

USER'S MANUAL

1.0 GENERAL INFORMATION

General Information section explains in general terms the system and the purpose for which it is intended.

1.1 System Overview

ArboWebForest is application, which allows collecting information about forest plots. The application provides electronic version of form used in collecting plot information. The application saves data collected to database. Its operational status is under development. ArboWebForest operates on mobile devices with Android operating system.

1.2 Organization of the Manual

The user's manual consists of five sections: General Information, System Summary, Getting Started, Using The System, and Reporting.

General Information section explains in general terms the system and the purpose for which it is intended.

System Summary section provides a general overview of the system. The summary outlines the uses of the system's hardware and software requirements, system's configuration, user access levels and system's behavior in case of any contingencies.

Getting Started section explains how to get ArboWebForest and install it on the device. The section presents briefly system menu.

Using The System section provides a detailed description of system functions.

Reporting section describes in what way information collected by the application are presented and how to access the information.

User Manual Outline

Edmond H. Weiss

User Manual Outline:

Writing: A User Manual David Hewson, 2012-02-16 You are a writer and you have a killer book idea When your project starts to take off you will find yourself managing a writhing tangle of ideas possibilities and potential potholes How do you turn your inspiration into a finished novel Writing a User's Manual offers practical insight into the processes that go into writing a novel from planning to story development research to revision and finally delivery in a form which will catch the eye of an agent or publisher David Hewson a highly productive and successful writer of popular fiction with more than sixteen novels in print in twenty or so languages shows how to manage the day to day process of writing Writers will learn how to get the best out of software and novel writing packages such as Scrivener which help you view your novel not as one piece of text but as individual linked scenes each with their own statistics notes and place within the novel structure As you write you will need to assemble the main building blocks to underpin your artistry story structure genre and how that affects what you write point of view past present or future tense software for keeping a book journal to manage your ideas research and outlining organization and more The advice contained in this book could mean the difference between finishing your novel and a never ending work in progress An essential tool for writers of all kinds Foreword by Lee Child **User's manual for**
