## **What Philosophy Can Tell You About Your Lover:**

What Philosophy Can Tell You About Your Lover Sharon M. Kaye, 2012-05-08 Be warned in your journey through this volume you will encounter many true stories Some will make you laugh others could make you cry and all are enough to thoroughly embarrass the authors These stories would never be allowed to see the light of day if they did not open the door to important truths about love The authors speak to you sometimes in their own voices sometimes through dialogue and sometimes through fiction You will recognize yourself in their struggles and triumphs Can the good life be attained without true love What is jealousy Is it possible to be a feminist and a heterosexual lover at the same time What is the logic of the lovers quarrel Is rough sex immoral Is pornography a great lover's friend or a foe What did Plato Aristotle Kant Nietzsche Russell Beauvoir and other great geniuses of Western history have to say about what goes on under the boardwalk Is there any freedom in love Is erotic desire a function of body or spirit What is the best kind of love Is there such a thing as a soul mate You will have to face these questions and more when you dare to ask what philosophy can tell you about your lover Everyone who has experienced it knows that romantic love truly is a crazy little thing It keeps us awake at night and makes us do things we would never have dreamed we were capable of In this volume twenty five philosophy professors are gathered together to discuss various connections between romantic love and philosophy They have left their tweed jackets and spectacles behind It is as though you have run into them by chance at a bar in some far away city where they are at ease ready to tell you what they really think Perhaps you have taken a few philosophy classes or perhaps you always kind of wanted to This is your chance to enjoy some deep reflection on one of life's greatest mysteries without any of the scholarly jargon the academic pretenses or the impossible exams This volume will explain the lasting value of their ideas in simple modern terms without the use of a single footnote

Sex, Love, and Gender Helga Varden, 2020-05-27 Sex Love and Gender is the first volume to present a comprehensive philosophical theory that brings together all of Kant's practical philosophy found across his works on ethics justice anthropology history and religion and provide a critique of emotionally healthy and morally permissible sexual loving gendered being By rethinking Kant's work on human nature and making space for sex love and gender within his moral accounts of freedom the book shows how despite his austere and even anti sex cisist sexist and heterosexist reputation Kant's writings on happiness and virtue Part I and right Part II in fact yield fertile philosophical ground on which we can explore specific contemporary issues such as abortion sexual orientation sexual or gendered identity marriage trade in sexual services and sex or gender based oppression Indeed Kant's philosophy provides us with resources to appreciate and value the diversity of human ways of loving and the existential importance of our embodied social selves Structured on a thematic basis with introductions to assist those new to Kant's philosophy this book will be a valuable resource for anyone who cares about these issues and wants to make sense of them

**Sex in Theory** Brian Besong, 2025-08-23 This volume explores the major moral theories and their distinctive approaches and controversial

implications regarding sex Despite being a commonplace human activity contemporary discussions of the norms regarding sex particularly those that connect with the major moral theories are relatively rare This volume shows that the relative silence is important for all the major moral theories appear to have controversial implications about the morality and value of sex Consequently either widespread Western assumptions about sex are mistaken or else the major moral theories have serious problems when it comes to the ethics of the bedroom Adopting a metaethical Mooreanism about our sexual intuitions offers a potential compromise such that some of the more novel and controversial Western intuitions are abandoned with resulting room for at least one moral theory to remain viable
