What You Dont Know About Religion But Should:

What You Don't Know about Religion (but Should) Ryan T. Cragun, 2014-07-01 What is a religion Why are people religious Are religious people more educated than nonreligious people Are religious people more moral more humble or happier Are religious people more or less prejudiced than nonreligious people Is religion good for your health Are people becoming more or less religious Studying religion as a social phenomenon Ryan T Cragun follows the scientific data to provide answers to these and other questions At times irreverent but always engaging and illuminating What You Don t Know About Religion but Should is for all those who have ever wondered whether religion helps or hurts society OCoor questioned what the future holds for religion [The Works of John Locke Esq](#) John Locke, 1714 **Descartes and Augustine** Stephen Menn, Stephen Philip Menn, 2002-01-28 This book is a systematic study of Descartes relation to Augustine It offers a complete reevaluation of Descartes thought and as such will be of major importance to all historians of medieval neo Platonic or early modern philosophy Stephen Menn demonstrates that Descartes uses Augustine s central ideas as a point of departure for a critique of medieval Aristotelian physics which he replaces with a new mechanistic anti Aristotelian physics Special features of the book include a reading of the Meditations a comprehensive historical and philosophical introduction to Augustine s thought a detailed account of Plotinus and a contextualization of Descartes mature philosophical project which explores both the framework within which it evolved and the early writings to show how the collapse of the early project drove Descartes to the writings of Augustine **Conversations With My Good Friend the Atheist** Richard Cannon, 2022-08-01 Why should Christians care about what Atheists believe It is easy to discover what Atheists have to say about Christianity and Christians Pick up a book by any modern Atheist writer read a few random pages and the reader will have a sampling of the criticisms Atheists have regarding religion and people of faith A natural first response is the desire to set the record straight A person responding this way will quickly find themselves going in circles This is one point Christians need to accept and understand From the Christian s perspective it serves no useful purpose when Christians engage Atheists in an attempt to set the record straight Atheism is a worldview or a way of seeing the world Just as the Christian sees their Christian faith as reasonable and rational the Atheist has the same view of what they believe to be true Atheists vary in their definition of what it means to be an Atheist There are however common themes found in the beliefs of people identifying themselves as Atheist It is common for example to find people identifying themselves as Atheists to believe the natural world is all there is This of course excludes the supernatural and since God operates outside of nature God is supernatural and is therefore eliminated in the thinking of Atheism How should the Christian respond when Atheists challenge Christian beliefs How can the Christian respond effectively unless the Christian understands what Atheists believe How can the Christian respond unless the Christian understands why Atheists believe as they do The apostle Paul tells Christians to be ambassadors Ambassadors need to understand the world in which they serve This is why Christians should care about what Atheists believe **Tract for the**
