What Cats Are Made Of:

What Cats Are Made Of Hanoch Piven, 2009-03-10 There are thirty nine distinct breeds of cats and each one is different How different From the Siberian to the Exotic Shorthair and many others in between Hanoch Piven uses everything from lipstick to circuit boards to show us what our favorite cats are really made of After all as Leonardo da Vinci said The smallest feline is a masterpiece

Math Circles for Elementary School Students Natasha Rozhkovskaya, 2014-11-05 The main part of this book describes the first semester of the existence of a successful and now highly popular program for elementary school students at the Berkeley Math Circle The topics discussed in the book introduce the participants to the basics of many important areas of modern mathematics including logic symmetry probability theory knot theory cryptography fractals and number theory Each chapter in the first part of this book consists of two parts It starts with generously illustrated sets of problems and hands on activities This part is addressed to young readers who can try to solve problems on their own or to discuss them with adults The second part of each chapter is addressed to teachers and parents It includes comments on the topics of the lesson relates those topics to discussions in other chapters and describes the actual reaction of math circle participants to the proposed activities The supplementary problems that were discussed at workshops of Math Circle at Kansas State University are given in the second part of the book The book is richly illustrated which makes it attractive to its young audience In the interest of fostering a greater awareness and appreciation of mathematics and its connections to other disciplines and everyday life MSRI and the AMS are publishing books in the Mathematical Circles Library series as a service to young people their parents and teachers and the mathematics profession Titles in this series are co published with the Mathematical Sciences Research Institute MSRI

Caesar A. David Singh, 2016-02-25 Destiny is a journey not a finish line A warrior designs his destiny with each step along his path I have fought pirates on the choppy waters of the Mediterranean Sea I have wept beside the statue of Alexander in Hispania I have risen from defeat at the hands of Pompey who was once my friend On the muddy banks of the Rubicon I have made a difficult decision for a unique problem just like you might be facing today But guess what You don t need a herculean physique to fight the battles of life And you don t need a famous father or mountains of sestertii Just like I didn t need them in ancient times to blaze a trail for Roman emperors you don t need them even today All you need is grit never letting self doubt crush your spirit even in the face of overwhelming odds Journey with me as we battle foes on land on sea and in life at times victorious at others crying in frustration but always gaining clarity about our destiny and striving towards it Along this road feel free to pick up skills that made me who I am Caesar Escapades in Rome is not a book about Roman history instead it is a chronicle of my non stop adventures through Ancient Rome
