Understanding youth and crime

Listening to youth?

Sheila Brown

Understanding Youth And Crime Crime Justice

Anthony S. Fauci

Understanding Youth And Crime Crime Justice:

Understanding Youth and Crime Sheila Brown, 2005-08-16 Reviewers comments on the first edition This is an excellent introductory textbook on youth and crime It is excellent not only in its analysis of criminological questions about youthful offending but also because it positions the debate within a wider context of the relationship between young people and society Young People Now The style is lively and readable and the reader is pointed unobtrusively within the text towards the work of the leading authors in the field a thorough and thoughtful introduction to the subject Social Policy a critical and scholarly summary of the state of research and theorizing around youth and crime This book provides a useful and challenging overview of the topic for undergraduate students The Times Higher Education Supplement This book is an accessible introduction to the subject of youth and crime The author explores the social construction of childhood and youth and looks at the role of the media in creating a strong association of young people with crime and disorder which sustains processes of marginalization and exclusion and leads to frequent panics about youth crime The importance of media representations of race and gender in these processes are also explored The second edition is substantially revised and updated to take account of new political events and legislative developments including A new chapter on the phenomenon of cybercrime A critical examination of recent developments in youth justice policy A new chapter on the impact of globalization on young people which raises major issues around poverty war and the commercial exploitation of children This is a key text for students in criminology sociology social policy and cultural studies

Youth and Crime John Muncie, SAGE Publications Ltd, 2021-03-03 The most comprehensive and authoritative textbook on youth crime and youth justice Extensively updated to reflect changes in the youth justice system and contemporary debates around youth crime this fifth edition of Youth and Crime Includes new chapters on developmental and life course theories and punitive justice strategies Has been significantly expanded with new sections on the politicisation of youth crime knife crime and gangs child refugees climate justice child on child homicide and localised criminal exploitation Features increased coverage of policing strategies including sections on policing public space and rethinking youth justice Complete with a new two colour design chapter outlines summary boxes study questions further reading lists useful website lists and a glossary this textbook expertly guides students through their studies in youth and crime

Understanding Youth and Crime Sheila Brown, 1998 Youth has been a focus of the sociologies of deviance popular culture and criminology The text reassesses the growing body of writing and research about crime and young people It provides a critical introduction to the study of youth crime and punishment of the social construction of youth crime and punishment an examination of developments in policy and practice since the 1970s and an assessment of new trends in research and theory It offers a critical treatment of the marginalization of young people as spectacular and deviant and calls for a criminology that listens to youth

Understanding Youth Offending Stephen Case, Kevin Haines, 2013-05-13 This book aims to provide an understanding of youth offending and policy and practice

responses particularly the risk focused approaches that have underpinned much recent academic research youth justice policy and interventions designed to reduce and prevent problem behaviour There has been growing concern however on the part of critical criminologists and others about the theoretical epistemological methodological and ethical bases of risk focused research with young people They have pointed particularly to the overly deterministic and prescriptive nature of the risk factor paradigm This book aims to meet the need for an exploration of youth justice and youth offending which takes account of the origins and contemporary manifestations of risk focused work with young people It analyses the influence of concepts of risk upon policy development in both England and Wales as well as internationally highlighting tensions between the proponents of risk factor research and methodological and ethical criticisms of the risk factor paradigm It will be essential reading for anybody wishing to understand risk factor explanation of crime contemporary youth justice policy and responses to offending behaviour

Crime, Justice and the Media Ian Marsh, Gaynor Melville, 2019-02-18 *Crime Justice and the Media* examines and analyses the relationship between the media and crime criminals and the criminal justice system This expanded and fully updated third edition considers how crime and criminals have been portrayed by the media throughout history applying different theoretical perspectives to the way crime criminals and justice are reported It also includes a new chapter that looks at the influence of film and the cinema on crime and justice The third edition of *Crime Justice and the Media* focuses on the media representation of a range of different areas of crime and criminal justice including new media technology e g social network sites moral panics over specific crimes and criminals e g youth crime cybercrime paedophilia media portrayal of victims of crime and criminals how the media represent criminal justice agencies e g the police and prison service This book offers a clear accessible and comprehensive analysis of theoretical thinking on the relationship between the media crime and criminal justice and a detailed examination of how crime criminals and others involved in the criminal justice process are portrayed by the media With exercises questions and further reading in every chapter this book encourages students to engage with and respond to the material presented thereby developing a deeper understanding of the links between the media and criminality

Youth Crime and Justice Barry Goldson, John Muncie, 2006-05-15 *Youth Crime and Justice* presents a detailed and comprehensive critical analysis of evidence from leading national and international scholars As such it provides a powerful antidote to the excesses of contemporary correctionalism Professor Andrew Rutherford University of Southampton *Youth Crime and Justice* is the most comprehensive and up to date collection on the market today A must for all researchers teachers and students of youth justice Professor Tim Newburn London School of Economics and Political Science and President of the British Society of Criminology For the first time leading national and international scholars have been brought together to engage explicitly with a comprehensive critical assessment of the relation between evidence and contemporary youth justice policy formation This book along with its companion volume *Comparative Youth Justice* edited by John Muncie and Barry Goldson will significantly advance the

development of an emerging youth criminology The book is essential reading for criminology and criminal justice students researchers and practitioners Contributors Affiliations Tim Bateman is a Senior Policy Development Officer with Nacro a UK based crime reduction agency Chris Cunneen is Professor of Criminology and Director of the Institute of Criminology at the University of Sydney Matthew Follett is a Lecturer in Criminology at the University of Leicester Loraine Gelsthorpe is a Reader in Criminology and Criminal Justice at the Institute of Criminology University of Cambridge Barry Goldson is a Senior Lecturer in Sociology at the University of Liverpool England Kevin Haines is Head of Applied Social Sciences at the University of Swansea Lynn Hancock is a Lecturer in Sociology at the University of Liverpool Harry Hendrick is an Associate Professor of History at the University of Southern Denmark Gordon Hughes is Professor of Criminology at the International Centre for Comparative Criminological Research at the Open University Fergus McNeill is a Senior Lecturer at the Glasgow School of Social Work Universities of Glasgow and Strathclyde Phil Mizen is a Senior Lecturer in Sociology at the University of Warwick John Muncie is Professor of Criminology and Co Director of the International Centre for Comparative Criminological Research at the Open University David O Mahony is a Senior Lecturer in Youth Justice at the Institute of Criminology and Criminal Justice School of Law Queen s University Belfast Gilly Sharpe is a Doctoral Research Student at the Institute of Criminology University of Cambridge David Smith is Professor of Criminology at Lancaster University Roger Smith is a Lecturer in Social Work at the University of Leicester Colin Webster is a Senior Lecturer in Criminology at the University of Teesside Rob White is Professor of Sociology and Head of the School of Sociology and Social Work at the University of Tasmania

Understanding Youth In Late Modernity France, Alan, 2007-04-01 Understanding Youth in Late Modernity is a highly readable book which lends itself both as a solid introduction and a reference point to the historical developments and theoretical debates taking place within the discipline of youth studies This book provides a highly accessible text for anybody interested in the subject of youth and its changing role in late modernity I thoroughly recommend it Journal of Contemporary European Studies This illuminating new book embeds our understanding of the youth question within a historical context It shows how the ideas of past political action in conjunction with the diverse paradigms of social science disciplines have shaped modern conceptions of the youth question This relationship between the political and the academic is then explored through a detailed examination of contemporary debates about youth in areas such as transitions education crime policy and criminology consumption and youth culture From this analysis the book is able to show how the youth question in late modernity is being shaped This important text includes A historical overview of the making of modern youth identifying major changes that took place over three centuries Examples of how political and academic responses construct youth as a social problem An evaluation of the impact of social change in late modernity on our understanding of the youth question and the everyday lives of the young The book concludes by suggesting that in contemporary understandings of the youth question significant differences exist between the political and the academic Major challenges

exist if this gap is to be addressed and a new public social science needs to emerge that reconstitutes debates about youth within a form of communicative democracy Understanding Youth in Late Modernity is key reading for students and academics interested in the historical conception of the youth problem its evolution throughout modernity and endeavours to find a solution *Youth, Crime, and Justice* Clayton A Hartjen, 2008-03-25 Close to half of the world's population is below the age of criminal jurisdiction in most countries Many of these young people are living in poverty and under totalitarian regimes Given their deprived and often abject circumstances it is not surprising that many of them become involved in crime In *Youth Crime and Justice* Clayton A Hartjen provides a broad overview of juvenile delinquency how it manifests itself around the world and how societies respond to misconduct among their children Taking a global rather than country specific approach chapters focus on topics that range from juvenile laws and the correction of child offenders to the abuse exploitation and victimization of young people Hartjen includes specific examples from the United States Australia Spain Switzerland New Zealand Japan India Egypt and elsewhere as he sorts through the various definitions of delinquent and explores the differences in behavior that contribute to these classifications Most importantly his in depth and comparative look at judicial systems worldwide raises questions about how young offenders should be corrected and how much fault can be laid on misbehaving youths acting out against the very societies that produced them *Understanding Criminal Justice* Azrini Wahidin, Nicola Carr, 2013-02-15 Few subjects provoke as much public fascination and political concern as crime criminality criminology and criminal justice policy and practice *Understanding Criminal Justice* seeks to provide students with a critical introduction to the range of theoretical policy and operational issues faced by the criminal justice system in England Wales Scotland and Northern Ireland at the beginning of the twenty first century It anticipates little or no prior knowledge of criminal justice and seeks to provide an introduction to the area This critical textbook provides both a thorough overview of the procedures central to the workings of the criminal justice system and a distillation of the topical debates that surround it It outlines the political and historical context detailing key procedures and challenging students to engage with current debates Containing chapters on policing prosecution community justice and alternative modes of justice this text provides a comprehensive coverage of the key topics included within undergraduate criminology programmes at an introductory level Written in a lively and accessible style this book will also be of interest to general readers and practitioners in the criminal justice system *Offending Youth* Kerry Carrington, Margaret Pereira, 2009 Rates of female delinquency especially for violent crimes are increasing in most common law countries At the same time the growth in cyber bullying especially among girls appears to be a related global phenomenon While the gender gap in delinquency is narrowing in Australia United States Canada and the United Kingdom boys continue to dominate the youth who commit crime and have a virtual monopoly over sexually violent crimes Indigenous youth continue to be vastly over represented in the juvenile justice system in every Australian jurisdiction The Indigenisation of delinquency is a persistent problem in other countries

such as Canada and New Zealand Young people who gather in public places are susceptible to being perceived as somehow threatening or riotous attracting more than their share of public order policing Professional football has been marred by repeated scandals involving sexual assault violence and drunkenness Given the cultural significance of footballers as role models to thousands if not millions of young men around the world it is vitally important to address this problem Offending Youth explores these key contemporary patterns of delinquency the response to these by the juvenile justice agencies and moreover what can be done to address these problems The book also analyses the major policy and legislative changes from the nineteenth to twenty first centuries chiefly the shift the penal welfarism to diversion and restorative justice Using original cases studied by Carrington twenty years ago Offending Youth illustrates how penal welfarism criminalised young people from socially marginal backgrounds especially Aboriginal children children from single parent families family less children state wards and young people living in poverty or in housing commission estates A number of inquiries in Australia and the United Kingdom have since established that children committed to these institutions supposedly for their own good experienced systemic physical sexual and psychological abuse during their institutionalisation The book is dedicated to the survivors of these institutions who only now are receiving official recognition of the injustices they suffered The underlying philosophy of juvenile justice has fundamentally shifted away from penal welfarism to embrace positive policy responses to juvenile crime such as youth conferencing cautions warnings restorative justice circle sentencing and diversion examined in the concluding chapter Offending Youth is aimed at a broad readership including policy makers juvenile justice professionals youth workers families teachers politicians as well as students and academics in criminology policing gender studies masculinity studies Indigenous studies justice studies youth studies and the sociology of youth and deviance more generally
