Muslim Women in Austria and Germany Doing and Undoing Gender Constanze Volkmann, 2018-10-01 Constanze Volkmann develops an innovative new gender theory labeled doing and undoing gender Based on empirical findings she examines the highly debated intersection of gender and Islam The analysis of interviews with various Muslim women unravels the many different ways in which gender is done and undone Especially with regard to potential gender hierarchies the results reveal that the category gender is irrelevant to many Muslim women and is even used as a means to foster their status and power as women This book makes a substantial contribution to a differentiated social debate at eye level with Muslim women

Re-negotiating Gender Lake Lui, 2012-09-03 In Chinese societies where both money and gender confer power can a woman's economic success relative to her husband's bring about a more equal division of household labor Lui's qualitative study of status reversed Hong Kong families wherein wives earn more than their husbands examines how couples re negotiate household labor in ways that perpetuate male dominance within the family even when the traditional gender expectation that men rule outside women rule inside nanzhuwai nuzhunei is challenged Going beyond the dyadic negotiation of household labor this important study also explores the role of third parties namely the couples children and parents who actively encourage couples to conform to traditional gender norms thereby reproducing an unequal division of household labor Based upon the experiences of families with stay at home dads Lui further identifies a new mechanism of deconstructing gender by which couples concertedly construct new norms of work and gender that they maintain through daily interactions to fit their atypical relative earnings As a result there are sparks of hope that both men and women can be liberated from a set of traditional social norms
Re negotiating Gender Household Division of Labor When She Earns More than He Does is essential reading in the fields of family and gender studies sociology psychology and East Asian studies
A Critique of Liberal Cynicism Will Barnes, 2022-07-26 Where does Extreme Liberal Cynicism so common in academic and popular culture come from and is it capable of solving the problems it identifies
A Critique of Liberal Cynicism Peter Sloterdijk
Judith Butler and Critical Liberalism identifies the motivations and resources within liberal cynicism and their potential for overcoming its pernicious extremes Will Barnes describes Extreme Liberal Cynicism as a product of mourning guilt and the experience of powerlessness stemming from the trauma of holding liberal investments in a world in which these investments are vulnerable to ideological critique and seem to have failed Extreme Liberal Cynicism seeks invulnerability through disavowing the efficacy of its constitutive ideals achieved via a reified hopelessness that eclipses trauma guilt and disempowerment leaving the cynic unhappy alienated hostile obstinate delusional and desperate thus it is a failing self

defense mechanism Barnes argues that although Extreme Liberal Cynicism is rationally unjustifiable and intrinsically harmful it also contains the impetus for a reappropriation of its complex desires and losses This adjustment could compel the extreme cynic to maintain a moderate critical liberal cynicism committed to critiquing and reinvigorating its constitutive ideals of freedom equality and justice and thereby contribute positively to progressive politics The Gender Trap Emily W. Kane,2012-08-27 A detailed account of how gender is learned and unlearned in the home From the selection of toys clothes and activities to styles of play and emotional expression the family is ground zero for where children learn about gender Despite recent awareness that girls are not too fragile to play sports and that boys can benefit from learning to cook we still find ourselves surrounded by limited gender expectations and persistent gender inequalities Through the lively and engaging stories of parents from a wide range of backgrounds The Gender Trap provides a detailed account of how today s parents understand enforce and resist the gendering of their children Emily Kane shows how most parents make efforts to loosen gendered constraints for their children while also engaging in a variety of behaviors that reproduce traditionally gendered childhoods ultimately arguing that conventional gender expectations are deeply entrenched and that there is great tension in attempting to undo them while letting boys be boys and girls be girls **Special Issue** Nelly P.
