

What is Volition?

- “Where there’s a will, there’s a way.” - English Proverb
- **Volition** or **will** or self-control is the process by which a person decides on and commits to a particular course of action.
- Volitional processes can be applied consciously or they can be automatized as habits over time.
- It can also be called, “Grit”.
- See Grit Scale.

Volition And Personality

Julius Kuhl, Jürgen Beckmann

Volition And Personality:

Volition and Personality Julius Kuhl, Jürgen Beckmann, 1994 This is an impressive book which presents a profoundly new approach to analyzing human behavior The fundamental concept is to focus on how people link motivation with action and why they do or do not stick with their original intentions The fascinating studies reported here attempt to separate people into two groups 1 State oriented individuals who focus under stress on past present or future states rather than on options available for action versus 2 Action oriented individuals who focus under stress on action alternatives This book will be of great interest to both behavioral and cognitive psychologists psychophysicists and specialists in sport as well as aviation psychology

Why People Do the Things They Do Nicola Baumann, Miguel Kazén, Markus Quirin, Sander L. Koole, 2018-05-07 A unique and comprehensive book by leading researchers looking at motivation and volition How can we motivate students patients employees and athletes What helps us achieve our goals improve our well being and grow as human beings These issues which relate to motivation and volition are familiar to everyone who faces the challenges of everyday life This comprehensive book by leading international scholars provides integrative perspectives on motivation and volition that build on the work of German psychologist Julius Kuhl The first part of the book examines the historical trail of the European and American research traditions of motivation and volition and their integration in Kuhl's theory of personality systems interactions PSI The second part of the book considers what moves people to action how needs goals and motives lead people to choose a course of action motivation The third part of the book explores how people once they have committed themselves to a course of action convert their goals and intentions into action volition The fourth part shows what an important role personality plays in our motivation and actions Finally the fifth part of the book discusses how integrative theories of motivation and volition may be applied in coaching training psychotherapy and education This book is essential reading for everyone who is interested in the science of motivating people

Handbook of Motivation Science James Y. Shah, Wendi L. Gardner, 2008-01-01 Integrating significant advances in motivation science that have occurred over the last two decades this volume thoroughly examines the ways in which motivation interacts with social developmental and emotional processes as well as personality more generally The Handbook comprises 39 clearly written chapters from leaders in the field Cutting edge theory and research is presented on core psychological motives such as the need for esteem security consistency and achievement motivational systems that arise to address these fundamental needs the process and consequences of goal pursuit including the role of individual differences and contextual moderators and implications for personal well being and interpersonal and intergroup relations
