Wet Nationale Ombudsman:

Wet Nationale ombudsman J.W. Severijnen, 2008 **The Ombudsman in the Modern State** Matthew Groves, Anita Stuhmcke, 2022-04-07 Ombudsmen are a global phenomenon They are also a critical part of the public law frameworks of modern liberal democracies This is the first edited collection to examine the place of the ombudsman in the modern state It brings together key international scholars to discuss current and future challenges for the Ombudsman institution and the systems of government within which they operate The book is international in scope with authors heralding from most continents Canada the Netherlands the United Kingdom Australia New Zealand Hong Kong South Africa Germany and Austria This global analysis is both in depth and expansive in its coverage of the operation of Ombudsmen across civil and common law legal systems The book has two key themes The enduring question of the location and operation of Ombudsmen within public law systems in a changing state and The challenges faced by Ombudsmen in contemporary governance This collection adds to the public law scholarship by addressing a common problem faced by all avenues of public law review the evolving nature of modern public administration **European Military Law Systems** Georg Nolte, 2012-08-06 The German Ministry of Defense decided in 2000 to commission a study comparing various European systems of military law The present book contains not only the original study but also all national reports in English It provides a comparative analysis of different European military law systems on the basis of national reports **Advance Tax Rulings and Principles of Law** Carlo Romano (juriste.), 2002 Comprehensive study on the advance tax ruling The main procedural and substantive elements of current tax rulings systems worldwide are investigated and the legal principles underlying advance tax rulings procedures in the United States the Netherlands and Italy are identified In the final chapters an overview of the status quo of advance tax rulings systems in the EU Member States is followed by a discussion concerning the harmonization of advance rulings systems in the European Union **Access to Archives** Charles Kecskeméti, Iván Székely, 2005-01-01 In July 2000 the Council of Europe adopted the first intergovernmental standard on archive access policy and practice in Europe This standard known as Recommendation No R 2000 13 is based on the belief that knowledge of the past constitutes a cultural human right and that in a democracy access to authentic archived information helps strengthen cultural identity diversity and social cohesion This publication sets out general guidelines for the implementation of archival access policy and practice in line with the Recommendation as well as giving a summary of current situation across Europe *Righting Wrongs* Roy Gregory, Philip James Giddings, 2000 6 Ombudsman in Australia Dennis Pearce **The Roles of Independent Children's Rights Institutions in Advancing Human Rights of Children** Agnes Lux, Brian Gran, 2022-05-09 The contributors to this edited collection provide first hand experiences in directing working for and studying ICRIs and detail their unique in depth accounts of factors shaping ICRIs efforts to monitor and advance children's rights **Introduction to Dutch Law** Jeroen Chorus, 2016-04-18 A standard legal resource since its first edition in 1978 this matchless book has proven itself the ideal

overview of Dutch law for foreign lawyers This Fifth Edition fully updates its systematic description of the legal sources institutions and concepts in all major fields of law Recent developments covered include the progressive implementation of standards set by international conventions the reorganization of the judiciary the statute on environmental law and the re codification of private international law The continuing influence of European law is evident in many fields perhaps most notably in family law The various chapters are written by experts scholars and lawyers in particular fields and provide an authoritative overview of each field The historical sources of Dutch law are discussed as well as Dutch legal culture judicial organization legal education and the legal profession These chapters are followed by introductions to essential issues of private and public law and labour law The last chapter examines questions of legal philosophy The only resource of its kind available this book is unmatched as a thorough guide to further research It offers practitioners particularly foreign lawyers a quick and reliable way into any area of Dutch law that they may be required to research It will also be of great value to comparatists especially those studying the influence of European law on national legal systems scholars and students Like previous editions the Fifth Edition has been prepared under the auspices of the Netherlands Comparative Law Association

Judicial Lawmaking and Administrative Law ,2005 The book before carries a broad title In the Dutch literature the terms lawfinding and lawmaking are often used interchangeably From a legal point of view however it makes quite a difference to the position of the court whether lawfinding or lawmaking is meant Why write a book about lawmaking by the courts just in the area of administrative law In administrative law the administration is positioned between the legislature and the judiciary The courts review decisions taken by the administration in implementing the law however where the administration has often been granted a degree of discretion the courts assess the lawfulness of the decision The relation administration judiciary raises so many specific questions that it justifies a book on judicial lawmaking in administrative matters The authors are all members of the research program Public Law of the Ius Commune School *Introduction to Dutch Law* Larissa van den Herik, Ewoud Hondius, Wim Voermans, 2022-01-27 A standard legal resource since its first edition in 1978 this matchless book has proven itself the ideal overview of Dutch law for foreign lawyers This Sixth Edition fully updates its systematic description of the legal sources institutions and concepts in all major fields of law Recent developments covered include the progressive implementation of standards set by international conventions the reorganization of the judiciary the statute on environmental law and the re codification of private international law The continuing influence of European law is evident in many fields perhaps most notably in family law The various chapters are written by experts scholars and lawyers in particular fields and provide an authoritative overview of each field The historical sources of Dutch law are discussed as well as Dutch legal culture legal philosophy judicial organization legal education and the legal profession These chapters are followed by introductions to essential issues of private and public law and labour law The last chapter examines financial law The only resource of its kind available this book is unmatched as a thorough guide to further research It offers practitioners

particularly foreign lawyers a quick and reliable way into any area of Dutch law that they may be required to research. It will also be of great value to comparatists especially those studying the influence of European law on national legal systems scholars and students. Like previous editions the Sixth Edition has been prepared under the auspices of the Netherlands Comparative Law Association. *Administrative Law of the European Union, Its Member States and the United States* René Seerden, F. A. M. Stroink, 2002. This book offers a comparative introduction by editors and native authors to the most important aspects of administrative law in various EU Member States: Belgium, France, Germany, the Netherlands, the United Kingdom, at the level of the EU and in the United States of America. It aspires to contribute to the transboundary understanding of different regimes related to actions and decisions of the administration. For the purpose of the use of this book in education, research and legal practice, the contributions to the book are all based on one and the same format, thus making it more accessible for its readers. The main items of the format are: 1. What is administrative law? Definitions, general administrative law versus specific areas of administrative law, general administrative law in the context of constitutional law, *trias politica*, federal unitary state aspects, basic principles and the practice, evolution of administrative law, etc. 2. Who is administering? An outline of the administration organs, agencies, individual persons, etc. in specific administrative law areas in the framework of the territorial and functional organisation of the State. 3. Which instruments are available to the administration? An overview of the available public law instruments and the possibility to use private law instruments. 4. Which formal rules, principles, written or unwritten, govern administrative actions? An elaboration on decision making procedures, public participation, etc. under general administrative law and specific areas of administrative law, as well as more substantive rules, principles for administrative actions, decisions, due process in administrative matters. 5. Access to administrative courts against administrative actions, decisions. Who can go to which courts, constitutional, administrative or ordinary, and are prior out of court proceedings necessary? How intensive or marginal is the test of discretionary administrative powers by the courts, and what are the possible rulings of the court based on a remedy system for the plaintiff or on more general powers for the courts? 6. Recent and future developments and conclusions. The final chapter offers comparative remarks by the editors.

Selected National, European and International Provisions from Public and Private Law Philipp Kiiver, Nicole Kornet, 2010. The Maastricht Law Faculty is known for its outstanding expertise in the field of European and comparative law and it attaches great importance to comparative legal studies in its teaching. National, European and international legal provisions which have proven to be particularly relevant in comparative legal studies assist students, academics and practitioners in their comparative law work. This expanded and updated second edition of the Maastricht Collection covers the areas of constitutional law, administrative law and administrative procedure, criminal justice, European and international human rights.

law property law tort law national and European contract law civil procedure private international law company law international business law international tax law For each area a selection of important legal provisions from France Germany the Netherlands and the UK is provided This includes domestic constitutional and statutory provisions provisions from international treaties and instruments of the EU In addition selected sources from the US are provided Sources are reproduced in the original English or are rendered as fresh English translations under critical editorship Unlike many other translations The Maastricht Collection remains true to the content style and syntax of the original texts This allows the reader to appreciate not only the substance but also the authentic form and the beauty of foreign legal sources

European Ombudsman and National Ombudsmen Or Similar Bodies Marília Crespo Allen, 2001 *Cases, Materials and Text on Judicial Review of Administrative Action* Chris Backes, Mariolina Eliantonio, 2019-08-08 This casebook studies the law governing judicial review of administrative action It examines the foundations and the organisation of judicial review the types of administrative action and corresponding kinds of review and access to court Significant attention is also devoted to the conduct of the court proceedings the grounds for review and the standard of review and the remedies available in judicial review cases The relevant rules and case law of Germany England and Wales France and the Netherlands are analysed and compared The similarities and differences between the legal systems are highlighted The impact of the jurisprudence of the European Court of Human Rights is considered as well as the influence of EU legislative initiatives and the case law of the Court of Justice of the European Union in the legal systems examined Furthermore the system of judicial review of administrative action before the European courts is studied and compared to that of the national legal systems During the last decade the growing influence of EU law on national procedural law has been increasingly recognised However the way in which national systems of judicial review address the requirements imposed by EU law differs substantially The casebook compares the primary sources legislation case law etc of the legal systems covered and explores their differences and similarities this examination reveals to what extent a *ius commune* of judicial review of administrative action is developing

Quality of Decision-making in Public Law Kars Jan Graaf, 2007 Administrative decisions of government agencies are a fact of present day life and the general public is confronted with them all the time Therefore the legal quality of administrative decisions matter to people It is in the interest of the individual person and the general public that agencies produce legally proper decisions right away Correctional court procedures are cumbersome and costly both to the individual objector and to the tax payer Moreover public agencies with a reputation of doing things right the first time will generate public trust in government and reinforce the legitimacy of public decision making The main theme of this collection of essays is to do things right the first time The collection draws on the combined research experience of a group of Dutch scholars in public law and public administration Thus the topic is examined from a variety of angles and perspectives Some of the papers deal with basic questions such as What could be the meaning of the concept of legal quality

How can it be applied when assessing administrative decision making Other essays examine conditions for enhancing legal quality both in public law and in public organizations Also included are some topical studies that present specific issues in the legal quality of administrative decision making **Litigation in the Netherlands** Marieke van Hooijdonk, Peter V. Eijssvoogel, 2009-02-24 This book offers the ideal way for a foreign lawyer to get in touch with litigation practice and procedure in the Netherlands Whether a lawyer comes to Dutch litigation in the normal course of business or whether the brief and inexpensive kort geding preliminary relief proceedings is the main attraction this concise guide provides a solid understanding of the practical implications of Dutch litigation Constitutional Law in the Netherlands Paul Bovend Eert, Constantijn Kortmann, 2018-01-30 Derived from the renowned multi volume International Encyclopaedia of Laws this very useful analysis of constitutional law in the Netherlands provides essential information on the country's sources of constitutional law its form of government and its administrative structure Lawyers who handle transnational matters will appreciate the clarifications of particular terminology and its application Throughout the book the treatment emphasizes the specific points at which constitutional law affects the interpretation of legal rules and procedure Thorough coverage by a local expert fully describes the political system the historical background the role of treaties legislation jurisprudence and administrative regulations The discussion of the form and structure of government outlines its legal status the jurisdiction and workings of the central state organs the subdivisions of the state its decentralized authorities and concepts of citizenship Special issues include the legal position of aliens foreign relations taxing and spending powers emergency laws the power of the military and the constitutional relationship between church and state Details are presented in such a way that readers who are unfamiliar with specific terms and concepts in varying contexts will fully grasp their meaning and significance Its succinct yet scholarly nature as well as the practical quality of the information it provides make this book a valuable time saving tool for both practising and academic jurists Lawyers representing parties with interests in the Netherlands will welcome this guide and academics and researchers will appreciate its value in the study of comparative constitutional law The text of the Constitution for the Kingdom of the Netherlands and the text of the Charter for the Kingdom are included in this book **International Congress "The Experience of the Ombudsman Today"** ,1992 **Inzicht in het ambtenarenrecht** Th.A.
