Utopia German Saint Thomas More:

St. Thomas More Reginald Walter Gibson, 1961 *Utopias in Nonfiction Film* Simon Spiegel, 2022-01-11 Comprehensive and thorough *Utopias in Nonfiction Film* takes a new direction in its surprise application to documentary that has the potential to shake up the field Jane Gaines Columbia University USA Spiegel has introduced a new sub genre to utopian studies the documentary film The book covers an impressive range of films making the book one of the few truly international and comparative works in utopian studies Lyman Tower Sargent University of Missouri St Louis USA Simon Spiegel's magisterial overview of utopian documentaries and nonfiction films is a treasure trove of information and unearths many forgotten and half forgotten films providing perceptive discussions of sidelined movies that deserve his and our critical scrutiny Eckart Voigts University of Braunschweig Institute of Technology Germany This book is the first major study on utopias in nonfiction film Since the publication of Thomas More's *Utopia* more than 500 years ago countless books have been written which describe a better world But in film positive utopias seem to be nonexistent So far research has focused almost exclusively on dystopias since positive outlooks seem to run contrary to the media's requirement *Utopias in Nonfiction Film* takes a new approach starting from the insight that literary utopias are first and foremost meant as a reaction to the ills of the present and not as entertaining stories it looks at documentary and propaganda films an area which so far has been completely ignored by research Combining insights from documentary research and utopian studies a vast and very diverse corpus of films is analysed Among them are Zionist propaganda films cinematic city utopias socialist films of the future as well as web videos produced by the Islamist terrorist group ISIS [Thomas More and His Utopia](#) Karl Kautsky, 1927 [The National Union Catalog, Pre-1956 Imprints](#) Library of Congress, American Library Association. Wagner, 2022-02-04 The documents in this collection trace the course of the Renaissance in Italy and northern Europe describing the emergence of a vibrant and varied intellectual and artistic culture in various states cities and kingdoms *Voices of the Renaissance Contemporary Accounts of Daily Life* contains excerpts from 52 different documents relating to the period of European history known as the Renaissance In the 14th century the rise of humanism a philosophy based on the study of the languages literature and material culture of ancient Greece and Rome led to a sense of revitalization and renewal among the city states of northern Italy The political development and economic expansion of those cities provided the ideal conditions for humanist scholarship to flourish This period of literary artistic architectural and cultural flowering is today known as the Renaissance a term taken from the French and meaning rebirth The Italian Renaissance reached its height in the 15th and early 16th centuries In the 1490s the ideals of the Italian Renaissance spread north of the Alps and gave rise to a series of national cultural rebirths in various states In many places this Northern

Renaissance extended into the 17th century when war and religious discord put an end to the Renaissance era **English Fictions of Communal Identity, 1485-1603** Joshua Phillips, 2016-05-13 Challenging a long standing trend that sees the Renaissance as the end of communal identity and constitutive group affiliation author Joshua Phillips explores the perseverance of such affiliation throughout Tudor culture Focusing on prose fiction from Malory's *Morte Darthur* through the works of Sir Philip Sidney and Thomas Nashe this study explores the concept of collective agency and the extensive impact it had on English Renaissance culture In contrast to studies devoted to the myth of early modern individuation *English Fictions of Communal Identity 1485-1603* pays special attention to primary communities monastic orders printing house concerns literary circles and neighborhoods that continued to generate a collective sense of identity Ultimately Phillips offers a new way of theorizing the relation between collaboration and identity In terms of literary history this study elucidates a significant aspect of novelistic discourse even as it accounts for the institutional disregard of often brilliant works of early modern fiction *The Complete Works of St. Thomas More* Sir Thomas More (helgon), 1965 **Custom, Common Law, and the Constitution of English Renaissance Literature** Stephanie Elsky, 2020 The Law and Literature series publishes work that connects legal ideas to literary and cultural history texts and arte facts The series encompasses a wide range of historical periods literary genres legal fields and theories and transnational subjects focusing on interdisciplinary books that engage with legal and literary forms methods concepts dispositions and media It seeks innovative studies of every kind including but not limited to work that examines race ethnicity gender national identity criminal and civil law legal institutions and actors digital media intellectual property economic markets and corporate power while also foregrounding current interpretive methods in the humanities using these methods as dynamic tools that are themselves subject to scrutiny Book jacket
