Zoeken Naar Zin Proeven Van Wijsbegeerte:

Transcendence in Philosophy and Religion James E. Faulconer, 2003-04-16 Can transcendence be both philosophical and religious Do philosophers and theologians conceive of the same thing when they think and talk about transcendence Philosophy and religion have understood transcendence and other matters of faith differently but both the language and concepts of religion including transcendence reside at the core of postmodern philosophy Transcendence in Philosophy and Religion considers whether it is possible to analyze religious transcendence in a philosophical manner and if so whether there is a way for phenomenology to think transcendence directly Attention is devoted to the role of French philosophy particularly the work of Levinas Ricoeur Derrida and Marion in defining recent debates in the philosophy of religion and posing new ways of thinking about religious experience in a postmodern world **Action Theory and Communication**

Research Karsten Renckstorf, 2004 The action theoretical approach has already proved its value as a framework for communication research most especially in the study of media audiences and media use The approach privileges the perspective of the acting individual but offers guidelines for connecting the subjective orientation with networks of social interaction and for treating behaviour as a social process Research within this framework takes account of the wider social context and calls for a careful combination of empirical observation and interpretation with a corresponding diversity of methodologies The contributions to the volume shed light on the significance of media use in everyday experience and contribute to an understanding of communication in society **The God of the Pastor** Gerard Zuidberg, 2021-10-01 This

publication is the result of an extensive study based on 30 in depth interviews with priests and pastoral workers in Holland An account is given of their relationship with God Jesus and the Holy Spirit their prayer life reflective practice and lifestyle in other words the shape of the spirituality of Dutch pastors Attention is also given to the relation between their spirituality and their ministry How do they influence one another The main focus on the descriptions is on the imagery used by pastors to speak of their spirituality and ministry **God overal en nergens? Theologie, pastoraal en onderwijs uitgedaagd door een 'sacraal reveil'**

Annemie Dillen, Didier Pollefeyt, 2006 De brede interesse voor de Da Vinci Code als boek en als film zegt heel wat over de beleving van het fenomeen religie in onze tijd Heel veel mensen worden gefascineerd door de verwijzingen naar heidense elementen in de kern van het christendom de speurtocht naar de graal de verhouding tussen mannelijkheid en vrouwelijkheid in de religieuze beleving enzovoort Tegelijkertijd stellen we vast dat het tijdperk van de dominantie van het traditionele christelijke verhaal definitief voorbij lijkt te zijn Maar dit betekent helemaal niet dat religie haar aantrekkingskracht verloren heeft integendeel Verschillende auteurs in dit boek stellen een brede interesse voor spirituele thema's en voor nieuwe vormen van religiositeit vast In dit boek gaan theologen psychologen en sociologen kritisch in op de vraag hoe deze nieuwe religieuze fenomenen kunnen geïnterpreteerd en gevalueerd worden Dit boek biedt heel wat achtergronden en inspiratie voor eenieder die in het fenomeen van religie in brede zin geïnteresseerd is Leerkrachten en

pastores vinden in dit boek nieuwe aanknopingspunten om met jong en oud over levensbeschouwelijke en religieuze thema's in gesprek te treden

Adieu God Arjan Markus, 2012-04-03 Is het afscheid van de persoonlijke God onvermijdelijk voor weldenkende mensen vraagt theoloog en godsdienstfilosoof Arjan Markus zich af Op een integere wijze laat hij zien dat niet alle argumenten om het christelijk geloof in God vaarwel te zeggen even steekhoudend zijn ook al is dit geloof zeker niet vanzelfsprekend Zijn gesprekspartners christelijke gelovigen en andersdenkende zinzoekers komen met plausibele gedachten en reële vragen Geloven in een persoonlijke God past niet meer in ons wetenschappelijke wereldbeeld Zou God belemmert ons in onze zelfontplooiing Bovendien hoe is al dat lijden in de wereld mogelijk wanneer er een God zou bestaan die daar een einde aan kan maken Voor veel mensen ligt het dan ook meer voor de hand om te geloven dat er iets is dan iemand Toch is het geloof in een persoonlijk God een mogelijkheid die openligt ook voor mensen van nu Een spannend boek van een christen die vragen en argumenten van niet christenen zeer serieus neemt

Living a Good Life in Spite of Evil Marcel Sarot, 1999 The author distinguishes between three models of the good life that are prominent in the Western tradition the satisfaction model the self actualization model and the fellowship model These three models are subjected to a comparative analysis in which the key question regarding each of these models is In what way and to what extent does it help its adherents to cope with experiences of evil and suffering On the basis of this analysis the author argues for the untenability of nonrealist views of these models and constructs his own view of the good life
