## **What Your History Books Failed To Tell You:**

*What Your History Books Failed to Tell You* Azeem Hopkins-Bey, 2005-01-01 It is the author's wish in this fourth of her seven book series to help readers narrow the earthly gap between our CHRISTIAN potential and our Christ like performance. The overall goal is one of preparing us to meet our heavenly Father in a child like reflection of the character of our Lord Jesus Christ. The second half of the book is a genealogy of the earthly father and mother, their birth dates, their declarations of faith, and a history of each family. This volume can be bequeathed. We close with an epilogue of essential eternal truths. *A Dictionary for the Moorish Holy Koran* Abdul Raafi Saadi Bey, 2021-12-08 It is of great importance for this author to make it a matter of record that this material is not being published under the umbrella of the Moorish Science Temple of America or any member representative or officials operating under the M S T of A or any banner thereof. This author's sole purpose is to aid any and everyone who feel their circumstances could be better and seek to further their understanding of the philosophies and spirituality of Noble Drew Ali. The author views himself as a student of Ali and desires to extend the learning and truth of the Great Prophet of ALI in America. The enclosed material is written with purity in heart and if I am guilty of anything it is of rashly putting this work together in an effort to assist fallen humanity. May ALLAH be pleased with the good that is within me. **Afro and Indigenous Intersectionality in America as Nomen** Larry L. W. Miles, 2023-03-06 Afro and Indigenous Intersectionality in America as Nomen broadens the historical narrative of Indigenous Autochthonous and First World people who have been classified historically as Negro Black Colored Afro and African American. By addressing the ways in which the singular narrative of slavery codifies identity, this work moves beyond binary racial classifications and proposes the possibility of utilizing holistic historical narratives to foster group and personal identity. *The Aliites* Spencer Dew, 2019-08-20 Citizenship is salvation preached Noble Drew Ali, leader of the Moorish Science Temple of America, in the early twentieth century. Ali's message was an aspirational call for black Americans to undertake a struggle for recognition from the state, one that would both ensure protection for all Americans through rights guaranteed by the law and correct the unjust implementation of law that prevailed in the racially segregated United States. Ali and his followers took on this mission of citizenship as a religious calling, working to carve out a place for themselves in American democracy and to bring about a society that lived up to what they considered the sacred purpose of the law. In *The Aliites*, Spencer Dew traces the history and impact of Ali's radical fusion of law and faith. Dew uncovers the influence of Ali's teachings, including the many movements they inspired. As Dew shows, Ali's teachings demonstrate an implicit yet critical component of the American approach to law: that it should express our highest ideals for society, even if it is rarely perfect in practice. Examining this robustly creative yet largely overlooked lineage of African American religious thought, Dew provides a window onto religion, race, citizenship, and law in America. *The Key to the City of Heaven* Frank Limekiln, 2017-04-07 The title comes from the scripture in the Bible from the book of Matthew.
