This extended special edition is for anyone who wishes to own the complete story in all its stunning and extraordinary detail. This is genuinely and without question the lasting word from the world acknowledged authority. Instructor, 2005 The Cage-Busting Teacher Frederick M. Hess, 2015-04-01 The Cage Busting Teacher adopts the logic of Cage Busting Leadership and applies it to the unique challenges and opportunities of classroom teachers. Detailed, accessible and thoroughly engaging, it uncovers the many ways in which teachers can break out of familiar constraints in order to influence school and classroom practice, education policy and school reform. Cage busting is concrete, precise and practical, writes Frederick M. Hess. This invaluable book helps teachers understand why and how to revisit their assumptions and enables them to have greater impacts upon their schools and beyond. Based on interviews with hundreds of teachers, teacher advocates, union leaders and others, Hess identifies the challenges teachers face, seeks concrete and workable solutions and offers recommendations to put those solutions in place. A uniquely practical and inspiring book, *The Cage Busting Teacher* is for educators who want to shape the schools and systems in which they work. *Building Classroom Discipline* C. M. Charles, 2002 This text analyzes 17 models of school discipline developed by educational thinkers of the last half century and shows how they can be applied in realistic situations. The book critically analyzes and clarifies the most effective models of discipline, allowing readers to pick and choose what will work for them. Chapter previews highlight chapter content and where appropriate, significant accomplishments and philosophies of the theorists. The book addresses new trends such as students and teachers working collaboratively and students taking more responsibility for their behavior. *Teaching Dance as Art in Education* Brenda Pugh McCutchen, 2006 Brenda McCutchen provides an integrated approach to dance education using four cornerstones: dancing and performing, creating and composing, historical and cultural inquiry and analysis, and critiquing. She also illustrates the main developmental aspects of dance.
