Muslim Women in Britain, 1850-1950 Sariya Cheruvallil-Contractor, Jamie Gilham, 2023-11-23 The history of British Islam and British Muslims is a growing area of interest among historians and the general public But whilst Muslim women have featured in some research their lives and experiences prior to the present day have remained obscure if not hidden in both academic and popular discussion Uncovering Muslim women s experiences and contributions to society in past generations is essential for us to build a full picture of Muslim life in Britain then and now This is the first book to address that gap telling the stories of Muslim women who lived in Britain between the mid nineteenth and mid twentieth centuries from Victorian times to the years immediately after the Second World War just before immigration profoundly affected the size and composition of Britain s Muslim communities It reveals a rich variety of experiences including Muslim women who travelled to or away from Britain and many who converted to Islam within the British Isles Underpinned by feminist historical approaches this groundbreaking book aims to make women visible where they have been hidden from or within history Its fascinating accounts will reinstate Muslim women as actors storytellers and storymakers who have shaped the history of Britain and of British Islam *Honderd jaar studie van Indonesië 1850-1950* Hendrik M. Persistence of Poverty in India Nandini Gooptu, Jonathan Parry, 2017-09-22 What distinguishes Persistence of Poverty from most other poverty studies is the way in which it conceptualises the problem This volume offers a variety of alternative analytical perspectives and fresh insights into poverty that are key to addressing the problem In looking at the day to day lived realities of the poor the volume points out that in order to understand poverty one must take into account the wider system of class and power relations in which it is rooted This volume suggests that democracy in India may be as big a part of the problem as it is of the solution

Bibliografía indigenista de México y Centroamérica (1850-1950) Manuel Germán Parra, Wigberto Jiménez Moreno, 1954 **Zoo** Eric Baratay, Elisabeth Hardouin-Fugier, 2004 Wild animals have fascinated human observers since time immemorial The story of our interest in collecting classifying and dominating Nature so that its inner workings could be understood also looms large in the history of science and thus it is surprising that the history of menageries zoological gardens and the zoo as we know it today has been so poorly documented This gap is addressed by Zoo a comprehensive history of the zoo in the Western world *Unveiling Indonesia* Library of Congress, 1996 *Cities and the Making of Modern Europe, 1750-1914* Andrew Lees, Lynn Hollen Lees, 2007-12-13 A survey of urbanization and the making of modern Europe from the mid eighteenth century to the First World War **An Atlas of the Himalayas by a 19th Century Tibetan Lama** Diana Lange, 2020-06-08 Diana Lange s patient investigations have in this wonderful piece of detective work solved the mysteries of six extraordinary panoramic maps of routes across Tibet and the Himalayas clearly hand drawn in the

late 1850s by a local artist known as the British Library's Wise Collection. Diana Lange now reveals not only the previously unknown identity of the Scottish colonial official who commissioned the maps from a Tibetan Buddhist lama but also the story of how the Wise Collection came to be in the British Library. The result is both a spectacular illustrated ethnographic atlas and a unique compendium of knowledge concerning the mid 19th century Tibetan world as well as a remarkable account of an academic journey of discovery. It will entertain and inform anyone with an interest in this fascinating region. This large format book is lavishly illustrated in colour and includes four separate large foldout maps. *Museum Studies* Bettina Messias Carbonell, 2012-04-23 Updated to reflect the latest developments in twenty first century museum scholarship the new Second Edition of *Museum Studies: An Anthology of Contexts* presents a comprehensive collection of approaches to museums and their relation to history, culture and philosophy. Includes a new section on relationships, interactions and responsibilities. Offers an updated bibliography and list of resources devoted to museum studies that makes the volume an authoritative guide on the subject. New entries by Victoria E. M. Cain, Neil G. W. Curtis, Catherine Ingraham, Gwyneira Isaac, Robert R. Janes, Sean Kingston, Barbara Kirshenblatt Gimblett, Sharon J. Macdonald, Saloni Mathur, Gerald McMaster, Sidney Moko Mead, Donald Preziosi, Karen A. Rader, Richard Sandell, Roger I. Simon, Crain Soudien, Paul Tapsell, Stephen E. Weil, Paul Williams and Andrea Witcomb. **Epidemiology and Control of Notifiable Animal Diseases** Julio Álvarez, Douwe Bakker, Javier Bezos, 2019-05-09 Surveillance, early detection, control and eradication of notifiable animal diseases is of critical importance for countries in order to maintain or improve their animal health status. This requires the collaboration of all stakeholders involved, including animal health authorities, livestock industry and veterinary research institutions among others. Prevention, control and eradication programs must take into account the characteristics of the host, including potential reservoirs, the pathogen, transmissibility, virulence and the environment, temperature, animal density but also the socio-economic context in which they have to be implemented, highly influenced by funding availability while at the same time guaranteeing compliance with international trade regulations. This has led to the adoption of a wide range of approaches to address the risk posed by specific pathogens in different countries and at the same time similar strategies have yielded very different results in different regions. This Research Topic includes a variety of manuscripts focusing on different aspects of surveillance, control and eradication of diseases of critical importance for livestock, including cattle, swine and wildlife, in an attempt to provide an overview of the current situation in different countries. **Collected Reprints** Karl Patterson Schmidt, 1921 **MenschenZoos** Pascal Blanchard, Nicolas Bancel, Gilles Boëtsch, Éric Deroo, Sandrine
