Joacim Rocklöv

Western Political Thought From Socrates To The Age Of Ideology 2nd Edition:

Western Political Thought Brian R. Nelson, 2015-01-29 Written simply and directly but without sacrificing intellectual depth this widely acclaimed text explores the preeminent theorists of Western political thought from the pre Socratics to the contemporary era The author provides an in depth analysis of a limited number of major thinkers which allows for a richly detailed examination of each philosopher in historical context Western Political Thought Second Edition presents the fundamental terms ideas and dilemmas of Western political philosophy in a straightforward easy to understand manner It organizes the theorists historically explains basic concepts in depth and draws out and analyzes the implications of various political theories Moreover this cohesive volume employs an overarching theme examining each thinker in terms of the changing relationships of ethics and politics in Western political philosophy **Power, Philosophy and Egalitarianism**

Robert C. Smith, 2020-10-21 In this book Robert C Smith presents a philosophical and empirical examination on the subordination of women and blacks in the United States Comparing liberalism specifically the major social contract philosophies and Marxism on the nature of the subordination of blacks and women and their proposals if any for women s and black liberation Smith argues that sexual and racial egalitarianism in the United States is about politics and power He begins with a discussion of the multiple meanings of politics and its relationship to power and an analysis of nine power bases blacks and women should acquire and manipulate in order to advance a moral and substantive egalitarianism These power bases include money knowledge including technology and information religion morality authority size solidarity charisma violence and status Smith concludes by making a moral case for racial and sexual egalitarianism and advocates for black leadership to use the power bases available to it to make reparations for the civil rights issue of the 21st century Power Philosophy and Egalitarianism is an essential read for all those interested in race women and politics today **Conceptions**

of and Corrections to Majoritarian Tyranny Donald L. Beahm, 2002-01-01 The fundamental tenet of democracy is that the majority rules Yet as James Madison wrote Wherever the real power in a Government lies there is the danger of oppression In this focused new work Don Beahm synthesizes some of the most powerful conceptualizations of and corrections to the majority tyranny as explicated by James Madison Alexis de Tocqueville John C Calhoun Robert A Dahl and Lani Guinier In conjunction with this synthesis Beahm presents his analysis of the main causes of majoritarian tyranny concluding that while American two party politics winner take all districting and voting system may be reformed the social causes of individual and group interests may only be corrected by proportional representation Jacob Burckhardt's Social and Political Thought

Richard Franklin Sigurdson, 2004-01-01 Contrary to his usual portrayal as a disinterested aesthete Swiss cultural historian Jacob Burckhardt is characterised as an original social and political thinker in Richard Sigurdson s timely book Jacob Burckhardt s Social and Political Thought Burckhardt s thinking on a number of ideas including the relationship between the individual and the mass the tension between the ideals of equality and human excellence and the role of the intellectual in

the modern state is the subject of insightful analysis thus providing a rare investigation into Burckhardt's culture critique of the nineteenth century. Other important aspects of Burckhardt's life that undoubtedly influenced both his historical and political thought such as his ambiguous relationship with Friedrich Nietzsche are carefully scrutinised in this groundbreaking analysis of the Swiss historian. Known primarily as an historian, Burckhardt's historical writings provide not only a powerful critique of his own times but also a broad-ranging political philosophy that can be placed within the larger German tradition of evaluating politics according to the values and standards of art and culture. Although Burckhardt himself expressed his scepticism towards general theories and claimed to be devoid of a personal philosophical position through an examination of his works, Sigurdson argues that both implicit and explicit political reflections and theories are recognisable.

Modern Political Philosophy Mr. Rohit Manglik, 2023-05-23 In this book we will study about the subject of Modern Political Philosophy exploring its key themes, developments and importance in the broader context of the discipline. The book offers foundational and in-depth understanding tailored to build academic insight and critical thought.

Handbook of Political Discourse Piotr Cap, 2023-02-14 Synthesising diverse research avenues for politics, discourse and political discourse, this cutting-edge Handbook examines the formative traditions, current theoretical and methodological landscape and genres and domains over which political discourse extends.

Approaches to Political Thought William L. Richter, 2009-03-16 This book focuses on the ways in which major contemporary scholars approach political thought and writing from Plato to the present.

A History of Political Philosophy: From Thucydides to Locke W. Julian Korab-Karpowicz, 2010 A History of Political Philosophy From Thucydides to Locke is an engaged and lucid account of the major political theorists and philosophers of the ancient Greek, Roman, medieval, renaissance and early modern periods. The author demonstrates the continuing significance of some political debates and problems that originated in the history of Western political thought. Recurring themes include discussions concerning human nature, different views of justice, the origin of government and law, the rise and development of various forms of government, idealism and realism in international relations, the distinction between just and unjust war and the sources of public authority and the nature of legitimate sovereignty. The organizing principle of the book is the idea that the great political thinkers were searching for the best political order and a criterion for human conduct in both domestic and international politics. The book presupposes no previous knowledge of the subject. It is therefore a valuable introductory book for students of philosophy, politics and international relations. As it opens eyes to the perceptions that historical knowledge may convey, it is also an illuminating and engaging reading for a general reader.

Lineages of European Political Thought Cary J. Nederman, 2009-04 This book examines some of the salient historiographical and conceptual issues that animate current scholarly debates about the nature of the medieval contribution to modern Western political ideas.

Iran Ramin Jahanbegloo, 2004-03-27 The Iranian Revolution represented to intellectuals and professionals the potential of spiritual values to triumph over the great power of economic imperialism. Yet out of this revolution has emerged an identity crisis that

touches Islamic ideological heights and reaches down to the very ground of Islamic practice The contributors to this collection experts on Iranian cultural and political history analyze the fragmented self of today s Iranian refracted through that country s institutions market forces and modern thought Each essay both deepens our understanding of contemporary Iran and adds to the broader discussion of the relationship between Islam and the West **A Natural Right to Die**

Raymond A. Whiting,2001-11-30 While other books deal with the contemporary issue of the right to die no attempt has been made to demonstrate substantially the historic nature of this question beyond the borders of the United States Whiting demonstrates that the right to die controversy stretches back more than two thousand years and he explains how current attitudes and practices in the U S have been influenced by the legal and cultural development of the ancient western world This perspective allows the reader to understand not only the origins of the controversy but also the different perspectives that each age has contributed to the ongoing debate Whiting discusses the development of legal rights within both western culture and the United States then applies these developments to the question of the right to die In an environment of public debate that features such emotional events as the exploits of Jack Kevorkian the publication of how to suicide manuals and the counterattacks of Right to Life groups the United States is left with very few options **The Making of the Modern State**

B. Nelson,2006-03-15 Nelson provides a historical overview of the theoretical and ideological evolution of the modern state from pre state and pre modern state formations to the present A major theme of the book is the need to understand the modern state holistically as a totality of social political and ideological factors **The Communitarian Organization** JoAnn Macdonald Foster,2003-08-27 First Published in 1999 Emerging from profound political change in Eastern Europe Latin America and Africa and coupled with a proliferation of market economies and technological and commercial

interpenetrations of formerly closed societies the international system has become an interdependent global milieu This study seeks to examine the clear correlation between the present predicament of transnational firms as strangers in an alien land and the communitarian assumptions regarding individuals in societies Until now little attention has been paid to the utility of the communitarian ethic in addressing the cultural conundrums which arise out of the economic and political affinities and antagonism of globalization **Subject Guide to Books in Print** ,2001 On the History of Political

Philosophy W Julian Korab-Karpowicz,2015-07-14 Intended for use in courses on political philosophy or the history of political philosophy On the History of Political Philosophy provides a critical account of Western political philosophy from classical Greece to modern times Demonstrating the continued relevance of historical ideas to today s problems the author traces ongoing discussions about justice power and human nature by examining the ideas of key political theorists *Current Publications in Legal and Related Fields* ,1995 Modern Political Thinkers and Ideas Tudor Jones,2012-09-10 Modern Political Thinkers and Ideas is an exciting new text that provides students with a clearly presented introduction to some of the key areas of modern political thought Uniquely combining historical and philosophical approaches to the subject it

describes the writings and ideas of the most influential thinkers of the modern era Modern Political Thinkers and Ideas features the main concepts in modern political theory such as the State and Sovereignty Political Obligation and Civil Disobedience Liberty Rights Equality and Justice Democracy the ideas of key thinkers such as Machiavelli Hobbes Locke Paine Rousseau Burke Mill Bentham Marx Rawls Hayek a clear and instructive framework for each chapter which provides students with a the significance of each concept in modern political thought b what major political thinkers had to say about each concept and c the relevance of key concepts to contemporary argument and debate

Man, God, Religion, and State Desmond Clarke, 2023-08-18 Man God Religion and State is a reflection on our physical philosophical and political past present and possible future This book may challenge the religious views of some readers but it is not my intention to cause offence to any religious believer We are all living in a time of anxiety and insecurities which may prevent us from embracing our humanity But we should never allow either the pain and sorrow of the past or the threats and fears of the present to obscure our vision of what is just and truthful Our present socioeconomic relationships are based on injustice and falsehood which is unsustainable We must therefore adjust our level and rates of consumption before we cross the line of no return In this sense Man God Religion and State is a warning to us all

Sub-Saharan Political Cultures of Deceit in Language, Literature, and the Media, Volume II Esther Mavengano, Isaac Mhute, 2023-12-12 This two volume set charts a cross disciplinary discursive terrain that proffers rich insights about deceit in contemporary postcolonial Sub Saharan African politics In an attempt to produce a nuanced and multifaceted academic dialoguing platform the two volumes have a particular focus on the aspects of treachery fear of difference oppositional politics and discourses semiotics of mis self representation The major aim of the proposed volumes is to contribute toward the often problematised conversations about the unfolding post colonial Sub Saharan world which is topical in decolonial and Pan African studies The volumes seek to place political thinking and postcolonial political systems under the scholarly gaze with the view to highlight and enhance the participation of African cross disciplinary scholarship in the postcolonial political processes of the continent Most significantly it is through such probing of the limitations of our own disciplinary perspectives which can help us appreciate the complexity of the postcolonial Sub Saharan African politics The first volume uses Zimbabwe as a case study while the second volume examines postcolonial politics in Sub Saharan Africa more broadly The first volume uses Zimbabwe as a case study while the second volume examines postcolonial politics in Sub Saharan Africa more broadly
