Universal Father A Life Of Pope John Paul II:

The Universal Father Garry O'Connor, 2008-12-12 Pope John Paul II is universally considered one of the great leaders of the twentieth century for his resolute resistance to Soviet Communism for his steadfast opposition to war and for opening up the papacy to ordinary people He will go down in history not only as the third longest serving pope but possibly the most politically influential of all 305 popes and antipopes since St Peter Born in Poland in 1920 Karol Wojtyla's early life experiences were of intense love and intense loss he was eight when his mother died twelve when his older brother died of scarlet fever and twenty when his severe but loving father died during the Nazi occupation An athlete a gifted poet playwright and actor by 1944 after a near fatal accident Wojtyla was studying for the priesthood in secret So began a lifelong quest to understand good and evil in the human heart Five years in the making Universal Father is a vivid and scrupulously researched portrait of this extraordinary man Beginning with Wojtyla's trying childhood and his early years as a priest in rural Poland and continuing on to his travels to Rome and his subsequent papal reign O'Connor's biography is unparalleled for the attention it also gives to the inner man including a subtle analysis of the pope's own poems plays and philosophical works An exploration of both the personal tragedies in the pope's life among them the assassination attempt in 1981 and the public triumphs such as the great public confrontations with Soviet Communism in his native Poland Universal Father is a revealing and profoundly moving testament

These cars not only had their own stories in terms of design ownership and the role they played but they are also a way of telling the story of the events themselves they are literally a vehicle for history In this book James Morrison takes 20 cars involved in twenty key 20th century world events and examines their involvement and history to provide a new angle and fascinating insights
