythologizing Remythologizing Theology moves in another direction that begins by taking seriously the biblical accounts of God's speaking It establishes divine communicative action as the formal and material principle of theology and suggests that interpersonal dialogue rather than impersonal causality is the keystone of God's relationship with the world This original contribution to the theology of divine action and authorship develops a fresh vision of Christian theism It also revisits several long standing controversies such as the relations of God's sovereignty to human freedom time to eternity and suffering to love Groundbreaking and thought provoking it brings theology into fruitful dialogue with philosophy literary theory and biblical studies

Center Church Timothy Keller, 2012-09-04 Practical and Gospel centered thoughts on how to have a fruitful ministry by one of America's leading and most beloved pastor Many church leaders are struggling to adapt to a culture that values individuality above loyalty to a group or institution There have been so many church growth and effective ministry books in the past few decades that it's hard to know where to start or which ones will provide useful and honest insight Based on over twenty years of ministry in New York City Timothy Keller takes a unique approach that measures a ministry's success neither by numbers nor purely by the faithfulness of its leaders but on the biblical grounds of fruitfulness Center Church outlines a balanced theological vision for ministry organized around three core commitments Gospel centered The gospel of grace in Jesus Christ changes everything from our hearts to our community to the world It completely reshapes the content tone and strategy of all that we do City centered With a positive approach toward our culture we learn to affirm that cities are wonderful strategic and underserved places for gospel ministry Movement centered Instead of building our own tribe we seek the prosperity and peace of our community as we are led by the Holy Spirit Between a pastor's doctrinal beliefs and ministry practices should be a well conceived vision for how to bring the gospel to bear on the particular cultural setting and historical moment This is something more practical than just doctrine but much more theological than how to steps for carrying out a ministry Once this vision is in place it leads church leaders to make good decisions on how to worship disciple evangelize serve and engage culture in their field of ministry whether in a city suburb or small town Tim Keller Core Church

Redeeming Transcendence in the Arts Jeremy Begbie, 2018-06-30 How can the arts witness to the transcendence of the Christian God It is widely believed that there is something transcendent about the arts that they can awaken a profound sense of awe wonder and mystery of something beyond this world Many argue that this opens up fruitful opportunities for

conversation with those who may have no use for conventional forms of Christianity Jeremy Begbie a leading voice on theology and the arts in this book employs a biblical trinitarian imagination to show how Christian involvement in the arts can and should be shaped by a vision of God's transcendence revealed in the person of Jesus Christ After critiquing some current writing on the subject he goes on to offer rich resources to help readers engage constructively with the contemporary cultural moment even as they bear witness to the otherness and uncontainability of the triune God of love

Mere Christian Hermeneutics Kevin J. Vanhoozer, 2024-10-01 Southwestern Journal of Theology 2024 Book of The Year Christianity Today 2024 Theology Book Award The Gospel Coalition 2024 Biblical Studies Book Award Reading the Bible to the glory of God In 1952 C S Lewis's Mere Christianity eloquently defined the essential tenets of the Christian faith With the rise of fractured individualism that continues to split the church this approach is more important now than ever before for biblical hermeneutics Many Christians wonder how to read the text of Scripture well rightly and faithfully After all developing a strong theory of interpretation has always been presented by two enormous challenges A variety of actual interpretations of the Bible even within the context of a single community of believers The plurality of reading cultures denominational disciplinary historical and global interpretive communities each with its own frame of reference In response influential theologian Kevin J Vanhoozer puts forth a mere Christian hermeneutic essential principles for reading the Bible as Scripture everywhere at all times and by all Christians To center his thought Vanhoozer turns to the accounts of Jesus transfiguration a key moment in the broader economy of God's revelation to suggest that spiritual or figural interpretation is not a denial or distortion of the literal sense but rather its glorification Irenic without resorting to bland ecumenical tolerance Mere Christian Hermeneutics is a powerful and convincing call for both church and academy to develop reading cultures that enable and sustain the kind of unity and diversity that a mere Christian hermeneutic should call for and encourage Salt, Light, and a City, Second Edition Graham Joseph Hill, 2017-06-13 Graham Hill's pioneering classic remains the seminal work on missional ecclesiology The bestselling first edition redefined theology for the missional church Hill builds biblical foundations in conversation with major theologians including Sarah Coakley John Zizioulas Stanley Hauerwas Miroslav Volf and Jurgen Moltmann In this major update he offers new insights and provides fresh examples of missional churches In the first edition Hill interacted with twelve major theologians to build a missional ecclesiology In this thoroughly updated edition he interacts with sixteen major theologians from the Western world This edition includes five new chapters and an expanded treatment on the key convictions of global missional theology It also offers a new study guide that has been uploaded on an innovative website linked to this book This expanded edition now becomes volume 1 in a series on missional ecclesiology In volume 2 Hill will turn our attention to voices from the Majority World Known for his groundbreaking approach to theology theology for the global missional community Hill shows how God is releasing his global church to mission across all cultures and Christian traditions This extensive update to Hill's influential work offers pioneering theology and practices that will

continue to shape the global missional church for generations Essays on the Trinity Lincoln Harvey, 2018-07-23 This volume gathers together twelve essays on the doctrine of the Trinity It includes the work of systematic theologians analytic theologians and biblical scholars who address a range of issues concerning the Christian doctrine of God Contributors include Jeremy Begbie Julie Canlis Douglas Campbell William Hasker and Christoph Schwobel The volume also includes a new essay written by the late Robert W Jenson shortly before his death *Revelation and Reason in Christian Theology* Christopher C. Green, David I. Starling, 2018-07-11 Do revelation and reason contradict Throughout the church's history Christians have been tempted to make revelation and reason mutually exclusive But both are essential to a true understanding of the faith The inaugural Theology Connect conference held in Sydney in July 2016 was dedicated to surveying the intersection of revelation and reason In *Revelation and Reason in Christian Theology* Christopher C Green and David I Starling draw together the fruit of this conference to provoke sustained deep reflection on this relationship The essays filtered through epistemological biblical historical and dogmatic lenses critically and constructively contribute to this important and developing aspect of theology Each essayist approaches revelation and reason according to the psalmist's words In your light we see light Ps 36 9 The light of faith does not obscure truth rather it enables us to see truth *The Church in Mission* Bertil Ekström, 2016-06-01 Foundations and Global Case Studies What does it mean today to be a church totally committed to the gospel and fully engaged in God's mission What major religious and sociological trends in our world are affecting the role of the global church and local churches How must we understand and be prepared to face these trends How do we define church in the twenty first century being faithful to the Scriptures and at the same time relevant to a generation that does not believe in the institutional church anymore What are some good models of missional churches in different regions of the world that will encourage and inspire those who long to see a church making difference in society and in the world These are some of the issues that the book you are holding in your hands addresses There are certainly no final answers and magical forms rather we present a broad and deep discussion on how the gospel should be lived out by Jesus followers in our time and through our communities Questions are raised and analyzed both from the perspective of a local church as well as from a global and general understanding of the Christian church Some of our examples will focus more on local realities others more on global challenges The first part of the book is dedicated to a biblical and theological reflection on gospel church and mission It includes Old and New Testament studies on the theological implications of being church based on the biblical narrative The second part deals with a variety of contemporary missiological issues related to the broader theme of church and mission Different perspectives from current discussions and dialogues around the globe are included covering both ideological reflections and practical aspects of being a mission shaped church The third part presents regional and national case studies that show the enormous creativity in church planting and engagement of local communities in their own societies Models applied in the secularized Europe are contrasted to ways of functioning as church

A Spreading and Abiding

Hope Jacob Shatzer, 2015-10-13 Every tradition has its surprising voices its thinkers who look at things slightly differently than most Evangelicalism is no exception Many surprising evangelical voices end up being embarrassments of one sort or another everyone can choose their favorite example of this phenomenon Rather than seeking to expose these sorts of negative surprises this book explores the surprising voice of the late evangelical theologian A J Conyers Conyers s political theology is a resource for a robust evangelical theopolitical imagination By learning from Conyers evangelicals can overcome common weaknesses and engage in a more thoroughly Christian biblical and evangelical approach to the modern world and its various institutions and challenges Conyers speaks beyond evangelicalism as well His vision of the modern world including its development and major challenges provides insight into contemporary political theology His work on the nation state free market capitalism and the notions of toleration and vocation speaks into and advances important debates Thus Conyers s evangelical political theology provides both the evangelical tradition itself as well as political theology as a broader discipline with a compelling and challenging vision

Representing Christ Uche Anizor, Hank

Voss, 2016-04-21 Traditionally associated with Protestantism the doctrine of the priesthood of all believers is a genuinely Christian doctrine with important implications for the global church In Representing Christ Uche Anizor and Hank Voss

explore the doctrine in its biblical historical theological and practical dimensions Ecclesial Leadership as Friendship
 Chloe Lynch,2019-03-01 When it comes to talking about the activity of directing the church the language of leadership and leaders is increasingly popular Yet what is leadership and how might theological narratives better resource the discourse and practice of leadership in ecclesial contexts In identifying and critiquing managerialism as a dominant narrative of leadership in the Western church this book calls for an alternative approach founded on the concept of friendship Engaging with the wider field of leadership studies the book establishes an understanding of leadership activity and brings it into conversation with an incarnational ecclesiology The result is a prophetic reimagining of ecclesial leadership in terms of a relational kenotic praxis This praxis of mutuality and love is framed here in the rich language of Christian friendship The book also wrestles deeply with the embodiment of such a praxis making explicit the power behaviours typical of friendship leadership and offering constructive guidance for practitioners in the task of implementation within a complex and fractured world This book offers a new vision of the centrality of friendship to leadership of a healthy church community As such it will be of great use to scholars of practical theology ecclesiology and leadership as well as practitioners in church ministry The Love of God
 Christopher W. Morgan,2016-09-30 Our understanding of the love of God has been tragically distorted The comfortable sentimentalized version we commonly encounter today is far from the biblical depiction of God s love Featuring contributions from well known evangelical scholars this multi disciplinary study presents the biblical view of the love of God from the perspectives of systematic theology biblical theology apologetics pastoral theology and ethics The contributors including D A Carson Andreas J K stenberger Raymond C Ortlund Jr Robert L Plummer and many others address a variety of issues related to how God s love is expressed in the Old and New Testaments the Trinity apologetics Christian living social justice and more This addition to the Theology in Community series will promote clear sound thinking about what Scripture means when it declares that God is love Part of the Theology in Community series The Knowledge of God Michael Allen,2022-01-13 The Knowledge of God turns to consider the knowledge of God revealed in the Word of God with several essays addressing the doctrine of God then the person of Christ and finally the miracle of the church Michael Allen shows the exegetical shape of historical and dogmatic reasoning as well as the significance of thinking about these topics in their interrelationships with a range of other Christian themes not least the doctrine of the living and true God In each of these topics the theme of the promise and nature of God s presence whether in his own life or then in the economy of the incarnation and of the church proves to be a unifying thread The gospel is shown to be rooted backward in God s own life and to have consequence forward for the ongoing life of Christ displayed in his church This volume explores what it means to learn of and come to know God who has life in himself and then shares his life with us in the coming of his Son and the ongoing presence amidst his body the church of Christ *That God May Be All in All* Ryan L. Rippee,2018-03-02 Christology and Pneumatology have long been major preoccupations for theologians and rightly so but the work of God the Father has been surprisingly neglected Through

a biblical and exegetical study of the Father's person and work. Patrology: this book argues that among the persons of the Trinity the Father is the initiator of all divine activity. Furthermore, it is in the context of a loving eternal relationship with the Son and Spirit that the Father has planned and purposed all things, creating through the Son and by the Spirit, promising and accomplishing redemption through the sending of the Son and the Spirit, and perfecting salvation by bringing about a new heavens and new earth through his Son and Spirit. The only proper response is a Trinitarian-shaped life of worship that worships our Triune God.

A Transforming Vision George Westhaver, 2018-01-31. The study of Christian theology in the last half century has seen a major renaissance in Trinitarian thought which has attempted to connect Trinitarian theology to all aspects of Christian faith and practice. This revival has often addressed the unfortunate split which has haunted much modern theological endeavour between theology and both prayer and practice, the disjunction between thought about God and the movement of the heart toward God in transformed lives. Drawn from papers given at a Pusey House conference in 2015, the contributors to this collection explore what it means to know and love the Triune God and how the knowledge of God can be a transforming and saving knowledge.

The Hermeneutics of Participation Greg McKinzie, 2025-07-15. Many theological interpreters of Scripture have claimed that church practices produce well-formed readers. But which practices? Greg McKinzie argues that missional hermeneutics challenges the church to include participation in God's mission among the indispensable components of readerly formation. After a quarter century of contemporary reflection on missional theology, however, the meaning of participation in God's mission remains vague. In order to explain why it is a critical hermeneutical experience, therefore, McKinzie sets out to

develop a theological account of missional participation that incorporates the concepts of the embodied narrativity and solidarity. Then, in conversation with the hermeneutical phenomenology of Paul Ricoeur, the study suggests how theologically recontextualizing a model of the movement from embodied commitments to textual interpretation in terms of participation in God's mission illuminates the epistemic reconstitution of the church's theological interpretation of Scripture. Understanding participation in God's mission as theological interpretation's proper locus theologicus should reorient the notion of readerly formation because the formation of missional readers is the process in which God opens the reading community's embodied eyes of faith through the works of faith seeking understanding.
