United States Encyclopedia Americas People Places And Events:

United States Encyclopedia Jimmy Carter,National Geographic Kids,2015 Beginning with a thematic section covering topics from early America to civil rights population and the new millennium the United States Encyclopedia then delves into essays on each state and the U S territories Also included U S facts and figures a listing of the presidents and overviews of important historical American documents 45 People, Places, and Events in Black History You Should Know Daniel J. Middleton,2021-12-01 Did you know that a black man founded Chicago Illinois Did you know that the iconic television program Sesame Street grew out of the Civil Rights movement This collection of unsung trailblazers unearths these and other little known facts from the past Packed with insightful encyclopedic entries 45 People Places and Events in Black History You Should Know is the perfect primer for the Black History dabbler or enthusiast In this book you will discover 15 individual men 15 individual women and 15 important people places or events A large portion of these subjects received scant recognition from media outlets But their names and stories are worth remembering because they figure prominently in the large historic landscape that forms the world narrative Among the many subjects covered in this book are Bridget Biddy Mason a black female and former slave Toward the end of the nineteenth century she was the wealthiest resident of Los Angeles California You ll learn about Covert Michigan the U S township that defied the racist norms of the post Civil War era by refusing to segregate And you ll read about C R Patterson and Sons the first and only major car manufacturer owned and operated by black Americans Prepare to be informed *American Military History* Daniel K. Blewett,2008-12-30 In this companion volume to his 1995 bibliography of the same title Daniel Blewett continues his foray into the vast literature of military studies As did its predecessor it covers land air and naval forces primarily but not exclusively from a U S perspective with the welcome emergence of small wars from publishing obscurity In addition to identifying relevant organizations and associations Blewett has gathered together the very best in chronologies bibliographies biographical dictionaries indexes journals abstracts glossaries and encyclopedias each accompanied by a brief descriptive annotation This work remains a pertinent addition to the general reference collections of public and academic libraries as well as special libraries government documents collections military and intelligence agency libraries and historical societies and museums *The Continuum Encyclopedia of American Literature* Steven R. Serafin,Alfred Bendixen,2005-09-01 More than ten years in the making this comprehensive single volume literary survey is for the student scholar and general reader The Continuum Encyclopedia of American Literature represents a collaborative effort involving 300 contributors from across the US and Canada Composed of more than 1 100 signed biographical critical entries this Encyclopedia serves as both guide and companion to the study and appreciation of American literature A special feature is the topical article of which there are 70 Encyclopedia of American Indian Issues Today Russell M. Lawson,2013-04-02 This essential reference examines the history culture and modern tribal concerns of American Indians in North America Despite the fact that 565 federally

recognized tribes exist on the continent of North America non Native Americans typically know very little about the modern world of American Indians In a few instances the uneasy coexistence of the two cultures has served to create controversy such as fake Indians fraudulently leveraging ethnicity based benefits U S officials disposing of nuclear waste near reservations and sports clubs basing mascots on cultural stereotypes This unique survey scrutinizes the historical background as well as the contemporary issues of American Indian societies as both part of and completely separate from the world around them Encyclopedia of American Indian Issues Today features subjects commonly discussed including reservations poverty sovereignty the problem of solid waste on reservations and the lives of urban Indians among other contemporary issues Organized into ten sections the book also provides helpful sidebars and informative essays to address topics on casinos and gaming sexual identity education and poverty
