Wendell And Ann Phillips The Community Of Reform 1840 80:

Wendell and Ann Phillips Irving H. Bartlett,1982-09-01 *The Prophetic Tradition and Radical Rhetoric in America*
James Darsey,1999-09-01 This expansive volume traces the rhetoric of reform across American history examining such pivotal periods as the American Revolution slavery McCarthyism and today s gay liberation movement At a time when social movements led by religious leaders from Louis Farrakhan to Pat Buchanan are playing a central role in American politics James Darsey connects this radical tradition with its prophetic roots Public discourse in the West is derived from the Greek principles of civility diplomacy compromise and negotiation On this model radical speech is often taken to be a symptom of social disorder Not so contends Darsey who argues that the rhetoric of reform in America represents the continuation of a tradition separate from the commonly accepted principles of the Greeks Though the links have gone unrecognized the American radical tradition stems not from Aristotle he maintains but from the prophets of the Hebrew Bible *The Road to Seneca Falls* Judith Wellman,2010-10-01 Feminists from 1848 to the present have rightly viewed the Seneca Falls convention as the birth of the women s rights movement in the United States and beyond In *The Road To Seneca Falls* Judith Wellman offers the first well documented full length account of this historic meeting in its contemporary context The convention succeeded by uniting powerful elements of the antislavery movement radical Quakers and the campaign for legal reform under a common cause Wellman shows that these three strands converged not only in Seneca Falls but also in the life of women s rights pioneer Elizabeth Cady Stanton It is this convergence she argues that foments one of the greatest rebellions of modern times Rather than working heavy handedly downward from their official Declaration of Sentiments Wellman works upward from richly detailed documentary evidence to construct a complex tapestry of causes that lay behind the convention bringing the struggle to life Her approach results in a satisfying combination of social community and reform history with individual and collective biographical elements *The Road to Seneca Falls* challenges all of us to reflect on what it means to be an American trying to implement the belief that all men and women are created equal both then and now A fascinating story in its own right it is also a seminal piece of scholarship for anyone interested in history politics or gender **Irving Howe and the Critics** John Rodden,2005-01-01 *Irving Howe and the Critics* is a selection of essays and reviews about the work of Irving Howe 1920 93 a vocal radical humanist and the most influential American socialist intellectual of his generation Howe authored eighteen books edited twenty five more wrote dozens of articles and reviews and edited the magazine *Dissent* for forty years after founding it His writings cover subjects ranging from U S labor to the vicissitudes of American communism and socialism to Yiddishkeit and contemporary politics His book *World of Our Fathers The Journey of the East European Jews to America and the Life They Found and Made* received the National Book Award for Nonfiction John Rodden has chosen essays and reviews that focus on Howe s major works and on the disputes they generated He features both *Dissent* contributors and those who have dissented from the Dissenters on the Right as well as the Left Rodden includes a few stern

assessments of Howe from his less sympathetic critics testifying not only to the range of response from admiration to hostility that his work received but also to his stature on the Left as a prime intellectual target of neoconservative fire

Lucy Stone Sally Gregory McMillen, 2015 A brilliant new biography of Lucy Stone who while often overshadowed by Elizabeth Cady Stanton Susan B Anthony and others played a pivotal role in the woman's rights movement and fought for gender equality throughout her life

Perfecting the Family Chris Dixon, 1997 For three turbulent decades before the outbreak of the Civil War radical abolitionists labored to reform American society Some carried the struggle beyond the public crusade against slavery extending it into the private realm of family relations Appalled by the horrors inflicted on black families in the Southern slave states and concerned about the precise meaning of freedom in the North they sought to make their own marriages into models of affection and equality Chris Dixon creates a vivid portrait of these antislavery families focusing on eight prominent couples He examines the details of their domestic lives and reveals the relationship between their abolitionist and domestic ideologies showing how they both confronted and conformed to the emergent bourgeois culture of nineteenth century America While radical abolitionists held men accountable for many of the corruptions that they felt were poisoning American life they did not believe men were beyond redemption As Dixon shows the abolitionists set out to redefine masculinity by renouncing power and oppression in favor of intimacy and cooperation Perfecting the Family examines the ways in which these reformers tried with mixed success to make those affectionate qualities the basis for a new companionate type of marriage in which women and men would go forward as equal partners
