Waiting For Lefty Script:

Waiting for Lefty Clifford Odets, 1962 THE STORY The action of the play is comprised of a series of varied imaginatively conceived episodes which blend into a powerful and stirring mosaic The opening scene is a hiring hall where a union leader obviously in the pay of the bosses is trying to convince a committee of workers who are waiting for their leader Lefty to arrive not to strike This is followed by a moving confrontation between a discouraged taxi driver who cannot earn enough to live on and his angry wife who wants him to show some backbone and stand up to his employer a revealing scene between a scheming boss and the young worker who refuses to spy on his fellow employees a sad funny episode centering on a young cabbie and his would be bride who lack the wherewithal to get married a disturbing scene involving a senior doctor and the underpaid young intern a labor activist whom the doctor has been ordered to discharge and finally a return to the union hall where the workers learning that Lefty has been gunned down by the powers that be resolve at last to stand up for their rights and to strike and to stay off their jobs until their grievances are finally heard and acted upon by those who have so cynically exploited and misused them **Hearings** United States.
