Using Effectiveness Data For School Improvement Developing And Utilising Metrics

Michael Harpham

Using Effectiveness Data For School Improvement Developing And Utilising Metrics:

Using Effectiveness Data for School Improvement Anthony Kelly, Christopher Downey, 2010-12-13 This book lifts the lid on a range of data gathering techniques and methods and reveals the provenance and shortcomings of education data collection and utilisation

Data-based Decision Making in Education Kim Schildkamp, Mei Kuin Lai, Lorna Earl, 2012-09-18 In a context where schools are held more and more accountable for the education they provide data based decision making has become increasingly important This book brings together scholars from several countries to examine data based decision making Data based decision making in this book refers to making decisions based on a broad range of evidence such as scores on students assessments classroom observations etc This book supports policy makers people working with schools researchers and school leaders and teachers in the use of data by bringing together the current research conducted on data use across multiple countries into a single volume Some of these studies are best practice studies where effective data use has led to improvements in student learning Others provide insight into challenges in both policy and practice environments Each of them draws on research and literature in the field

The Datafication of Primary and Early Years Education Alice Bradbury, Guy Roberts-Holmes, 2017-10-02 The Datafication of Primary and Early Years Education explores and critically analyses the growing dominance of data in schools and early childhood education settings Recognising the shift in practice and priorities towards the production and analysis of attainment data that are compared locally nationally and internationally this important book explores the role and impact of digital data in the data obsessed school Through insightful case studies the book critiques policy priorities which facilitate and demand the use of attainment data within a neoliberal education system which is already heavily focused on assessment and accountability Using an approach influenced by policy sociology and post foundational frameworks the book considers how data are productive of data driven teacher and child subjectivities The text explores how data have become an important part of making teachers work visible within systems which are both disciplinary and controlling while often reducing the complexity of children s learning to single numbers Key ideas covered include The impact of data on the individual teacher and their pedagogical practice particularly in play based early years classrooms The problems of collecting data through assessment of young children How schools respond to increased pressure to produce the right data or how they play with numbers How data affect children and teachers identities International governance and data comparison including international comparison of young children s attainment Private sector involvement in data processing and analysis The Datafication of Primary and Early Years Education offers a unique insight into the links between data policy and practice and is a crucial read for all interested in the ways in which data are affecting teachers practitioners and children

Progress Plain and Simple Michael Harpham, 2020-02-18 What is progress in learning How do we see progress being made in a lesson This book offers a fresh perspective on teaching learning and progress in the classroom Written by an experienced teacher and school leader Michael Harpham it explores

the different ways in which progress can be made in the classroom and how it can be more effectively delivered identified evidenced measured and assessed The book provides an overview of progress in schools for both teachers and school leaders including what is meant by progress and what it looks like in lessons as well as its implications on assessment leadership and internal and external school evaluation It offers over thirty situation driven strategies and activities to help develop and deliver progress in and beyond the classroom focussing on five measures Skills Knowledge Accuracy Resilience Independent learning Full of tips to help improve progress in schools this is essential reading for all teachers school leaders and parents

Leading for Equality Jacky Lumby, Marianne Coleman, 2016-10-18 Disentangling the concept of equality in schools can be a tricky task for those in senior middle or classroom leadership This book will unpack ideas of equality equity diversity and social justice providing practitioners and those training to teach with an understanding of equality in order to address educational values and practice Drawing on a wide range of case studies from schools in England Wales and Scotland the authors illustrate the importance of leading for equality with a clear and proactive vision for change The authors explore these key areas Socio economic class Gender Sexuality Ethnicity Religion Migrant children Special learning needs and disabilities This book will serve as a handy guide for postgraduate and undergraduate students on Education Leadership and Inclusive Education courses

The School Leader's Year Michael Harpham, 2021-10-28 This practical handbook offers a month by month guide to the curriculum assessment progress and leadership over the school year It provides a clear comprehensive and coherent structure to the academic year helping school leaders to prioritise their time and workload supporting them and their team to work as efficiently and effectively as possible Considering the statutory and key leadership activities from admissions induction transitions and parents evenings to coursework timetabling assessment staff performance and much more the book provides a clear plan of action to ensure school leaders have prepared their work at the optimal time over the year Each chapter features tried and tested strategies to help schools put robust systems and processes in place alongside guidance on sustaining pace developing resilience and exam preparation and technique Full of practical tips to help improve progress and including real world examples of leadership in action from leaders working in primary and secondary schools this is essential reading for all school leaders that want their students to be as successful as they can possibly be in every lesson every day

A Critical Guide to Evidence-Informed Education Thomas Perry, Rebecca Morris, 2023-06-30 What a provocative and refreshing stance on evidence informed education Evidence informed education may currently be a divided field but this must read book offers hope that a reunion of existing approaches may be possible for a productive tension where researchers school leaders and teachers work together The disconnect in education between research policy and practice needs this intellectual reboot Professor Tanya Ovenden Hope Provost and Professor of Education Plymouth Marjon University UK As a school leader this book is an invaluable guide to evidence informed educational research It is a hopeful vision of a united evidence informed education field in which practitioners policymakers

and researchers all play an active role as discerning creators and users of evidence Sam Mason Deputy Headteacher Thornton Primary School UK This is a wonderful book that deserves to be widely read and more importantly widely acted on It presents a robust and detailed critique of current orthodoxies in how we have tried to improve educational practice through the use of evidence Researchers practitioners policymakers and funders with an interest in evidence and school improvement should take note Professor Robert Coe Director of Research and Development at Evidence Based Education UK and Senior Associate at the Education Endowment Foundation UK A Critical Guide to Evidence Informed Education analyses the role of research in education and its potential for improving education policy and practice The book considers how divisions both between different research traditions and between theory and practice are hindering progress Additional online content gives readers access to extra resources such as reflective questions and technical annexes to deepen understanding Drawing on their experiences both as teachers and researchers the authors expertly review fundamental questions about what research is what it is for and the challenges of generating communicating and using evidence The book skilfully synthesises perspectives on evidence informed education forming connections across the divided field and championing a more collaborative and eclectic approach For education students teachers and school leaders this book is an accessible and invaluable guide to the methods problems and key findings from several interconnected areas of education research For researchers this book offers an extended critical commentary and methodological critique of several related research communities and their current and potential contribution to educational improvement The authors invite and equip readers to take their own stance on current and perennial debates about the role of research and evidence in improving education Thomas Perry is an Associate Professor at the University of Warwick He is a former schoolteacher who now teaches about education research methods and advises and supervises researchers at all levels including leading the Education Doctorate EdD programme at Warwick His research and teaching are focused on research methodology and the role of research and evidence in improving education policy and practice Rebecca Morris is an Associate Professor at the University of Warwick She is a former secondary English teacher and has previously worked at Durham University and University of Birmingham Rebecca s research interests include education policy teacher education and the teacher workforce English and literacy and widening participation She is an editorial board member for the British Educational Research Journal and Educational Review

Journal of Educational, Cultural and Psychological Studies (ECPS Journal) 9 - June 2014. Special Issues on New Realism and Educational Research AA.VV.,2014-06-26 SOMMARIO Nuovo realismo e ricerca educativa Che cos il Nuovo Realismo La novit del nuovo realismo La forza della realt nell agire educativo Evidence Based Educational Policy and Practice The Case of Applying the Educational Effectiveness Knowledge Base Il dibattito su valutazione ed evidenze per un processo valutativo credibile e trasparente Evidence Based Education e modelli di valutazione formativa per le scuole Quale quantit e quale qualit per la comprensione delle esperienze educative Data and Inquiry Driving

School Improvement Recent Developments in England L avvio della ricerca empirica in campo educativo in Italia il contributo di Calonghi e Visalberghi Dall analisi fenomenologica alla verifica sperimentale in psicologia indagini sui meccanismi di difesa psichica in ambito educativo Unit e pluralit delle scienze sociali I nuovi orizzonti dei metodi quantitativi La school readiness e la sua misura uno strumento di rilevazione per la scuola dell infanzia Indagini quantitative negli studi delle disabilit e dei DSA problemi e prospettive in ambito nazionale e internazionale Journal of Educational, Cultural and Psychological Studies (ECPS Journal) No 9 (2014) AA. VV.,2015-03-11T15:50:00+01:00 The Journal of Educational Cultural and Psychological Studies aims to be an inclusive central repository for high quality research reports reviews theoretical and empirical articles The Journal serves as an interdisciplinary forum for theoretical and empirical studies of pedagogical psychological historical and sociological issues As well as research reports the Journal publishes theoretical and review articles Research reports are quantitative or qualitative depending upon the methods employed by the researcher All articles are addressed to a research audience to teachers and trainers working in schools and in vocational training and to scholars in allied disciplines in all the human sciences *Unleashing Greatness - a strategy for school improvement* David Hopkins,2024-06-21 There is a paradox at the heart of contemporary school improvement and system change in education Why is it that despite the phenomenal increase in our recent knowledge about what works in schooling standards still lag behind expectations and school level performance is far too variable Unleashing Greatness addresses this paradox and concludes that unless we focus unrelentingly on the quality of teaching in both our small and large scale reform efforts current practice will never meet society s expectations Unleashing Greatness is a compilation of David Hopkins writing into one concise manual to provide an eight step strategy for unleashing greatness Introducing a rational and conceptual framework for pedagogic improvement that has the potential for generating an increasingly specific language for teaching and learning this book significantly aids consistency and precision in the quest for both excellence and equity for all students Written for school improvement activists particularly those who work in laboratory schools or who wish to emulate that ethos and way of working the author himself has located his professional practice for over forty years as well as this book in the middle of that triangle bounded by the vertices of practice research and policy
