the Galatians is one of the most beautiful ever written showing us the good news of the gospel thereby magnifying God's great love to the human race. The author of this book Dr. Ellet J. Waggoner was not only an excellent physician but an evangelist and co-editor of *The Signs of the Times*. At the 1888 Minneapolis General Conference of Seventh-day Adventists, young E. J. Waggoner delivered a series of lectures on the book of Galatians. The message of salvation only by faith in Jesus Christ was Martin Luther's great theme out of which was born the Protestant Reformation of the sixteenth century. *The Glad Tidings* reemphasizes this wonderful message and portrays the righteousness of Christ. *Concepts of Original Medicine* Jim Sharps, With degenerative chronic diseases plaguing millions of Americans, the principles described in this book can revolutionize the health and vitality of many. The author explains the theoretical and biblical underpinnings of original medicine and then explains the eight natural laws of health which can prevent and treat many diseases. The reader will glean practical methods to improve their health by aligning with the Creator's original healthcare plan. Not only is this healthcare plan highly effective but it is also low cost because it uses resources that God freely provides for our care and healing.
