A Scheme of Heaven Alexander Boxer, 2020-01-14 An illuminating look at the surprising history and science of astrology civilization's first system of algorithms from Babylon to the present day Humans are pattern matching creatures and astrology is the universe's grandest pattern matching game In this refreshing work of history and analysis data scientist Alexander Boxer examines classical texts on astrology to expose its underlying scientific and mathematical framework Astrology he argues was the ancient world's most ambitious applied mathematics problem a monumental data analysis enterprise sustained by some of history's most brilliant minds from Ptolemy to al Kindi to Kepler Thousands of years ago astrologers became the first to stumble upon the powerful storytelling possibilities inherent in numerical data To correlate the configurations of the cosmos with our day to day lives astrologers relied upon a scheme of heaven or horoscope showing the precise configuration of the planets at a particular instant in time as viewed from a

particular place on Earth Although recognized as pseudoscience today horoscopes were once considered a cutting edge scientific tool Boxer teaches us how to read these esoteric charts and appreciate the complex astronomical calculations needed to generate them by diagramming how the heavens appeared at important moments in astrology s history from the assassination of Julius Caesar as viewed from Rome to the Apollo 11 lunar landing as seen from the surface of the Moon He then puts these horoscopes to the test using modern data sets and statistical science arguing that today s data scientists do work similar to astrologers of yore By looking back at the algorithms of ancient astrology he suggests we can better recognize the patterns that are timeless characteristics of our own pattern matching tendencies At once critical rigorous and far ranging A Scheme of Heaven recontextualizes astrology as a vast technological project spanning continents and centuries that foreshadowed our data driven world today

A Guide to Mark Frank W. Hughes,2025-06-13 This book will introduce you to the oldest gospel in the New Testament the Gospel according to

Mark In addition to a look at the ways in which we currently study the Gospels this book will comment on each of the passages in the Gospel of Mark The final chapter of this book considers the Gospel of Mark as a whole namely its characteristic ways of presenting Jesus and the apostles the meaning of miracles echoes of the Old Testament prophets Elijah and Elisha the relationships among the Gospels of Mark Matthew and Luke and Mark's strong criticism of the early church

A Dictionary of the Bible James Hastings, 2004-10 For over a century the ten volume Dictionary of the Bible has been the definitive reference It is a Dictionary of the Old and New Testaments together with the Old Testament Apocrypha according to the Authorized and Revised English Versions and with constant reference to the original tongues Articles have been written on the names of all Persons and Places on the Antiquities and Archaeology of the Bible on its Ethnology Geology and Natural History on Biblical Theology and Ethic and even on the obsolete or archaic words occurring in the English Versions James Hastings 1852-1922 was a distinguished scholar and pastor He was founder and editor of the Expository Times and is also well known for editing the Encyclopaedia of Religion and Ethics the Dictionary of Christ and the Gospels and the Dictionary of the Apostolic Church *Dimensions of Yahwism in the Persian Period* Gard Granerød, 2016-07-25 What was Judaeon religion in the Persian period like Is it necessary to use the Bible to give an answer to the question Among other things the study argues that the religion practiced in the 5th c BCE Elephantine community and which is reflected in the so called Elephantine documents represent a well attested manifestation of lived Persian period Yahwism as religio historical sources the Elephantine documents reveal more about the actual religious practice of the Elephantine Judaeans than what the highly edited and canonised texts of the Bible reveal about the religious practice of the contemporary Yahwistic coreligionists in Judah and the image of the Elephantine Judaism emerging from the Elephantine documents can revise the canonised image of Judaeon religion in the Persian period cf A Assmann The Elephantine Yahwism should not be interpreted within a framework dependent upon theological conceptual and spatial concepts alien to it such as biblical ones The study proposes an alternative framework by approaching the Elephantine documents on the basis of N Smart's multidimensional model of religion Elephantine should not be exotified but brought to the very centre of any discussion of the history of Judaism

Economic Analysis in Talmudic Literature Roman Ohrenstein, Barry Gordon, 2009-06-01 This lucidly written study is unique in that there is no book extant by an economic historian that discusses Talmudic economics in the light of modern economics Its major focus is on the intricate debates statements and principles that were forged by the Talmudic Rabbis This ancient storehouse of learning includes a wealth of economic knowledge of modern sophistication The book taps these economic treasures by way of analytic inquiry The authors both economic historians and economists through their study of the original dialectics in the Talmud were able to discern a wide range of macro and micro economic ideas of major significance These concepts when viewed from either a contemporary or a modern perspective display an extraordinary degree of insight and sophistication Indeed sections of the Talmud and the reflections of subsequent commentators on those

passages embody a wealth of economic thought that was later to become significant in the reasoning of political economists or of their professional academic successors A Dictionary of the Bible: Pleroma-Zuzim James Hastings, John Alexander Selbie, Andrew Bruce Davidson, Samuel Rolles Driver, Henry Barclay Swete, 1902 *The Zondervan Encyclopedia of the Bible, Volume 1* Merrill C. Tenney, 2010-08-10 Revised edition Volume 1 of 5 The Zondervan Encyclopedia of the Bible has been a classic Bible study resource for more than thirty years Now thoroughly revised this new five volume edition provides up to date entries based on the latest scholarship Beautiful full color pictures supplement the text which includes many new articles in addition to thorough updates and improvements of existing topics Different viewpoints of scholarship permit a well rounded perspective on significant issues relating to doctrines themes and biblical interpretation The goal remains the same to provide pastors teachers students and devoted Bible readers with a comprehensive and reliable library of information More than 5 000 pages of vital information on Bible lands and people More than 7 500 articles alphabetically arranged for easy reference Hundreds of colorful maps illustrations charts and graphs Scholarly articles ranging across the entire spectrum of theological and biblical topics backed by the most current body of archaeological research Over 250 contributors from around the world Introductions to each book of the Bible Bibliographies and helpful cross references **India's Bene Israel** Shirley Berry Isenberg, 1988 **Wisdom Commentary: Tobit** Michele Murray, 2023-08-15 Blindness by bird excrement seven husbands murdered by a love sick demon a father with the corpses of his sons in law interred in the backyard and a magical fish These farcical elements make the book of Tobit a striking work of humorous fiction in a long Jewish tradition of storytelling But it is more than just an entertaining read We might well laugh but we cannot laugh too hard for we also sympathize with the characters sincere struggles to understand God's plan for their lives This commentary considers the book of Tobit through a specifically feminist lens discoursing on topics fundamental to the human experience in the story such as grief death family relationships belonging to a minority community disability issues and contending with why bad things happen to good people
