Vanished Without Trace Albert Jack, 2017-11-13 From the Author of the Internationally Bestselling Books Red Herrings either one of the world's most famous or something on a much smaller scale But writing a book on just one of these would have been relatively easy The challenge came from researching many of them and then condensing them down in a way that I know you my reader will enjoy them And that is in short sharp informative sections that can be read on the train bus queue or whilst you are waiting to pick the kids up from school In other words the challenge was to explain each mystery in a way you can enjoy and absorb in about ten minutes flat Therefore inevitably some information will be missing for which I apologise in advance But the missing detail isn

t critical to the basic story the core details of the mystery in question should all be in there And this brings me to an important point Given that I am a fan of the unknown and unexplained I have not set out to be a mystery buster in this series Instead I just wanted to tell the story reveal some little known detail and offer a rational explanation wherever I could I wanted to provoke a bit of thought and conversation wherever I could but leave you to decide the answer for yourselves does the story remain a mystery in your view or have you managed to piece together a theory of your own that you can share with friends Although to be fair I must admit there are some cases where I just couldn't resist presenting some of my own ideas and giving full rein to my scepticism But don't let that stop you from enjoying yourselves

Unexplained Lucy Doncaster, Andrew Holland, 2005 For centuries mankind has sought as yet in vain to solve the riddle of a diverse range of unexplained mysteries From disappearances ghosts and mind reading to curses oracles and creatures of myth This title comprises a collation of the most perplexing of all the world's inexplicable phenomena **The Darkest Unsolved Mysteries** Cedric Murphy, 2020-07-03 Real cases of perplexing disappearances shocking murders and paranormal encounters fuel this gripping book Inspired by the recently released Netflix series *Unsolved Mysteries* this book explains real and mysterious cases I'm sure they will leave you a lot to think about especially tonight before you go to sleep The victims say My hope is that there is somebody that's out there that knows the truth give us a little help that's what we're asking for I kept saying there's something bigger I'm gonna find out We may have something more sinister going on all these years we never spoke of it it just don't make sense I just can't forget about it I won't forget about it Some witnesses only remember details I saw a lot of lights all of a sudden everything erupted loudly I get goosebumps thinking about it His case needs to stay open it should have never closed I know something happened to him I know somebody did something to him What were they hoping to accomplish I'm here because I think there's hope I really do if you know something please come out There's something oddly alluring about an unsolved mystery It's the eeriness of blatant secrecy of those involved the unexplainable circumstances of how an event occurred and the queasy knowledge that truth exists That truth may never reach to the surface The original production of *Unsolved Mysteries* had 582 episodes between 1987 and 2002 created by John Cosgrove and Terry Dunn Meurer currently has new episodes since July The new *Unsolved Mysteries* series retains the essence that made it so popular maintains the chilling feeling that viewers loved about the original while telling the stories through the lens of a Netflix documentary series Each episode focuses on a mystery This book addresses in written documentary format

certain events loaded with mystery or paranormal issues a good starting point for conspiracy by addressing issues such as UFO sightings or murders in mysterious circumstances Merging the characteristic elements of the original series with an engaging character centred contemporary narrative these new written episodes are based on the experiences of ordinary people who lived through unthinkable things from the trauma of an unexplained disappearance or the bloody death of a loved one to the horror of a paranormal and bizarre encounter Accompanied by detectives and journalists the relatives give clues present theories and identify suspects hoping that a reader will hold the key to solving the mystery
