MGM Films That Transformed Hollywood Steven Bingen,2022-11-01 Movies don't exist in a vacuum Each MGM movie is a tiny piece of a large colorful although often black and white quilt with threads tying it into all of the rest of that studio's product going forward yes but also backward and horizontally and three dimensionally across its entire landscape Not necessarily a best of compilation this book discusses the films that for one reason or another and not all of them good ones changed the trajectory of MGM and the film industry in general from the revolutionary use of Cinerama in 1962's *How the West Was Won* to Director Alfred Hitchcock's near extortion of the profits from the 1959 hit thriller *North by Northwest* And there are the studio's on screen self shoutouts to its own past or stars in films like *Party Girl* 1958 the *That's Entertainment* series *Garbo Talks* 1984 *Rain Man* 1955 and *De Lovely* 2004 or the studio's acquisition of other successful franchises such as James Bond But fear not what we consider MGM's classic films all get their due here often with a touch of irony or fascinating anecdote *Singin in the Rain* 1952 for example was in its day neither a financial blockbuster nor critically acclaimed but rather an excuse for the studio to reuse some old songs it already owned *The Wizard of Oz* 1939 cost almost as much to make as *Gone With the Wind* also 1939 and took ten years to recoup its costs But still the MGM mystique endures Like the popular Netflix series *The Movies that Made Us* this is a fascinating look behind the scenes of the greatest and at times notorious films ever made
