Understanding Federalism And Federation Federalism Studies:

Understanding Federalism and Federation Dr Sean Mueller, Dr Soeren Keil, Professor Alain-G Gagnon, 2015-08-28

Based on a variety of contemporary debates on federal theory Understanding Federalism and Federation honours Michael Burgess contribution to the study of these topics through a selection of approaches theories debates and interpretations Gathering contributors from diverse subfields to synthesize current debates it offers a snapshot of the immense range of current research on federalism and federation Leading authors debate key issues such as American federalism Canada and the role of Quebec the latest insights into comparative federalism and federation the European Union as a federal project and the analysis of constitutional courts in federal systems Different theoretical and empirical fields and perspectives are brought together synthesizing major findings and addressing emerging issues and these topics are analysed through multiple lenses to provide new insights original approaches and much needed theoretical and empirical data on federalism and federation

Understanding Federalism and Federation Alain-G. Gagnon, Soeren Keil, 2016-03-09 Based on a variety of contemporary debates on federal theory Understanding Federalism and Federation honours Michael Burgess contribution to the study of these topics through a selection of approaches theories debates and interpretations Gathering contributors from diverse subfields to synthesize current debates it offers a snapshot of the immense range of current research on federalism and federation Leading authors debate key issues such as American federalism Canada and the role of Quebec the latest insights into comparative federalism and federation the European Union as a federal project and the analysis of constitutional courts in federal systems Different theoretical and empirical fields and perspectives are brought together synthesizing major findings and addressing emerging issues and these topics are analysed through multiple lenses to provide new insights original approaches and much needed theoretical and empirical data on federalism and federation *Understanding Federalism and Federation* Alain Gagnon, Sean Mueller, 2015 **Understanding Federalism and Federation** Alain-G

Gagnon, Soeren Keil, Sean Mueller, 2015-08-01 Based on a variety of contemporary debates on federal theory Understanding Federalism and Federation honours Michael Burgess contribution to the study of these topics through a selection of approaches theories debates and interpretations Gathering contributors from diverse subfields to synthesize current debates it offers a snapshot of the immense range of current research on federalism and federation Different theoretical and empirical fields and perspectives are brought together synthesizing major findings and addressing emerging issues and these topics are analysed through multiple lenses to provide new insights original approaches and much needed theoretical and empirical data on federalism and federation *A Research Agenda for Federalism Studies* John Kincaid, 2019-12-27 In this forward thinking book fifteen leading scholars set forth cutting edge agendas for research on significant facets of federalism including basic theory comparative studies national and subnational constitutionalism courts self rule and shared rule centralization and decentralization nationalism and diversity conflict resolution gender equity and federalism challenges in

Africa Asia and the European Union More than 40 percent of the world's population lives under federal arrangements making federalism not only a major research subject but also a vital political issue worldwide

Federalism and National Diversity in the 21st Century Alain-G. Gagnon, Arjun Tremblay, 2020-03-21 This edited volume explores the obstacles to and opportunities for the development and entrenchment of a sustainable and representative multinational federalism. In doing so it tackles a striking puzzle: on the one hand, scholars agree that deeply diverse multinational and multiethnic democracies should adopt federal structures that reflect and empower territorially concentrated diversity. On the other hand, there are very few, if any, real examples of enshrined and fully operative substantive multinational federalism. What are the main roadblocks to the adoption of multinational federalism? Can they be overcome? Is there a roadmap to realizing multinational federalism in the twenty-first century? In addressing these questions, this book brings together scholars from across the globe who explore a diverse range of cases from different and innovative analytical approaches. The chapters contribute to answering the above questions each in their own way while also addressing other important aspects of multinational federalism. The book concludes that the way forward likely depends on the emergence of a specific set of norms and a receptiveness to the complex institutional design.

Europe's Hidden Federalism Bojan Kovacevic, 2017-05-18 The hidden federal features of the European Union help explain the challenges of legitimacy, democracy, and freedom that face an unfinished political community. Ideas about federalism and the reality of existing federal states cannot be sharply divided in an analysis of the EU's multilevel political order, but so far both scholars and major decision makers have shown interest only in the normal functioning of federal systems, ignoring the dilemma of the federation's legitimate authority. This has resulted in an existential crisis for the EU which has become ever more manifest over recent years. This book employs a combination of political philosophy and political science of federal philosophic ideas and their traces in real federal institutions in order to achieve the task of understanding the federal features of the EU governance system. The first part of the work focuses on building an appropriate theoretical framework to explain the new meanings attached to familiar notions of democracy, legitimacy, and citizenship in the context of a political community like the EU. In the second part, the federal features of the EU's political system are examined in comparison to other current and historical federal perspectives like the US, Switzerland, Yugoslavia, and Germany. Through an analysis of the hidden federal aspects of the EU and the links between hidden federalism and the EU's legitimacy crisis, this book reveals the patterns that should be avoided and gives us guidelines that should be followed if the EU is to become democratic and politically united without jeopardising the state character of its members.

Defensive Federalism Ferran Requejo, Marc Sanjaume-Calvet, 2022-09-16 Defensive Federalism presents an original contribution to the field of federalism and multinational democracies, exploring the concept of defensive federalism as a protection of self-government against the tyranny of the majority. The empirical evidence on federal and regional polities often shows critical imbalances in the territorial division of powers beyond what has been formally established in the

constitutional rules This volume highlights the rights institutions decision making processes and procedural rules that can protect and develop the practical political economic and cultural powers of federated and regional entities especially those linked to territorial national minorities The authors focus on federalism as a safeguard of self rule as well as a set of institutional and procedural rules to avoid the territorial dimension of the tyranny of the majority They answer two fundamental questions how is it possible to design new stable and fairer federal agreements between national minorities and majorities where there is no single ideal solution Is there a need for a new kind of defensive federal model for approaching national pluralism in liberal democracies This book will be of great interest to students and scholars of federalism national diversity and democracy as well as policymakers and practitioners in both public and private institutions Chapter 8 of this book is freely available as a downloadable Open Access PDF under a Creative Commons Attribution 4 0 license available at <http://www.taylorfrancis.com>

Explaining Federalism Jan Erk, 2007-09-12 This book deals with the theoretical and empirical questions of federalism in the context of five case studies Austria Belgium Canada Germany and Switzerland The central argument is that in the long run the political institutions of federalism adapt to achieve congruence with the underlying social structure This change could be in the centralist direction reflecting ethno linguistic homogeneity or in decentralist terms corresponding to ethno linguistic heterogeneity In this context the volume fills a gap in the comparative federalism literature by analyzing the patterns of change and continuity in five federal systems of the industrial west this is done by an in depth empirical examination of the case studies through a single framework of analysis illustrates the shortcomings of new institutionalist approaches in explaining change highlighting the usefulness of society based approaches in studying change and continuity in comparative politics Explaining Federalism will be of interest to students and scholars of federalism comparative government comparative institutional analysis and comparative public policy

Dynamic Federalism Patricia Popelier, 2021-03-09 This book offers a new theory of federalism The work critically discusses traditional federal theories and builds on theories that focus on the dynamics of federalism It offers a definition of federalism and federal organizations that encompasses both new and old types of multi tiered system Unlike traditional federal theory it is well suited to research both multinational and mononational systems It also takes into account the complexity of these systems with bodies of governance at the local regional national and supranational level The book is divided into three parts the first part outlines the contours of dynamic federalism based on a critical overview of traditional federal theory the second part develops comprehensive indexes to measure autonomy and cohesion of multi tiered systems and the third part focuses on the dynamics of federal organizations with a special focus on institutional hubs for change Dynamic Federalism will be an essential resource for legal social economic and political scholars interested in federalism regionalism and de centralization

Enjoying the Song of Phrase: An Psychological Symphony within **Understanding Federalism And Federation Federalism Studies**

In some sort of consumed by displays and the ceaseless chatter of instantaneous connection, the melodic splendor and psychological symphony created by the published term often disappear in to the back ground, eclipsed by the persistent noise and interruptions that permeate our lives. Nevertheless, set within the pages of **Understanding Federalism And Federation Federalism Studies** a stunning literary value brimming with organic emotions, lies an immersive symphony waiting to be embraced. Constructed by an outstanding composer of language, that interesting masterpiece conducts visitors on a mental journey, skillfully unraveling the concealed tunes and profound affect resonating within each cautiously crafted phrase. Within the depths of the emotional assessment, we shall explore the book is key harmonies, analyze its enthralling writing type, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
