Union Pacific A Western Story:

Union Pacific Zane Grey, 2015-11-24 From one of the most beloved Western authors comes an epic historical tale of adventure and romance in the great wilderness Against the epic backdrop of the building of the Union Pacific Railroad across plains and deserts and through the mountains to meet up with the Southern Pacific in Utah comes a sprawling historical tale Warren Neale is a brilliant civil engineer who is constantly confronted with construction problems He is sided by Larry Red King a Texas gunfighter and friend Allie Lee who is heading east from California on a wagon train is the sole survivor of an Indian raid in the Black Hills Neale and a small company of US cavalry find Allie hidden at the scene and nearly out of her mind in terror Al Slingerland a trapper and buffalo hunter has a cabin in a nearby valley and Allie is taken there to recover Benton is the wild town set up overnight to service the vices of the multitude of railroad workers The only law is that which the soldiers impose but their concern is not really in enforcing law in Benton but in protecting the men laying the tracks and the supply trains In addition to the natural obstacles that impede the building of the Union Pacific workers must contend with the equally great weight of constant graft and corruption against which Larry Red King s guns can afford no protection In this magnificent panorama of constant danger and adventure the many lives involved including ruthless gamblers and women of the evening and the slow but monumental progress of the laying of the track through the wilderness Zane Grey vividly brings to life a lost time and society in a grand novel now published as he had first written it Skyhorse Publishing is proud to publish a broad range of books for readers interested in fiction that takes place in the old West Westerns books about outlaws sheriffs chiefs and warriors cowboys and Indians are a genre in which we publish regularly Our list includes international bestselling authors like Zane Gray and Louis L Amour and many more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home **The Story of the Western Railroads** Robert E.

Audiovisual Culture K.J. Donnelly, 2023-12-22 The Synergy of Music and Image in Audiovisual Culture Half Heard Sounds and Peripheral Visions asks what it means to understand music as part of an audiovisual whole rather than separate components of music and film Bringing together revised and updated essays on music in a variety of media including film television and video games this book explores the importance of partially perceived and registered auditory and visual elements and cultural context in creating unique audiovisual experiences Critiquing traditional models of the film score The Synergy of Music and Image in Audiovisual Culture enables readers across music film and cultural studies to approach and think about audiovisual culture in new ways **Magazine of Western History** , 1888 Magazine of Western History

and Pat Browne Award for Best Edited Collection in Popular and American Culture One of the greatest untold stories about the globalization of the Western is the key role of comics Few American cultural exports have been as successful globally as the Western a phenomenon commonly attributed to the widespread circulation of fiction film and television The Comic Book Western centers comics in the Western s international success Even as readers consumed translations of American comic book Westerns they fell in love with local ones that became national or international sensations These essays reveal the unexpected cross pollinations that allowed the Western to emerge from and speak to a wide range of historical and cultural contexts including Spanish and Italian fascism Polish historical memory the ideology of sh jo manga from Japan British post apocalypticism and the gothic race and identity in Canada Mexican gender politics French critiques of manifest destiny and gaucho nationalism in Argentina The vibrant themes uncovered in The Comic Book Western teach us that international comic book Westerns are not hollow imitations but complex and aesthetically powerful statements about identity culture and politics

The Six-gun Mystique Sequel John G. Cawelti, 1999 To this structural analysis he adds a new account of the genre s history and its relationship to the myths of the West which have played such an influential role in American history
